

KINGS COUNTY HOSPITAL NURSES' HOME OPENS TOMORROW

New Nurses' Residence, Montague

Photographed above is the new King's County Hospital Nurses' Residence at Montague, the official opening of which takes place tomorrow afternoon at 3:00 p.m. Members of the Provincial Government will be in attendance including Premier A. W. Matheson, and Hon. B. Earle MacDonald, Minister of Health and Welfare, who will be the guest speaker. Following the opening ceremonies, lunch will be served during which time the building will be open to public inspection.

The residence, located to the south of the Hospital, is a two-story frame constructed building finished on the outside with pine clapboard painted white.

Following considerable discussion a few years ago regarding the necessity of such a nurses' residence, a committee was formed to look into the feasibility of a plan to erect such a building. Funds were raised by the assistance and cooperation of the people and organizations throughout the area, and the result is a lovely new nurses home, which should prove to be of great assistance in the maintaining of a competent staff, and at the same time provide Montague with a building of which it may well be proud.

The first floor includes a reception room, nurses sitting room, kitchen, bath, three bedrooms, and the matron's quarters comprising sitting room, bath and bedroom.

The second floor is comprised entirely of bedrooms, eight in number, and bathroom.

The residence will be occupied by eleven nurses and matron.

The building, erected by the County Construction Company, is heated by hot water from a central heating unit in the hospital. The heating equipment was installed by MacLeod and Greene of Montague, and the plumbing was done by Bevan Brothers of Charlottetown. Mr. Gilbert Clements of Montague, completed the wiring throughout the building.

The interior is completed in Gyproc and painted. The floors are covered with

Battleship linoleum except the bathrooms where tile has been used.

The residence, began in August of last year and completed in December, is approximately fifty-five feet long and thirty-two feet wide. It provides a much needed adjunct to the hospital which requires a considerable nursing staff in view of the fact that it is a thirty-one adult bed hospital together with thirteen bassinets. The management of the hospital is under the very capable direction of Mrs. Vera MacDonald, R.N., matron.

The Hospital Board includes B. N. Hooley, chairman; T. M. Llewellyn, Dr. P. McIntyre, John A. MacDonald, Leslie Hunter, Judge J. S. DesRoches, Mrs. H. T. Jamieson, Mrs. Florrie White, and Mrs. B. H. Yeo. Mr. G. Arnold Wightman is secretary-treasurer.

THE MANAGEMENT AND BOARD EXTEND THEIR APPRECIATION TO ALL ORGANIZATIONS THROUGHOUT THE DISTRICT, THE CONTRACTOR, THE SUB-CONTRACTORS, AND ALL OTHERS THROUGH WHOSE ASSISTANCE THE NEW NURSES RESIDENCE WAS ERECTED.
