Sulphur Soothes Ugly, Itching, Skin

The First Application Makes Skin Cool and Comfortable

If you are suffering from eczema or some other torturing, embarrassing skin trouble you may quickly be rid of it by using Mentho-Sulphur, declares a noted skin specialist.

This sulphur preparation, because of its germ destroying properties seldom fails to quickly subdue itching, even of fiery eczema. The first application makes the skin cool and comfortable. Rash and blotches are healed right up. Mentho Sulphur is applied like any pleasant cold cream and is perfectly harmless. You can obtain a small jar from any good druggist.

GLENHURST KATE—The beautiful Ayrshire heifer recently purchased by Mr. Milton Gaurney of East Royalty through the Pioneer Boys' Club presented her owner with a splendid heifer calf on Sunday, April 39th, and of which he is justly proud. S. S. CONSTANCE—Owing to ice conditions on Cape Breton coast the S. S. Constance did not arrive in Pictou in time to open the service between Pictou and Charlottetown on the first of May as previously announcel. The first sailing will be announced later. Bruce Stewart & Co., Agents.

SUPERVISED PLAY GROUNDS —Since the suggestion has come from the Rotary Club, that we do something in Charlottetown in the way of supervised play grounds and thus bring our city in line with most other Canadian and American cities of its size; there has been considerable discussion of the question among our citizens, and the majority of those who have given the question any thought, are of the feeling that it is a step in the right direction. In this day of fast automobiles and paved streets, there is grave danger to our children when playing in the streets! but perhaps of greater importance is the character building value of properly supervised games and play for our children. Unquestionably the best asset that Charlottetown has is its growing boys and girls, and we must look after them to the best of our ability. The city is very fortunate in having already, open places provided where supervised play can be started, and the feeling of those who are working on the scheme is that if we can make a demonstration of what the play ground movement means in Charlottetown this summer, that there will be no difficulty in the future in providing means and equipment to carry on the work. Show your support and sympathy in this movement by attending the meeting tonight at the City Hall, at 8 o'clock, when the organization of a Play Ground Association will be consummated.
