

\$56,000 Contracts Let For Kings County Project

OTAWA (Special) - Two projects totalling about \$56,000 are to be started by the Public Works Department in Kings County this year. John A. MacDonald, conservative MP for Kings, disclosed Monday.

Contracts have already been awarded for both projects. A contract for \$25,125 has gone to Morrison and McRae Limited, of Summerside, for construction of a retaining wall at Beach Point. Completion date is April 10, 1959.

The second contract, for \$30,878, was awarded to Stanley Reid, Contractor, of Port Hillford, N.S. for repairing the wharf at Montague. It, too, is to be finished by April 10 next.

The Beach Point project involves construction of a retaining wall of sheet steel piling tied back with steel tie rods to a concrete anchor. It will be 160 feet long and form the outer face of the work.

Steel sheet piles used in the project will be driven to a minimum of three feet into rock or 8.7 feet below low water. The wall will be tied to the concrete anchor with two-inch steel tie rods with ends up to 2 1/2 in. The concrete anchor wall will be two feet wide and four feet high. Stone fill will be placed at the back of the steel wall to form a slope. It is estimated 700 cubic yards of clay fill and 250 cubic yards of stone fill will be required in this project.

At Montague, the existing curb, plank deck, untreated stringers and caps will be removed. Piling now in use is to be trimmed where necessary so the caps and concrete surface will have a slope of one inch in eight feet inwards from the channel face. This will be followed by the construction of a timber concrete laminated deck on creosoted caps. Upon completion it will be 336 feet nine inches long and vary from 10 to 44 feet in width.

The timber base of the composite deck will be built of creosoted two-inch by four-inch and two inch by six-inch planking. Top surfacing of all work will be of three-inch thick asphaltic concrete laid in two layers of one and one-half inch each. Total of 11,000 feet board measure of creosoted timber, 8,000 square feet of creosoted timber-concrete laminated deck and 2,500 of untreated timber will be used for repairing the wharf.

retirement on half pay.

A physician's statement indicating that the City Clerk's health would no longer permit him to carry out the duties of his office was appended to Mr. Fullerton's request.

Before final approval amendments were moved to each motion.

Stating that he could not see how the Council could "dismiss with one hand and give a pension with the other" Councillor Foster moved deletion of the clause authorizing payment of pension to Mr. Fullerton contained in the original motion introduced by Councillor Gaudet.

The amendment was seconded by Councillor Boyles, and on motion received support from Councillor Gormley.

It was defeated when Councillors Gaudet, Baker, Haslam and Hyndman voted against its adoption, Councillor Foster abstaining.

In seconding this amendment Councillor Boyles stated that he felt since this was a first offence on the part of Mr. Abbott such disciplinary action was a

very suitable motion to replace the one originally proposed. "We are blinding our eyes to what has taken place and failing miserably in our duties."

Taking the view that Council could not discipline one man when it had failed to do the same to the other, Councillor O'Neill with regard to the resolution respecting Mr. Abbott, moved that the portion calling for a severe reprimand be deleted.

This amendment was seconded by Councillor Boyles, and on motion received support from Councillor Gormley.

It was defeated when Councillors Gaudet, Baker, Haslam and Hyndman voted against its adoption, Councillor Foster abstaining.

In seconding this amendment Councillor Boyles stated that he felt since this was a first offence on the part of Mr. Abbott such disciplinary action was a

"little severe". He should be given another chance, he added.

In defense of the motion, Councillor Gaudet stated that the Council's first duty was "to look ahead".

"We can't do much about what has occurred in the past, but we can remove the causes so that nothing can take place to cause the same thing to happen again," he said.

VOTING

Voting on the original motion respecting Mr. Abbott resulted as follows: (for) Councillors Gaudet, Baker, Haslam and Hyndman; (against) Councillors Foster, O'Neill, Gormley and Boyles.

Councillors Arsenault and McRae did not attend last night's special meeting of the Council.

TRIBUTE TO ALLIED WAR DEAD

Some 50 colorfully-garbed Buddhist monks march from Buddhist Goddess of Mercy statue in Kyoto, Japan, after unveiling of memorial to Allied dead of World War II, last Sunday. A white marble tablet, honoring more than 48,000 soldiers who died fighting against Japan, was uncovered in base of the 80-foot-

high statue. The Buddha is dedicated to the more than million Japanese who perished in the war. (AP Wirephoto)

Fire Destroys Whim Rd. Home

Five yesterday morning razed the home of Mr. and Mrs. Russell Hicken, Whim Road, and left the couple and their two children without food, clothing and shelter of any kind. The fire was of unknown origin, and occurred when Mr. Hicken was at work with the Hillisboro Construction Co. The house was not insured.

The family are presently staying at the home of Mrs. Hicken's father, Mr. W. D. Fraser. The Red Cross Disaster Relief visited the family in the afternoon and made provisions for food and clothing supplies. A sum of money, Mr. Hicken's last week's pay, was also lost.

Souris Legion Opening New Recreation Room This Week

The new recreation room of the Canadian Legion Home, Souris, will be officially opened on June 19, it was announced at the regular meeting held on Tuesday evening June 17, at the Legion Home.

With the installation of modern fluorescent lighting, under the supervision of Mr. Frank Praught, the room received the last touches for its completion. The ceiling is white, outer walls a pale green and the inner walls and canteen of Douglas Fir panels. Tables of plywood designed around pillars and supports, with pleasing contrasts of shaded arborite covers, give the effect of comfortable roominess. The opening will be marked with a lobster supper followed by a dance.

During the meeting the Legion agreed to sponsor one team of the Little League in baseball. Comrade Lem Paquet reported that the new diamond was in readiness for league play.

Partial Returns

(Continued from Page 1) candidates, a sharp contrast to the 42 who ran in 1953 when only two were elected. Standing of the legislature at dissolution was: Liberal-Progressive 34, Progressive Conservative 10, COF 5, Social Credit 1, independent 3, Independent Conservative 1, Labor-Progressive 1, vacant 2. Total 57.

Premier Campbell, 63-year-old farmer, voted in Winnipeg and then went to Portage la Prairie which is in the centre of the Lakeside riding he has represented since 1922.

Mr. Roblin, who will be 41 today, looked forward to a rest after voting. Named leader of the Conservatives in 1954, he is leading the party in a general election for the first time.

CALM AND COLLECTED

Mr. Stinson, 54, has led the COF since 1952. He said he stayed "pretty calm and collected" on election day and intended to "cruise around" his constituency of Osborne.

In a dull campaign that produced no new issues and little excitement, the Liberal-Progressives sought re-election on the basis of the government's record. The Conservatives accused the government of a stand-pat policy and inertia. They promised a new deal for agriculture and increased grants for education.

The COF proposed extension of social security measures with the money to pay for them coming from heavier levies on the development of natural resources.

Atomic Bomb Kills Soldier

SWANSEA, Wales. — (Reuters) — A British soldier died from the effects of an atomic bomb explosion off Christmas Island in the Pacific last year, a leading British veteran's organization claimed Monday.

W. F. Francis, secretary of the British legion's branch here, said the soldier "contracted leukemia, a blood disease, as a direct result of taking part in the atom bomb test."

The soldier, 20-year-old Royal Engineers sapper William Brian Morris, died Saturday after an illness of six months.

The legion said Morris contracted the disease while serving with an atom bomb disposal unit on Christmas Island — Britain's Pacific atom testing centre.

An application for a pension was rejected by the ministry of pensions after an investigation found Morris' condition was not attributable to the atomic tests. Francis said an appeal is pending before the House of Lords appeal tribunal.

WELFARE MEASURE

Victoria, the first state in Australia to provide old age pensions passed such legislation in 1901.

The National Park area yesterday morning by their hostesses and had lunch at Gregor's Hotel, Brackley, before returning to the city for a planned shopping tour.

Office and practice procedures will be discussed in several sessions tomorrow with Dr. March and Mr. Higgins as speakers.

N. B. Man Elected President Of Maritime Optometric Ass'n

Arnold Swenson of Lancaster, N. B. was elected president of The Maritime Optometric Association at the annual meeting held yesterday evening at the Charlottetown Hotel. Mr. Swenson succeeds B. F. Hunter, of Summerside.

Following the business meeting the representatives of Prince Edward Island, Nova Scotia and New Brunswick were addressed by Dr. George Fisher, D.V.M., V.S., of Charlottetown, Director, Veterinary Services, P.E.I. Government.

The title of Dr. Fisher's address was "Let's Stop and Think" in it he stated ".....no nation can stand up to the test of time once the family is broken up. The family is our basis of civilization."

Dr. Fisher went on to say that in Sunday Schools and all organizational youth groups only approximately 25 percent of our youth are touched and the other 75 percent are not included. "We, as parents, are not resuming our responsibility," he said.

OTHER OFFICERS

Other officers elected at the meeting were: vice-president, Robert S. Wile of Liverpool, N.S.; secretary-treasurer, W. Tremaine Gard of Sussex, N. B. During the course of the banquet Mr. B. F. Hunter presented two colored photographs depicting Island scenes to Dr. Arthur March, Jr., of Concord, Mass.

Seated at the Head Table were: Mr. and Mrs. B. F. Hunter, Summerside, P. E. I.; Mr. and Mrs. Arnold Swenson, Lancaster, N. B.; Mr. and Mrs. J. Arthur Cartmains, Charlottetown; Dr. and Mrs. George Fisher, Charlotte-
