

Atkinson-Hillman Wedding

A wedding of interest to many friends in the Maritimes was solemnized at 4 p.m. September 15 in the United Baptist Church, Woodstock, when Marjorie Gloria Hillman, daughter of Mr. and Mrs. Merrill C. Hillman, Woodstock, became the bride of Ronald Hiram Atkinson, son of Mr. and Mrs. Hiram C. Atkinson, Charlottetown, P. E. I. The double-ring ceremony was performed by Rev. Gordon S. Vincent, pastor of the church, and Mrs. Kathleen Holt presided at the organ. Tall ivory tapers, gladioli and hydrangeas were used effectively to adorn the church for the occasion, and the pews reserved for the guests were marked with bows of white satin ribbon. Prior to the entrance of the bride party the choir sang "O Perfect Love", and after the marriage ceremony, the guest soloist, Mrs. Leon Thornton, sang "Because."

The bride's father gave his daughter away, and she was attended by Miss Eileen Planders, Fredericton, N. B., as maid-of-honour; by Miss Elizabeth Atkinson, Charlottetown, P. E. I., and Miss Kathy MacNelly, Wolfville, N. S., as bridesmaid; and by little Miss Pamela West, Woodstock, as flower-girl, wearing a white dress, John, N. B., was ring bearer, and Mr. George Andrew, Charlottetown, P. E. I., was best man. Mr. Vernon McFawn, Woodstock, attended the door by which the guests entered the church, and Paul Jenkins and Clive Cudmore of Charlottetown, P. E. I., and George Slipp and Keith Jones of Woodstock were the ushers.

The bride was gowned in an enchanting model of chantilly lace and nylon tulle, fashioned with fitted bodice and full skirt slightly entraine. Her fingertip veil was arranged from a head-dress of lily-of-the-valley edged with nylon tulle and rhinestones. She carried a cascade of yellow roses centered with an orchid.

The bride's attendants wore strapless, ballerina-length gowns of nylon tulle over taffeta with boleros of nylon tulle and head-dresses of nylon tulle and flowers. Miss Planders in grey-green; Miss Atkinson, rose; and Miss MacNelly, delf blue. They carried semi-cascades of baby mums and carnations. The flower-girl's full-length gown was orchid net over orchid taffeta in period style with hoop skirt. She wore a head-dress of white crocus, and carried a white sweet-pea. The ring bearers were Miss Louise Hall and Miss Beatrice Keenan, wearing ballerina-length gowns in "pastel green and pink respectively and head-dresses of shattered carnations.

The bride's mother was wearing a French model dress of dusky pink satin, cocktail length, with black accessories and corsage of baby mums and pink roses. She carried a purse of gold mesh. The groom's mother was attired in a charcoal grey dress with black and white accessories and a pink fur. Her corsage was of baby mums, and red roses.

The groom, the best man, and the little ring bearer wore blue blazers and white pants, while the ushers wore blue blazers and grey pants.

The reception after the wedding was held at the Y's Men's Club where a toast to the bride was proposed by Rev. G. S. Vincent with the groom responding. Mr. George Niles proposed the toast to the maid-of-honour and bridesmaids, and Mr. W. S. Brownrigg to the flower-girl and ring bearer. The response was given by Mr. George Andrew. Miss Greta McBride and Miss Barbara Beck served the bride's table which was covered with a lace cloth and centered with a three-tier bride's cake flanked by ivory tapers. Mrs. Arthur West and Mrs. Malcolm H. Carter were hostesses about the room, and Miss Mary Slipp carried the guest book. Mr. G. W. Slipp presided over the punch bowl, and the ushers served the punch. Mrs. G. W. Slipp and Mrs. P. D. Goodspeed presided; Mrs. Grant Kirkpatrick and Mrs. Roy Friars replenished;

Hero Or Goat Of World Series?

It's a mite early to predict just how many chills and thrills the 1954 World Series will produce, but one thing is certain—some one thing will happen to remember it by. It has never failed in the past. In The Standard this week, Sports Editor Andy O'Brien recalls some of the now almost-forgotten incidents that happened in previous World Series. It makes interesting reading. Get The Standard this week — on sale now, complete with Picture Magazine, 12-page novel and 20 pages of Comics. Only ten cents!

IN MEMORIAM
In loving memory of my husband
Russell MacKinnon, who died Sept. 28th, 1941.
The years we spent together,
The happy days we knew,
Are lived again so often
In memories of you.
Always Remembered by Wife and Family.

IN MEMORIAM
In loving memory of a dear husband and father, Mr. W. Crawford Blackett, who departed from this life September 28th, 1953.
We often sit and think of you,
And then of how you died,
To think we could not say good-bye,
Before you closed your eyes.
The pain was hard, the shock severe,
We never thought your death so near,
And only those who have loved can tell,
The pain of parting without farewell.
Lovingly Remembered by his Wife and Family.

Island Odds and Ends

Thirty-four thousand dollars was wagered at the Saint John race track on Saturday afternoon and the attendance was about 2500. Dr. Dougan, who acted as presiding judge and announcer, says that horse racing is gaining steadily in popularity in the New Brunswick city and it is the intention of the track owners to continue their weekly program in October, which consists of a card of events every Wednesday night and another on Saturday afternoons. This extension of the season enables horsemen to win more money towards defraying the feed bill and other stable expenses. At Saturday's meet the horses raced for dash purses totalling \$2100. There is a long winter ahead during which winnings will be nil. Horses like men must contend with seasonal unemployment.

The marketing board argument might very well have been the origin of the expression "its a hot potato."

A considerable number of Islanders are trickling home from Central Canada where unemployment is more pronounced than it is in this Province. Given a good price for potatoes the Island will wind up 1954 in a fairly cheerful mood. With a fairly lively construction program underway in Charlottetown and much Provincial Government road and bridge building in full swing, the Island is not the worst place in Canada at the present time. A good rise in general farm prices would of course make the outlook that much brighter.

Plans for the celebration of Charlottetown's Centennial seem to be in good hands and going forward unhurriedly, but steadily. The City Council is getting in some good preliminary work by improving many somewhat neglected streets, and long stretches of sidewalk. New concrete walks have been laid where needed. Several new buildings will have been completed in the downtown area, by the time our first visitors arrive next summer, and these will give an impression of growth and

progress. It is probable too that the new Federal building will be under construction, conveying by its size that our City is moving forward with the times.

Many cities across Canada right through to Vancouver are being favored by similar Federal Buildings, and Charlottetown is not obtaining any special consideration. Even in this Province, Kensington, Summerside and Montague have all out footed Charlottetown in the erection of an office building for Federal Government use.

Tracadie Bay sheltered several hundred geese last week, and they were still resting there on Saturday afternoon. Glimpsing these lordly birds was about the only recompense smelt fishermen had at Tracadie on Saturday, because that particular type of fish has not yet invaded Tracadie waters. Some of the disappointed were lucky enough to time their descent on Tracadie, with the arrival of a fisherman's boat, laden with fat hand-hooked mackerel. They could be had fresh from the sea at a quarter apiece, and were worth double the price.

Seldom has any recent river spanning job in this Province attracted more attention than the Causeway at North River. Hundreds of folks drive out to the site every evening to have a close-up look at the progress of the work. There is much speculation as to how the contractors will anchor the spill-way which will fill the gap in mid-channel. Will the deep river-bed mud cause much trouble? Will the tides prove frustrating in the final stages? These are the chief worries of the average layman who looks at the semi-completed causeway. Time alone will show, but it is well to remember that causeways have been built in Europe and Asia since the times — and before — of the Romans. It is reassuring to reflect also that the Causeway is a much bigger proposition and progressing well.

Greatest reception ever given
a Zenith Hearing Aid...
THE TINY, NEW ZENITH "ROYAL-M"
...THE SMALLEST, LIGHTEST HEARING AID IN ZENITH'S HISTORY!

The superb new "Royal-M" is tiny in size only. Actually, it is as powerful as some aids twice its size...smaller than many selling at twice its price! Its performance, simplicity and low-cost operation are typical achievements of Zenith's engineering and design...Zenith Quality! Demand for the "Royal-M" has been so great that despite record breaking production and shipments, some dealers are temporarily out of this latest Zenith model. However, production is being stepped up even beyond its present record high level, and supplies will be more abundant soon.

THE TINY, NEW, TUBELESS 3-TRANSISTOR "ROYAL-M"
Operates for only 10¢ a week on one tiny, low-cost battery instead of up to \$2.00 a week for vacuum tube aids! No "B" battery! No tubes! Truly a remarkable combination of clarity, convenience and comfort! And the price is...
ONLY \$100
(Price includes air conductor receiver and stock earmold.)
