COMMITTED FOR THEFT
MONTREAL (C.P.) — Charles Emile Poirier, former treasurer of a branch of the International Ladies Garment Workers Union, Thursday was committed to trial on a charge of stealing \$19,800. Poirier is alleged to have increased the amount on a bank withdrawal slip to \$20,000 from \$200.
GET RUSSIAN ORDER
BIRMINGHAM, Eng. (Reuters) — A British plastic firm announced Friday that it has obtained a £200,000 Russian order for 4,000,000 plastic door handles, enough to absorb its production for 18 months. Plastocraft Products (Darwin) Ltd., said the order came after a trade delegation from Russia stopped and visited at the firm's booth at an industrial fair here.

TERMS: CASH
IRA MacNEVIN, owner GEORGE KEY Jr., Auctioneer

WOOL MARKETING
 Wool will be received at the Reid warehouse at the foot of Prince Street, Charlottetown, after May 1st. Wool shipped by rail or truck should be carefully tagged and addressed to the Wool Grading Station, Charlottetown, "freight collect". Payment of freight by truck will be on the basis of rail rates only. Truckers must present a proper warehouse receipt before truckage will be paid. An advance payment will be made promptly on receipt of wool and a final payment as soon as wool is graded.
 In shipping, each fleece should be tied separately with paper string and packed in old, but clean sacking. Use one large sack if at all possible, as this aids in checking. A number of old, clean sacks sewed together will suffice. Large sacks may be secured from the Sheep Breeders' Association, Box 9, Charlottetown, for lots of over twelve fleeces. EACH SACK SHOULD BE TAGGED WITH THE NAME AND ADDRESS OF THE OWNER WRITTEN IN CLEAR LETTERING WITH INK, ONE TAG TO BE SECURELY ATTACHED TO THE OUTSIDE OF THE SACK AND ANOTHER PLACED ON THE INSIDE. No responsibility will be accepted for sacks without tags. Shipping tags and proper twine are available at the Provincial Department of Agriculture free of charge.
 It is in your interest to see that wool is properly prepared for market. Growers should:
 1. Remove all tags and dung locks before tying each fleece.
 2. Any burry, chaffy, or strawy portions of wool should also be removed and shipped separately.
 3. Sheep should be shorn when dry, and wool should be stored in a place free from dampness.
 4. If there are any black fleeces pack them in separate bags.
 All wool should be shipped between May 1st and June 30th. Do not sacrifice your wool and market it carelessly through unreliable sources. Market it through Canada's finest Co-operative Producer Association, the Canadian Co-operative Wool Growers, Limited, whose representative is the P. E. I. Sheep Breeders' Association. Do not forget that patrons selling wool through these Associations have always received the top of the market. Furthermore, these Associations are working in your interests in supplying sheep producers with equipment, parasite remedies, and services at reduced prices. Some of these materials such as Phenothiazine for internal parasites, and Cooper's Sheep Dip for external treatment, are now being distributed at reduced rates at our Sheep Field Days, and direct from the Department of Agriculture. In addition the Association is doing everything possible in the purchase and distribution of rams to assist the industry.
 Co-operate with your Association and support it by marketing your wool co-operatively this year.
NOTE:—Wool that is shipped early and which gets on the early market always demands top price for the season.
THE PRINCE EDWARD ISLAND SHEEP BREEDERS' ASSOCIATION,
 Charlottetown.
