An Appeal to Rome.

Advices from Toronto state that at a meeting of the separate school boards, held on the 6th inst., a very stormy discussion took place on a letter from Archbishop Lynch prohibiting, on behalf of the bishops, priests and good Catholics of Ontario, the use of the ballot in the election of school trustees. The following resolution was moved by Trustee Mulligan:—

Whereas, His Grace the Archbishop of Toronto has expressed his disapproval of the ballot system of voting in the election of separate school trustees to this board, and has in a sermon and a pastoral denounced the advocates of that system as bad Catholics, false brethern acting with the enemies of the church and as being unworthy of receiving its sacraments; and whereas such system of voting does not appear to militate against faith or morals, but is calculated to secure peace and good order at the polls, to promote charity from Catholics, to relieve many from embarrassment and injury to which they are exposed in open voting, and remove the insinuation, injurious to religion, that the clergy coerce Catholics to vote against the dictates of the conscience and to generally advance the best interests of the Catholic education; therefore be it resolved that this board appeal to decide whether Catholics should exercise the right to elect school trustees by ballot."

Vicar-General Rooney, chairman of the board, having read a letter from the Archbishop, refused to put the resolution, contending that it had nothing to do with school board management. The deliberations then became thoroughly disorderly, Vicar-General Rooney holding his ground, and finally the meeting broke up in disorder.

Sayings Worth Remembering.

Agassiz's intense enthusiasm in his favorite study of natural history is well known, and its permanent fruits are now seen in the great musuem in Cambridge, the most comprehensive in the United States, and one of the finest in the world. But it is not so well known that he pursued his study with a deliberate sacrifice of personal advantage, and most of the opportunity of wealth. He was a popular lecturer, and could have made his own terms with Lyceums eager to hear him. But his reply to suah overtures is one of the noblest on record: "I cannot afford to make money." A reply equally noteworthy was made by Albert Gallatin, one of the great statesmen and financiers of the post-revolutionary period. He was a successor to Hamilton as the Secretary of the Treasury and managed the national finances with equal ability and success. But his manner of living was a model of republican simplicity, and he died poor, though millions passed through his hands. The great banker, Alexander Baring, admired his character, and was troubled that so noble a man should be hampered by inadequa e means of living. He offered Mr. Gallatin a handsome fortune, which would have made him comfortable to the end of life. Mr. Gallatin firmly declined it, saying with emphasis: "The man who has the direction of the finances of a country should never die rich."

They Came Out Ahead.

A River du Loup despatch says: A few days ago the Intercolonial railway express train, with a plough ahead, struck a horse and sleigh on the public crossing at Old Lake road. The point of the plough met the shafts just behind the horse, and smashed them and the horse on one side, and the sleigh with its occupants, an old man and his wife, on the other, each described a graceful curve through space which terminated a couple of rods away in the beautiful snow. The train was stopped and all hands wended their way mournfully to the scene expecting to gather up horse, sleigh and people by instalments, but they found instead the old man sitting on a dump evidently trying to realize the situation, while the old lady was energetically holding forth on the "I told you so" plan. It seems the attempt to cross the line in defiance of the "Bullgine" had been made contrary to her advice. Neither man, woman, nor horse was injured in the least thought the sleigh was badly demoralized, and it was some time before the old man could be convinced that there had been no earthquake.

ADVICE TO MOTHERS.— Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. mar 8 eod & wky

Alfred Willard, one of the oldest residents of Neenal, Wis., is now 88 years of age, and as usual with such old people, has for some years past been minus his second and presumably last set of teeth. Nature has, however, interposed, and Mr. Willard is the proud possessor of a full set of new upper teeth, which have just made their appearance. The teeth are coming in as nicely as a first set.

An illustration of the progress of Canada is found in the fact that the Grand Trunk Railway was 1,092 miles in length in 1862. It now covers 2,918 miles. It employs 15,000 hands, and since 1880 it has added no less than 130 locomotives to its rolling stock.

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery**, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs**, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for all **Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.

Send ten cents in stamps for Dr. Pierce's book on Consumption. Address,

MANHOOD

How Lost, How Restored!

Just published, a new edition of

Dr. Culverwell's Celebrated Essay

on the *radical cure* of Spermatorahœa or incapacity induced by excess or early indiscretion.

The celebrated author in this admirable essay, clearly demonstrates from a thirty years successful practice, that the alarming consequences of early error may be radically cured; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and *radically*.
