LEADING MARITIME DRIVERS OF 1954
Through the kindness of Harold M. Haswell, co-inventor of the Universal Driver Rating System and Chart, Saratoga Springs, N. Y., we are enabled to give a list of the leading drivers in the Maritimes during the season of 1954. In explanation we may state that the Halifax Raceway, Ltd., a three-eighths of a mile track, is in membership with the United States Trotting Association and is conducted as a purse racing track and drivers winning over it are included in this rating. It is with pleasure that we salute top driver George S. Turner, with the remarkable percentage of .612, which we believe will put him at the top or at least very close to the top of the list of all U.S.T.A. drivers.
