A POOR INVESTMENT.—The St. Stephen Hospital says: A case of mild poisoning from eating canned corn is reported at the upper end of the town. And that is not the worst of it, for the family have a whole case of the same brand of corn in the cellar, and we presume, must expect to be mildly poisoned every time a can is opened until the whole stock is got rid of it.

RAILROAD RECORD BROKEN.—A recent despatch from Philadelphia says: The world's railroad record for a mile has been broken by engineer Henry Hicks in the phenomenal time of 39, 38, and 37 seconds for three consecutive miles. The engine drew three heavy coaches. The previous record was 39 1/2 seconds, made by the same engine, No. 385, on the Philadelphia and Reading system.

MR. BENT'S LECTURE AT ALBERTON.—Mr. S. M. Bent, of the Summerside Journal, delivered his popular lecture on "Humanity's Post," John Boyle O'Reilly, before a crowded house at Alberton, on Friday evening last. The lecture was the first of the League of the Cross course. It is a splendidly written paper and certainly Mr. Bent read it in a most effective manner. The romantic life of the poet is sketched in a true and pleasing style from his birth in Ireland till his sad and sudden death in Hull, near Boston. Then the writings of the gifted Irishman were cleverly reviewed and appreciated. The lecture was certainly a first class one and cannot fail to have a big run. Father Burke presided and conveyed to the lecturer the cordial thanks of the audience.

TWO HUMAN EGGS.—George E. Evans, a colored letter-carrier at Newark, N. J., ate 210 oysters in 41 minutes one night last week, having wagered \$10 to eat 200 inside of an hour. The oysters were of ordinary size. To make sure of winning, Evans called for ten more oysters and ate them with apparent relish. When he had pocketed his winnings he walked to a restaurant and ordered a porter house steak, which he ate as if he had merely taken the oysters for an appetizer.

JOHN McSORLEY, a street car conductor, is awaiting trial at Philadelphia on a charge of having married eleven times. Eight of his wives are living, and he is the father of 19 children.

SOCKS, EGGS AND GESE.—The Boston correspondent of the St. John Sun writes as follows: The woolen socks and eggs smuggled from the provinces and shipped by R. J. Madanog, merchant of St. Mary's, Kent Co., N. B., were sold at auction here yesterday by Special Agent Smith of the treasury department. Three hundred and seventy one dozens of eggs were knocked down to a citizen named W. D. Brennan for \$40.50 and 300 pairs of socks were sold to Robert Grosvenor for \$30. The eggs come in very handy for Thanksgiving and the socks will be distributed to several charitable institutions.

"BUCK" AND "JIM."—The drop weight to be used in the execution of "Buck" has been cast at the Record Foundry and Machine Co's works. It was sent to Dorchester on Thursday and is said to weigh in the vicinity of 500 pounds.

The Globe says there is no truth whatever in the statement that "Jim" has been recognized as the scapegrace son of a prominent resident of St. John.

SAD NEWS, IF TRUE.—A letter has been received by Mr. William Poole, of the Island railway, from his son Joseph, at present residing in Boston, in which it is stated that Richard Cronin, formerly of Charlottetown, and two other men were recently drowned while fishing. Cronin's parents, however, have not received any word in reference to the sad occurrence. This morning they telegraphed friends in Boston for information; but up to the time of going to press no answer had been received.

COUNTY COURT.—The case of John Joy against Hedley V. Palmer and others was up before Judge Alley to-day when the evidence of Arthur Newbery was taken. Mr. Newbery stated that all he could find regarding Mr. Fitzgerald's appointment as Judge of the City Court was a minute of Council passed in 1880, but no commission was ever issued on it. The Judge, after making some few remarks about the case, adjourned the Court until next Saturday, when judgment will be rendered. There appeared to be great deal of interest taken in the case.

THE SAWDUST NUISANCE.—This morning the charge preferred by Henry Griffin, of Georgetown, fishery guardian, against Donald Beaton, of Head of Carleton Mills, for allowing sawdust and mill rubbish to drift into a stream, in contravention of the Fisheries Act, was enforced into before R. MASONIC BAZAAR.—The Masonic Bazaar Committee have arranged for the importation of the artistic booths used by the Wanderer's Cricket Club at their bazaar in Halifax. These booths are representations of different times and nations. They were beautifully and picturesquely painted by Mr. Greenwood, of Halifax and they cannot fail to be the greatest attraction of the Masonic bazaar. They cost over \$3000, the painting of them alone having occupied Mr. Greenwood's time for about six months. Mr. Greenwood is coming here to place the booths in position.

Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. Iyr

Never Left! Never Behind!

It has always been our object, since we started business, to LEAD and let others follow.

We never want to hurt a competitor, but we always want our customers treated right, and we feel there is no place on Prince Edward Island where they can buy Clothing as cheap as we can sell it.

There is no Wholesale House in the Dominion of Canada where they sell BOYS' REEFERS as cheaply as we do.

As for MEN'S OVERCOATS, REEFERS and ULSTERS, why our prices are a surprise party to everybody.

No doubt but we sell the best Clothing on Prince Edward Island for the money.

We have the largest stock ever shown on P. E. Island, and we buy it cheaper than any other firm can begin to do. THAT IS A FACT! No doubt about it. If you don't believe it, come and see.

We are the Farmer's Boys, and will look out for their interests every time. Make no mistake by going elsewhere to buy Clothing.
