

**Loss of the Steamer "Albert."**

The K. C. Advertiser supplies the following particulars:—

We are sorry to have to chronicle the loss of the above steamer, which has hitherto done so much to keep up communication between this Island and the mainland during the summer and winter seasons. She is a total wreck at the Magdalen Islands. The "Albert" left this port on Wednesday night last at 10 o'clock p. m. for Souris and the Magdalenes. From one of the crew of the ill-fated steamer, who has arrived since the disaster, we learn the following particulars:—"They experienced considerable rough weather after leaving Souris, but arrived safely at the Magdalen Islands and landed passengers and mails at Amherst; then proceeded to Pleasant Bay and came to an anchor, when the storm arose. The holding ground is so poor in this Bay that it was impossible with both anchors and a full head of steam to keep the ship from going ashore, and at 9 p. m. on Thursday evening she grounded on Mademoiselle Cliffs, and immediately commenced breaking up. The crew remained by her until the following morning, when she was high and dry, and at low water could walk all around her with ease. The engine is not much injured, but the boiler is burst, and the whole bottom is out of the steamer. The captain chartered the schr. "St. Ann" to bring the mails, passengers and crew to this Island, and landed them safely at Souris on Tuesday evening, arriving at 7 p. m. The "Albert" was about ten years old, and was built at Hopewell Cape, Albert Co., N. B., and run for some time between St. John and the up-Bay ports, but was finally sold to the present owners. It is reported she was insured for \$6,000.

**THE QUICKEST YET.**—By cablegram to the Hon. John Yeo, barkentine Annie, Thomas Davies, Master, arrived at Plymouth after a passage of fourteen days from Port Hill, P. E. I.

The wife and family of the late Judge Pope desire publicly to express their deep sense of gratitude to the people of Prince County, for the great kindness and sympathy shown to them by all, in the hour of their deep affliction.

It is, happily, but seldom that we are called upon to record any accident in connection with our Railroad. For this a great deal of credit is due to the carefulness of our Railway officials. But on last Monday evening a little boy by the name of McLellan, came very near being crushed to death, between two cars which were being coupled for shunting purposes, in the Station yard of this town.

The following is the freight taken by the Princess of Wales from this port from Monday 18th to Saturday, 22nd inst:—

Mr. John Richards and Mr. Fredk. Ings are passengers on the barkentine Clansman, which ship is bound for England. Both these young gentlemen intend spending the winter in the old country. We also understand that Mr. Morrison, of the Merchants Bank of this place, accompanied by his wife, and Mr. William Stavart, are to be passengers in Mr. McMillan's new bark Malinche. We wish them all a pleasant voyage and a safe return.

Since our last issue all the English bound fleet have finished loading. As a natural consequence oats have dropped to 31 cents, and potatoes may be considered unsaleable. The John LeFurgey, Muggie, Carmenta and Isabella have sailed and the Clansman, Malinche and Journal will probably go to sea to-day. There is considerable lolly between the wharves, but the harbour is yet clear of ice. Nearly all the shippers have on hand a small quantity of oats, and it is almost a pity that there are not one or two more vessels to carry away the surplus. We are pleased to see that the farmers this year have shown a disposition to assist the merchants in getting away their vessels in good time. This is right, as their interests are identical.

**WALLACE'S ORCHESTRA.**—The orchestra Theatre, New York, is famous for its extraordinary precision. This is due entirely to Thomas Baker, an Englishman who has conducted it for years. Mr. Baker used to suffer terribly from rheumatism, but now is as supple and nimble as a school boy. He ascribes his freedom, as he ought, to Giles' Linnant Iodide Ammonia. Giles' pills cure Biliousness. Sold by W. R. Watson. Send pamphlet. Dr. Giles, 120 West Broadway, N. Y. Trial size 25 cents.

Many valuable discoveries and much useful knowledge is kept from the world, because of the immense expense in making them known to the people. This is not the case with Boschee's German Syrup, although but a few years introduced into this country, its sale now reaches in every town and village in the U. S. Its wonderful success in curing Consumption, severe Coughs, Pneumonia, Asthma, and all other diseases of the throat and lungs, was first made known by distributing every year, for three years, over 400,000 bottles to the afflicted, free of charge, by Druggists. No such a test of merit was ever given before to any other preparation. Could you ask more? Go to your druggist and get a bottle for 75 cents and try it. Sample bottles 10 cents.

A St. Petersburg telegram states that Abraham Pasha recently ceded to an English company of shipehandlers, for 25 years, at a rental of £2,000, some property extending 15 kilometres along the Asiatic shore of the Black Sea from the mouth of the Bosphorus to the vilage of Riva, on which there are traces of the fortress built by the Genoese to command the Upper Bosphorus and mouth of the Black Sea. Private advices from Constantinople now report that negotiations have taken place with some English engineers for acquiring two large properties on the European side of the Black sea, opposite Abraham Pasha's belonging respectively to Vitalis Pasha and the Greek family Baltazzi, Austrian subjects. These private sales or cessions close to Constantinople are said to trouble the Sultan. On the other hand, such are the financial straits of the Government that it is rumored the Porte intends to sell the Crown lands in Mesopotamia, in order to furnish ready money for pressing requirements.

A bold, bad burglar recently broke into the house of an editor in the watches of the night. The editor awakened and questioned the intruder: 'What do you want here? What you look for?' Said the burglar, gruffly, 'Money.' 'Hold on a minute,' quoth the editor, 'and I will help you; I've been looking myself for ten years, but perhaps the two of us may have better luck.' Then was the burglar much disgusted, but the editor called it a joke and insisted that the burglar ought to set 'em up.—Stillwater Lumberman.

At a trial of criminal cases the prisoner entered a plea of 'not guilty,' when one of the jurymen put on his hat and started for the door. The judge called him back and informed him that he could not leave until the case was tried. 'Tried?' enquired the juror; 'why, he acknowledges that he was not guilty!'

'Johnny,' said a fond mother to her boy, 'which would you rather do, speak French or Spanish?' 'I would rather,' said Johnny, rubbing his waistband and looked expressively at the table, 'I would rather talk Turkey.'

**CATARRH.**

**Constitutional Catarrh Remedy CURES CATARRH.**

Hear what a Reverend Gentleman says of the Constitutional Remedy.

T. J. B. HARDING, Esq., Brockville, Ont.—DEAR SIR—It is now two years since your "Constitutional Catarrh Remedy" was introduced to me. I have waited this long to see if the cure would remain permanent before doing this, my duty, to you, as at first the happy effects seemed to me to be "too good to be true."

I was afflicted in my head for years before I suspected it to be Catarrh. In reading your Circular I saw my case described in many particulars. The inward "drop" from the head had become very disagreeable, and a choking sensation often preventing me from lying long. I would feel like smothering and be compelled to sit up in the bed. My health and spirits were seriously affected. When your agent came to Walkertown in August, 1876, I secured three bottles. Before I had used a quarter of the contents of one bottle I found decided relief, and when I had used two bottles and a third, I quit taking it, feeling quite clear of that ailment, and have not used any since until of late I have taken some for a cold in my head.

A sense of duty to sufferers from that loathsome disease, Catarrh, prompts me to send you this Certificate, unsolicited, with leave to make what use of it you may see proper Yours truly,
