—FURTHER DETAILS OF ACCIDENT AT AUGUSTINE COVE—Hazen Lowther and Miss Aleah Lord of North Tryon were brought into the Prince County Hospital on Monday morning, suffering from injuries received in the collision of two motor cars at Augustine Cove on Sunday night. Miss Aleah Lord, daughter of Mrs. Charles Lord of North Tryon has very bad injuries to her head, and her condition is considered serious. Miss Lord was travelling with Mr. James Moore, son of Mr. Verner Moore of Westmoreland, near Crapaud, when the accident occurred. Hazen Lowther was in Mr. Steeves car and has a fractured jaw. At the time of the accident Dr. Bell who was called to the scene thought it best to take them to their homes. Mr. Steeves, who has a fracture of the left leg and badly lacerated face is resting as comfortably as possible under the circumstances. Miss Wanda Lowther is more seriously hurt than was thought at first. She has a fractured jaw and it is feared her shoulder is hurt also. Hazen Lowther and his sister are son and daughter of Mr. and Mrs. Oswald Lowther of Carleton. The accident occurred at 8 o'clock on Sunday evening near the Augustine Cove School house and it is thought that the dreadfully dusty condition of the road was the cause of the accident. Mr. Steeves with Miss Noonan, daughter of William Noonan of Seven Mile Bay, Hazen Lowther and his sister Wanda, had gone through the village and were travelling in the direction of Charlottetown when the accident happened. Mr. Steeves was on his own side of the road and had just passed several cars. Steeves was coming from Borden and the other cars were going toward Borden. Mr. Moore's car was the last car of all. The two cars collided and were very badly smashed up, both windshields were broken and the front of both cars completely demolished. James Moore, driver of the one car and Miss Noonan in the other car, both escaped with very slight injuries. Help was procured from the village and Dr. Bell of Cape Traverse called. He rendered first aid and then suggested Mr. Steeves and Miss Lowther being taken to the hospital, Mr. MacWilliams' truck was obtained and stretchers and blankets brought from Major Carruthers house near by. Miss Lord and Mr. Lowther were taken to their home but were sent to the hospital in the morning. All the patients are doing as well as can be expected.—S

—KINDLY ACTION—Ven. Archdeacon C. de W. White, D.D., who is confined to his home through illness was very much touched on Sunday when the children of the Sunday School brought him two beautiful bouquets of flowers, each child contributing a flower. The thoughtful action was suggested by Mr. Ross MacKenzie, Superintendent. The Archdeacon was very pleased to see the children and appreciated their kindly deed.—S.

—DEATH OF FORMER ISLANDER—The sad news was received on Sunday by Mrs. M. L. Bradshaw that her brother, Joseph C. Read, had passed away in Erie, B.C. Mr. Read had been in failing health for the past few months, but nevertheless his death came as a shock to his family and friends. Mr. Read was 65 years of age and was born on the Read homestead at Read's Corner, near Summerside. He was the eldest son of the late David P. and Emma Read. He received his early education on P.E.I., but left his native land 41 years ago, and went out to Erie, B.C. He became engaged in mining engineering and was actively engaged in that business when he became ill. He was a man of sterling character and very highly esteemed in the land of his adoption as well as back home. He married Hattie Wortman, of Nova Scotia, who survives him; also three children, Verne, studying law at Dalhousie University; Douglas, attending college in Toronto. Both boys were called home shortly before their father's death, and Miss Georgie at home. There are also two brothers, George on the old homestead, and Bishop in Summerside; five sisters. Mrs. Frank Hawke Malden, Mass.; Mrs. William Leard Scotguard, Sask.; Mrs. Emiline MacKay of New Annan; Mrs. M. L. Bradshaw and Mrs. Ernest Mills, Summerside, to all of whom much sympathy is extended. No particulars were contained in the wire but it is expected Mr. Read will be buried at Erie, where he had made his home for so many years.—S.

Summerside Council Discuss Finance And Street Work

The Summerside Town Council met last night, Mayor Robinson presiding over a full council board, to discuss finance and street work. Councillor Nicholson, who had just returned from Toronto, reported to the council board that he had been successful in obtaining the lowest price on record in the history of Summerside for their $50,000.00 debentures which they are issuing. This money will be apportioned in this way, $20,000 for permanent street work; $20,000 for school purposes and $10,000 for other permanent work.

Councillor Nicholson reported that he had interview several bond houses with a view to obtaining bonds to the amount of $50,000 for the town. He was successful in obtaining these bonds at 3 1-2 percent payable in 15 years at $100.50, costing the town 3.45 percent. Councillor Nicholson stated that according to previous loans, this was the cheapest loan in the history of the town.

Councillor Nicholson pointed out that in June 1934 the town of Summerside issued debentures amounting to $40,000 at 4 1-2 percent, 20 year debentures at $102.54, costing the town approximately 4.32 percent. In June 1935 the town sold an issue of $38,000 16 year 4 percent debentures at $100.17, costing the town about 3.99 percent. It will thus be seen that the rate obtained by Councillor Nicholson is the lowest in the history of the town.

Mayor Robinson congratulated Councillor Nicholson on his success. Councillor MacKay also congratulated Councillor Nicholson on his achievement and stated that the town is second to none on the North American continent, as far as its finances are concerned. Mr. John E. Campbell addressed the council, asking that consideration be given to his offer to sell oil to the town of Summerside. Mr. Campbell stated that he had been in the oil business for two years and a half and had made repeated efforts to sell oil to the town council. Last year he had submitted prices and samples, but he did not know whether it had come before the council meeting or not.

Mr. Campbell stated that in his opinion they were canned in committee. This year he had also submitted prices and samples and had heard nothing from them. Mr. Campbell said he had lived in the town all his life and had served the town in many capacities. Other people doing business in the town could sell their commodities to the town council and he wanted to know why he was singled out and being discriminated against. Foreign concerns sold it to the town last year and again this year. The foreign company which sold the town their engine evidently thought that it had a chance to sell oil permanently to the town. Mr. Campbell wanted to know if there was a guarantee for the engine between this company and the town.

He concluded by saying that he was only asking consideration as a citizen of the town for his oil prices and samples of which he was willing to submit in competition.

Mayor Robinson in replying to Mr. Campbell, said that the new engineer had been very busy since his appointment as engineer of the electric light plant, but he was sure that as soon as he could he would look into the situation. Mayor Robinson assured Mr. Campbell that he certainly felt consideration should be given to local companies selling oil. At present it was divided between three companies, Frontenac, Imperial and Irving Oil Company.

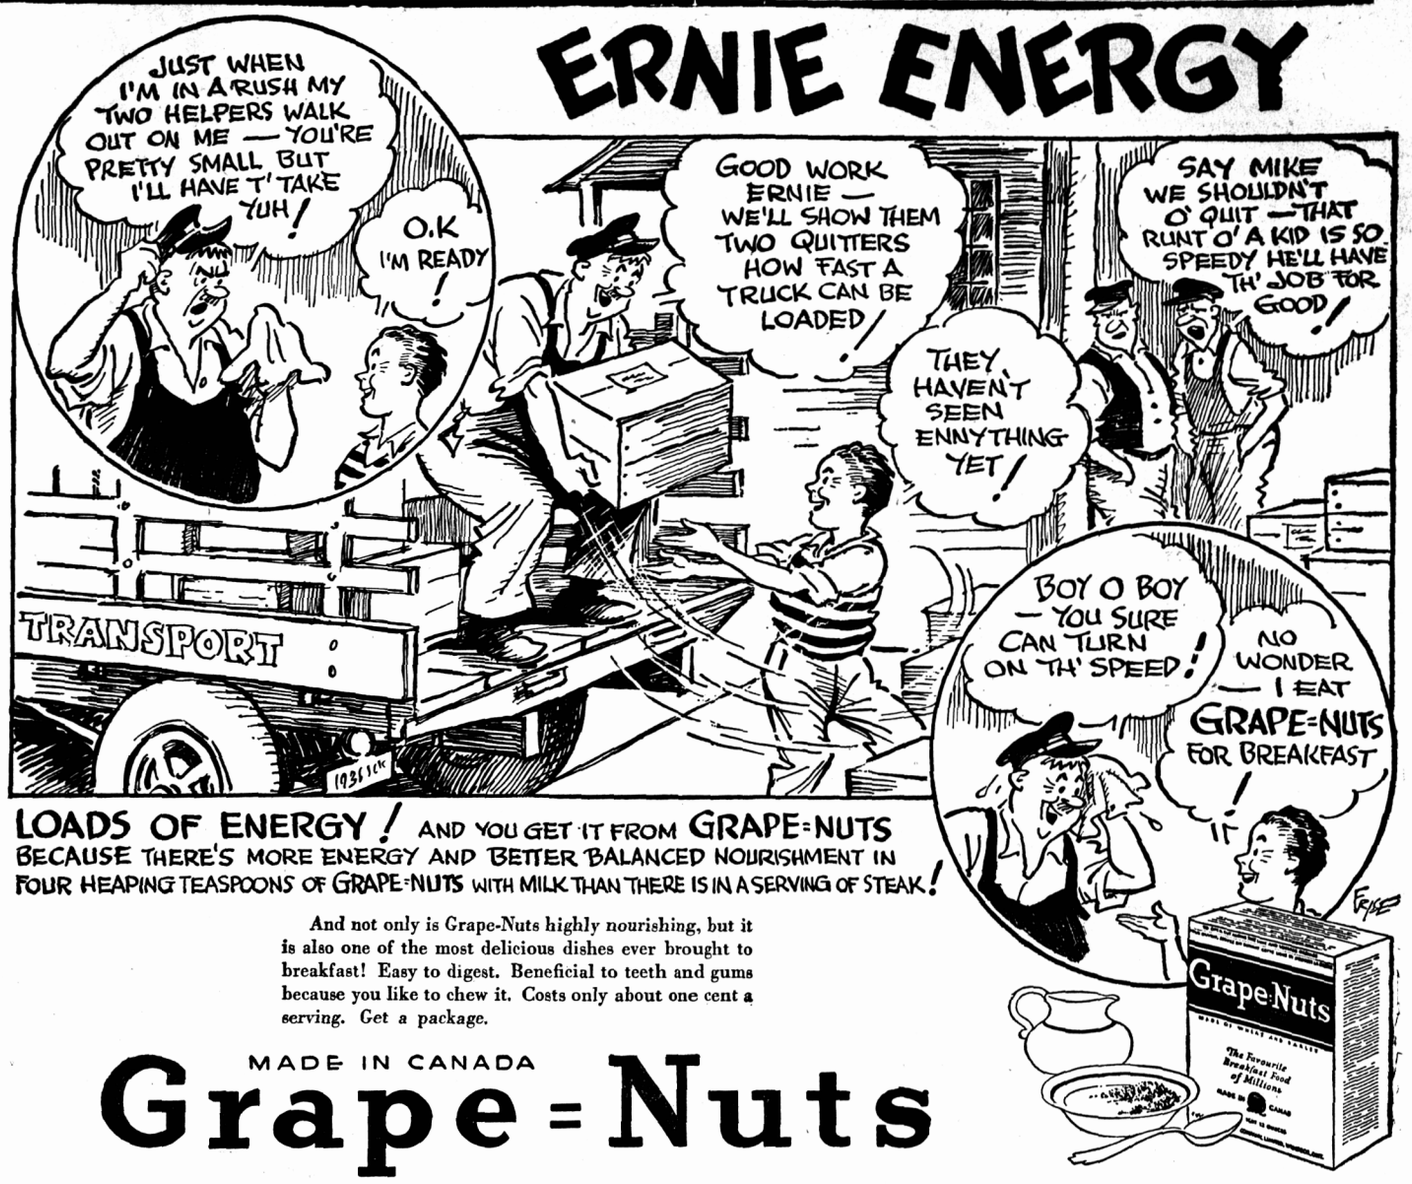
Councillor Schurman as chairman of the light committee, stated that the council would act upon the recommendations of the chief engineer, when he had submitted tests, but he has not done so yet.

Councillor MacKay moved a resolution extending greetings from the town of Summerside to the City of Vancouver in attaining 50 years of progress. The resolution was passed unanimously. A resolution was passed to the effect that the old pest house lot on Granville street should be left in the hands of the property committee for disposal. Council adjourned to caucus for one hour to discuss street work. The council returned to the council chamber and passed the following resolution: Resolved that the town shall not increase the valuation for assessment purposes on any farm lands requested to be opened for building lots in the town of Summerside. (The council will request legislation on this point).

And further resolved that the present council recognized and approved the principle of laying out a certain curve or widening the street running through the Brennan estate when requested.

Further resolved that an endeavor be made to have present encroachments on the east side of Granville street north of Green street removed and the said Granville street widened to its proper width. Resolved that certain streets in the town be prepared for paving and about 11,000 feet of curb and gutter and about 1,500 feet of stone sewer and 48 catch basins be constructed. The cost of curbing and gutter to be $1.05 a foot.

Further resolved that bye-laws of town be consolidated and brought up to date, this matter to be referred to the recorder, and completed not later than January 15th. That the action of the electric light committee of the town be confirmed in the construction of electric light line to Read's Corner and also the electric sign on the Island. A resolution that the sea wall at the east end be commenced at once.



Carleton and Vicinity

Mr. Douglas Downing of Summerside is visiting his grandmother, Mrs. W. E. Bell of Carleton.

Mr. Stanley Howatt of Carleton, has secured a position on the car-ferry steamer, Prince Edward Island.

The four Charlottetown boys who are camping at Mr. William Noonan's shore near Borden, enjoyed an all-day outing on the car-ferry steamer on Friday.

Mr. and Mrs. Fred Kelly of Charlottetown, motored to Carleton on Wednesday.

Messrs Jack McCarville and Henry Moran of Charlottetown motored to Borden last Thursday.

Mrs. Richard Davis, with her sons Paul and Jack of Brighton, Mass., are visiting in Carleton, the guests of Mrs. Thomas McCarville.

Mr. Thomas Heginbotham, head chemist of the Cincinnati Chemical Works, his sister, Mrs. Harold Dingee of New York, with her two children, Jean and May, are now guests of Dr. A. M. and Mrs. Bell of Carleton.

Mr. Keith Lord, merchant of Cape Traverse, on his regular delivery trip last Friday, miraculously escaped injury when the drag-link in the steering-gear of his automobile gave way, precipitating the car over the end of a culvert into a deep ditch on the Tryon River road. A case of eggs converted into an impromptu omelet, and a crumpled fender, were the worst results of the accident.—D.

Special For One Week Only
