R.C. Parent Is Honored For Long Service Here

R.C. Bob Parent, retired director of the Experimental Farm here, was honored yesterday when he was presented with a long service certificate. Making the presentation was Dr. D.E. Hamilton, assistant director general of the Research Branch, Canada Department of Agriculture, Ottawa.

"Never in the experimental farms service has there been a man who has had the regard of his station any more at heart than Mr. Parent. He always fought valiantly for the cause of the farm here and for agriculture on Prince Edward Island," Dr. Hamilton said in his tribute.

An unprecedented feature of yesterday's ceremonies was that they were held on the beautiful lawn of the Experimental Farm. It was the fact that Dr. J.A. Clark and Mr. Parent, both of whom were present, are the only two men to have superintended the operation of the Farm here since Dr. Clark first took command away back in 1909. Dr. Clark retired 20 years ago when Mr. Parent took over.

Mr. Parent also planted a tree on the lawn during the official ceremony.

Others who participated included Premier W.R. Shaw, Premier-elect Alex H. Campbell, Dr. J.R. Wright, director of research station at Kentville, Dr. A.A. MacLean, acting director at Fredericton, T.M. McIntyre, superintendent Nappan Experimental Farm, Dr. J.A. Clark and John A. Rodd, Milton, who is president of the P.E.I. federation of agriculture.

George Avers, acting director of the Farm here, presided and welcomed the large number of guests to the ceremony. Mr. Avers was introduced by R.B. MacLaren, cerealist at the Farm.

SAILOR AT KINGS THEATRE

Swimming instructor Maureen Flynn (LEFT) chats with pupils (FROM LEFT) Linda Roach, Cathy Cullen and Shirley Trainor, at the Columbia Cultural Centre where Miss Flynn is instructing during the second ten-day camp there.

CHAT AT NORTH RUSTICO CAMP

Lt. William Sheehy, commanding officer of the "Loon", one of the three ships to visit Montague this week, is pictured at Kings Theatre, night where he with officers and men of the three ships, Mallard, Cormorant and Loon were guests of the Town of Montague. Following the performance several members of the group remarked on the excellent performance of the cast of "Marriage Go Round". Lt. Sheehy is shown with (LEFT) Tudi Wiggins and Anne Butler, members of the cast. The three bird class ships are under the direction of Lt. G.J. Comeau, Truro, N.S.

Meeting Of Regional Bank Directors Here

Thomas R. Francis, general manager for the Atlantic Provinces Bank of Montreal, Halifax, arrived in Charlottetown yesterday for a meeting of regional directors at the Confederation Centre here today.

Three of the four directors of the Atlantic Region, Arthur R. Lundrigan, general manager of J. Lundrigan Ltd., Cornerbrook, Nfld.; Ralph B. Brennan, president and managing director of George E. Barbour Ltd., Saint John, N.B. and H. Mowbray Jones, president of Bowater Company of North America Ltd., Montreal, will attend.

A reception and luncheon will be held at noon.

The meeting of directors coincides with the changeover in management of the local branch of the Bank of Montreal. Reginald Boyne, who has held the post of manager for eight years, has been appointed to take up special duties. He will be succeeded by Frederick Lambert of St. John's, Nfld., who held the position of manager of the Newfoundland Savings Building branch there.

A reception marking the changeover and the introduction of Mr. Lambert to representatives of the business community will be held in the Confederation Centre this evening.

Mr. Boyne, who arrived in the city in 1958, saw local bank history written when he supervised the construction and presided at the official opening of the new bank building here in 1964.

In addition to his bank duties, Mr. Boyne took an active part in community affairs. He served in an executive capacity in the Charlottetown Rotary Club and The Charlottetown Club. He is St. Paul's Anglican Church, and

arrival will now be delayed. A small hurricane, Celia, is moving northward from the direction of Bermuda. Celia will not cause winds of hurricane strength in the Maritimes, but latest evidence suggests that strong winds and showers or intermittent rain will result today.

Most sections should receive some sunshine Friday.

Regional forecast:

Northern Nova Scotia, Cape Breton, Prince Edward Island, Eastern New Brunswick Counties: Intermittent rain, cool winds light, increasing in the morning to northeasterly 20 and shifting early this evening to northerly 30 with gusts to 45 low-high at New Glasgow 55 and 66, Sydney 58 and 65, Charlottetown 55 and 65, Moncton 55 and 67.

High tide today at Charlottetown 2:20 a.m. and 1:52 p.m. At Rustico at 8:46 a.m. and 10:28 p.m. Summerside tide eighteen minutes later than Charlottetown. Sun rises today at 6:01 a.m. and sets at 8:37 p.m. All times ADT.

Mr. Boyne was a member of the Charlottetown Curling Club and the Belvedere Golf and Winter Club. He took an interest in youth and was active in the support of Boy Scouts, YMCA and the Charlottetown Minor Hockey Association.

HALIFAX (CP) - The weather office says drier air has been attempting to clear away the clouds and showers, but its

Four Year Old's Age Is Factor In Favor

By MARILYN ARGUE

Circulation failed in the badly managed left arm Tuesday and or three weeks before doctors knew whether little Myrna Blair's right arm will live, but even at best "it's never going to be a normal limb."

The four-year-old's age, and the speed with which she was brought to the operating room were factors in her favor, the surgeons said at a press conference today.

Myrna, the daughter of Mr. and Mrs. James Blair of Pakenham had both her arms severed by a hay mower last Wednesday. She had been living in tall, dense hay on her father's farm when the machine ran over her.

Myrna was rushed eight miles to Annapolis hospital where doctors snipped off the left arm which had been dangling by a wire of skin. Another drive of 35 miles had her in Ottawa General Hospital about 90 minutes after the accident.

"I can't stress enough the importance of speed," said Dr. Fergus Ducharme, one of the surgeons who helped replant her arms.

Myrna's condition now is pretty good. She is conscious but under heavy sedation. Her mother says the child is more concerned about her sister Eileen, 3, and brothers Jamie, 2, and Gerry, 1 than she is about her own condition.

"She was like a little mother to them."

Doctors say her main problem now is the tremendous swelling of the limb and its veins draining. The vein structure was constricted once, failed, and had to be re-done during the complex 13 1/2-hour operation.

The operating team, Dr. Walter Waddell, 38, Dr. Ducharme, 43, and Dr. Walker, 36, have had about 20 per cent success in replacing limbs in animals over a two-year period.

"The younger the patient, the better the chances of success," Dr. Waddell said. "The powers of nerve regeneration are better. With some puppies and animals less than six months old, it's difficult to tell which limb has been replanted."

Regional forecast:

Montague 4-H Rally

Montague Regional High School was the scene of a very successful 4-H club rally held on Tuesday evening. Nora MacDonald from the Department of Agriculture introduced the judges, department representatives and the chairman, Lorna Underhay, who carried out the evening program of public speaking and entertainment, provided by Murray Harbour, Souris, New Perth and Summerside clubs.

Each of the judges, Kathleen MacDonald, Myrna McNally and David Peacock commented on one of the classes and presented the prizes donated by the P.E.I. Dairymen's Association to the following competitors:

Junior - Clara MacDonald, Honour Bay; Rosemary MacDonald, Morell; Andy Campbell, Souris Line Road.

Intermediate: Mary Lou MacAulay, Souris Line Road; Ann Campbell, Souris Line Road; Ronald MacAulay, Howe Bay.

Senior: Ellen MacAulay, Souris Line Road; Francis MacAulay, Souris Line Road; Carol Doyle, Summerside.

One of the highlights of the evening was the presentation of the 4-H club banner awarded to Summerside club for having the highest attendance at both local and county rallies. Another highlight which the 125-4-H members and adults present enjoyed was the comments given by several of the Inter-provincial and Manitoba delegates staying in the province.

LOCAL BRIEFS

DOG MISSING
A grey miniature schnauzer has been missing from 26 Fairview Drive, city, since approximately 6 p.m. last night. This dog stands 12 inches high and answers to the name of "Sonny". The owner, Warren Hood, may be reached at 4-6154.

SUFFERING FRACTURE
Ralph McInnis, Charlottetown, suffered a fractured collar bone when a Honda motor bike which he was driving struck a curb on Elm Avenue at approximately 1:30 yesterday afternoon. The injured youth was hospitalized but released later in the afternoon.

U.S. Pilots Encounter 29 Missiles

SAIGON (AP) - U.S. jet pilots encountered a record barrage of 29 missiles and a flight of challenging MiG-fighter planes during strikes Tuesday at six oil depots and other targets in North Vietnam. Two of the U.S. planes were reported shot down - a missile felled a navy F-8 Crusader and a MiG-17 fighter got an air force F-105 Thunderchief.

A Hanoi broadcast heard in Tokyo said North Vietnamese forces shot down nine U.S. planes and captured "a number of aggressor pilots" Wednesday. Independent confirmation was lacking.

A dispatch of North Vietnam's news agency said Wednesday's action boosted the count of downed U.S. planes to 1,233. U.S. authorities have announced the loss of 295.

There was no U.S. account of any Wednesday action over North Vietnam. The American report usually is issued 24 hours later.

Just south of the border dividing North and South Vietnam, U.S. B-52 bombers from Guam gave a hand to 7,000 marines and 3,000 South Vietnamese troops trying to pin down a reported division of perhaps 8,000 to 10,000 North Vietnamese regulars.

The count of enemy dead in the ground sweep, launched last Friday, rose to 376.

Several main-force Viet Cong guerrilla companies, wearing camouflaged uniforms and steel helmets, inflicted heavy casualties on a company of the 2nd Brigade, U.S. 25th Infantry Division, in a five-hour fight 21 miles northwest of Saigon. The Americans said they killed 31 Viet Cong.

U.S. strike pilots flew a record 518 sorties - single flights by single planes - over South Vietnam Tuesday. Spotters noted six secondary explosions and fires and expressed belief possibly 112 of the enemy were killed.

In the action over the North, U.S. air force and navy squadrons flew 96 multi-plane missions Tuesday.

The navy Crusader was downed by a Russian-built missile "face-to-air" missile 23 miles southeast of Hanoi during an attack on the Co Trai bridge. It was the 15th plane that, by American count, has been destroyed by these radar-guided

Atlantic Council Holds Meeting

TRURO (CP) - The Atlantic provinces economic council is to carry out a pilot study of jobs in the agricultural industry in the Atlantic provinces for the federal department of immigration and manpower.

A meeting here Wednesday of farmers, processors, merchandisers, government and educational representatives discussed plans for the study.

Gordon L. Bratt, training consultant with the technical and vocational branch of the immigration department, said the study will identify types of employment and evaluate their required training levels.

Tignish Arts Book Display

A book display featuring books for children and books on subjects related to community development, is an important part of the summer program of the Tignish Arts Foundation. Its primary purpose is to show something of the range of paperbacks available in these fields, but the books can also be borrowed or purchased.

The children's books comprise a nearly complete set of the "Puffin" and "Peacock"
