Determined Effort

IF HALIFAX - DARTMOUTH Independents don't win the Maritime Ladies Five Pin Bowling title, one the line today at Rollaway Lanes, it won't be because they didn't give an all-out effort. Defending Maritime champs, the girls have had numerous difficulties to overcome.

Less than two weeks ago the Nova Scotianers had a sponsor; a nationally known brewing company. A week and a half ago however they were informed that the brewing company had used their alloted monies on publicity and that, they were sorry, they were unable to sponsor the team.

Slightly more than peeved with the action of their "sponsor", the girls decided to go it at their own expense. Earlier this week two of their regular keglers became ill and another was unable to leave Halifax because her mother was ill.

Determined, as women usually are, and still hoping to hold onto their Maritime championship, the three remaining girls recuited two high average five pin bowlers from Stadacona, and two Halifax girls who have bowled very little five pins, but both of whom hit the candlepins pretty well.

Accommodations were considered too high so the girls decided to bring a trailer. Obstacles overcome, the Independents are in the city and doing very well for themselves.

Hodgins Is Tops

ORGANIZER of the H-D team, Betty Hodgins, is rated the Maritimes top five pin female bowler. Past performance certainly verifies her rating. She has been tournament average champ for the past three years and in 1962 finished with a 260 average. Last year she was tops with a 234 average. That's a little low for her however; on her home Stadacona lanes she hits them for 240.

A new edition to the team this year, Shelia Hall, from Dartmouth, is hitting them for a 215 average, and the others Helen Brooks, Dot Conrad, Ann Poteir, Phelma MacDonald and Mary Richards, round out the defending champs' squad.

Dropping only one point in their first four games, the host Rollaway Aces Maritime champs in 1961, have shown lots of confidence since the opening Thursday night.

Consistent Pauline Burhoe has been pacing the Rollaway; her average has been higher than 240 and yesterday morning she rolled a 920 triple. Kay Jay's average has been above 220. In 1962 she won Maritime single honors with 345. Brenda Ryan, Gerty Martin, Marg Gauthier, Helen Gallant and Stephne McNeill have kept the city club moving.

A member of this year's newest entry, St. John's, Newfoundland, Bernie Cook, who averages 230 on her home alley, came up with a single of 420 yesterday afternoon and finished strong in the same string to capture triple honors with 930. Captain of the Newfoundland team, Ruth Guzzwell, said they have found the competition very keen, but they've been happy with their performance to date.

Off The Cuff

GUS MAC FARLANE, one of the most colorful coaches in the Maritimes, has called it quits as far as basketball is concerned and will devote his time to the coaching of football and administrating the affairs of the Mount Allison University athletic department. MacFarlane coached the Mounties to the Maritime intercollegiate basketball title in 1957 ...... Boston Brnius have sold foreward **LARRY LEACH** to Portland of the Western League. His switch appears to be the first in a series of changes within the Bruins organization .... **ARNOLD PALMER** is easily pro golf's wealthiest shot maker. Besides getting more than his share of the tourney winings, Palmer has 40 enterprises ranging from textiles to television ...... **RON TURCOTTE**, Grand Falls, guided home three winners at Baltimore's Pimlico Race Track Thursday to displace Mike Correz'lle at the top of the Pimlico jockey standings .... We understand a series of new golf regulations have been released for Canadian and American golfers. We hope to have a summary of the new rules in a future edition of The Evening Patriot .... **AL LOPEZ** thinks his White Sox will edge the Yanks out for their first pennant since 1959. Facts and figures say Lopez is dreaming. The club is weak on the long ball and there isn't one .300 hitter back from last season's team .... We must admit we had never heard of the Kings County Baseball League until we came to P.E.I., but after hearing a few persons talk about its' successes, it sounds like the most successful and unknown league in the Maritimes. We look to the Kingsmen to provide some exciting ball action in the coming season .... The Canadian Mixed Curling championships, inaugrated earlier this year in Toronto, will be held in Toronto again in 1965.

Wierd Array Of Cars In Memorial Day Race

INDIANAPOLIS (AP) — The strangest mixture of race cars in the Indianapolis Motor Speedway's 54 - year history was wheeled out Friday to open practice for the $500,000 Memorial Day race.

Weirdest of all was a speedster with an "outboard driver," completed only Wednesday by Henry (Smokey) Yunick of Daytona Beach, Fla.

The driver will sit in a pod hung on the left side of the chassis, beside an Offenhauser engine mounted just in front of the rear wheels.

The car still has to win approval of the speedway technical committee before it can run on the track. It also needs a driver.

Several hundred fans on hand for the opening also saw a four-wheel drive car built by Ferguson of England for a supercharged Novi engine, sponsored by Studebaker.

Len Sutton of Portland, Ore., was first on the track with a rear - engine Offenhauser in which he has done almost 155 m.p.h. in tire tests against the track one-lap record of 151.8 m.p.h.

Marlies Trounce Monarchs Now Advance To Cup Final

TORONTO (CP) — Toronto Marlboros left little doubt they are the best in the East, bombing Montreal NDG Monarchs 11-3 to take their best-of-five Eastern Canada Memorial Cup final 3-1 in games and advance Edmonton Oil Kings.

Wingers Wayne Carleton and Peter Stemkowski paced the Toronto attack with three goals each. All of Stemkowski's goals came in the high-scoring third period. Defenceman Jack Chipchase added a pair with the others coming from Grant Moore, Andre Champagne and Nick Harbaruk.

Montreal marksmen were Norm Ferguson, Andre Lagueux and Craig Patrick.

For the first two periods it appeared as if the Montrealers had designs on upsetting the applecart again. The Marlboros, favored to sweep the series in three straight games, were set back temporarily in the second game, losing 6-4 in Montreal.

Champagne and Harbaruk gave Toronto a 2-0 lead early in the first, Champagne's goal coming at 1:14. Ferguson got one back for the visitors before Carleton pumped in his first two in a 46-second spon. Lagueux pulled Montreal within two goals at the 16:02 mark.

PATRICK SCORED FINAL

The Monarchs drew first blood in the mild second period, at 6:43, when Patrick found the mark with what proved to be the final Montreal goal.

Midway through the period Carleton completed his three-goal performance.

Toronto was really putting on the pressure at 7:00 of the final period when Stemkowski started the six-goal onslaught. The visitors had a man in the penalty box at the time.

Moore scored just 26 seconds later. Two more by Stemkowski and Chipchase's pair rounded out scoring.

The Monarchs managed to match the Marlboros in the hitting department throughout the final period despite the fact the Toronto team equals most of the clubs in the National Hockey League in size.

The game was cleanly played in comparison to the third game as referee Gord Pranschky was forced to call only five penalties, including three in the third.

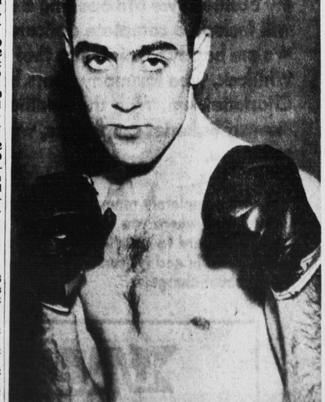
Despite the high score, Montreal goalie Rogatien Vachon stopped 47 shots to Toronto netminder Gary Smith's 26.

SUMMARY

First period — 1. Toronto, Champagne (Watson, Chipchase) 1:14; 2. Toronto, Harbaruk 6:37; 3. Montreal, Ferguson (Pleau, Patrick) 11:36; 4. Toronto, Carleton (Ellis, Stemkowski) 14:46; 5. Toronto, Carleton (Stemkowski) 15:32; 6. Montreal, Lagueux 16:02. **Penalty**—McKenny 5:17.

Second period—7. Montreal, Patrick 6:43; 8. Toronto, Carleton (Chipchase) 12:48. **Penalty**—Moore 16:48.

Third period — 9. Toronto, Stemkowski (Ellis, Carleton) 7:00; 10. Toronto, Moore (Walton, Selby) 7:26; 11. Toronto, Stemkowski (Ellis) 9:44; 12. Toronto, Stemkowski (Champagne, Dupont) 13:19; 13. Toronto, Chipchase (Watson) 13:48; 14. Toronto, Chipchase (Watson) 15:06. **Penalties**—Plager 6:53, Carleton, Stemkowski 10:23.



SET FOR FIGHT TONIGHT

Shown above is Jim Poulton, Charlottetown, who will go into the ring against Lorne States of Kentville tonight. States is a welterweight who has been fighting out of Halifax. Poulton is the fourth ranked lightweight in the Dominion and since he is fighting a heavier opponent, namely States, this could be the means for Jimmy to get a shot at the Canadian Title. The fight will take place in St. John at the Lord Beaverbrook Arena.

HILL RISE IS FAVORITE

Run For The Roses Today: Canada With The Dancer

LOUISVILLE, Ky. (CP) — E. P. Taylor's Northern Dancer is only second choice of the odds-makers here to win the fabled Kentucky Derby Saturday—but almost every Canadian racing fan is pulling for him

Horatio Luro, Taylor's trainer, drew seventh position at the post for his horse in the 90th run for the roses.

Bill Finnegan, trainer of George Pope Jr.'s Hill Rise, a 6-5 favorite, wanted anywhere from one to seventh post position. But he drew 11.

Jockey Bill Hartack will be aboard the Dancer and Willie Shoemaker will ride Hill Rise. Pre-race experts figure these are the horses to beat in the $125,000-added derby.

Luro says every horse must be treated as an individual.

"Northern Dancer requires work, but not much. He is a generous horse. He ran slow in the Florida Derby—which he won handily—because of this generosity."

Northern Dancer is by Nearctic out of a Native Dancer mare.

NEEDS ENCOURAGEMENT

"They need encouragement not punishment. You don't have to hurt him to make him run. He's a relaxed horse. Don't disturb him," said Luro.

The Dancer won't be three three years old until May 27.

Friday, Luro didn't take him out on the track until it was about clear of all horses. Then he just took him for a stroll. He has won his last five races.

Hill Rise returned to the kindergarten Friday. One of a thoroughbred's first lessons is getting acquainted with the starting gate. And that is just where Finnegan took the West Coast champion.

The long-striding son of Hillary, winner of eight straight races for George A. Pope Jr.'s El Peco ranch of California, was sent to the starting gate with hopes it would help cure a little nervousness which Jockey Willie Shoemaker noticed in last Tuesday's Derby trial. Hill Rise won the trial by 2¼ lengths in the eye-lifting time of 1:35 1-5 for one mile.

The gate was located at the starting point for the 1¼ miles of the Derby. With Finnegan watching nearby, the Derby favorite was ridden into the gate and let stand there for several minutes before breezing three-eighths of a mile in 38 seconds.

If Hill Rise was nervous, it wasn't evident. Finnegan, a veteran at getting a horse ready for one big effort, said he was satisfied.

The field is scheduled to leave the starting gate Saturday at 5:30 p.m. EDT. Nationwide television is scheduled for 5-6 p.m. EDT on CBC.

Nicklaus Is Second In The Field

LAS VEGAS, Nev. (AP) — Puerto Rico's mighty Chi Chi Rodriguez, who weighs 120 pounds but hits a golf ball like a heavyweight, battled through high wind and an occasional sandstorm Friday to take the lead in the second round of the $65,000 Tournament of Champions.

The 28-year-old 5-foot-7½ Rodriguez shot a two-under-par 70, one of only four players to break par in a round beset by gusts of wind that ranged from 30 to 45 miles per hour. He posted a 36 hole score of 139.

Jack Nicklaus remained in second place with a 73 for 141. The first round leader, Doug Ford, shot a 75 for 142 and a tie with Gary Player and Canada's George Knudson.

Arnold Palmer, co - favorite with Nicklaus in pre-tournament speculation, shot his second straight 72 and was tied at 144 with Doug Sanders and Don Fairfield.

Rodriguez and Knudson, each with a 70, and Player and Paul Harney, who had 71s, were the four out of the field of 29 who could break par.

"It was the strongest wind I ever played golf in," Player said.

Federation Head Returns From Ottawa Meeting

Smith MacFarlane of Harrington, president of the Prince Edward Island Federation of Agriculture, has just returned from Ottawa where he attended meetings as a member of the advisory committee of the Farm Credit Corporation.

He said farm credit needs were reviewed as well as the scope of the act under which the credit corporation operates.

He said particular attention was given to persons who for one reason or another cannot qualify under the provisions of the act.

Mr. MacFarlane said he was very pleased with a recent announcement by Agriculture Minister MacRae of support to the purchase of pure bred dairy heifers.

He called it a great step forward and would give Island breeders encouragement to improve their herds. It would assist both the purchaser and the seller.

Dodgers Star Is Fit Again

LOS ANGELES (AP)—Sandy Koufax was pronounced fit Friday night and may pitch again for the Los Angeles Dodgers as early as Monday.

Koufax, baseball's top pitcher last season has been out of action since he strained the muscles in his left forearm during a game at St. Louis April 22.

The 28-year-old left - hander pitched 20 minutes of batting practice before the Dodgers met the San Francisco Giants Friday night. He said later he felt fine and the club physician, Dr. Robert Kerlan, told manager Walter Alston:

"He's all yours now. So far as I'm concerned, he can pitch any time."

Island's First Steel Trawler Make Late Arrival In Souris

SOURIS — The steel trawler MV Howe Bay arrived in port here last night, some 2½ hours overdue.

The first of the steel trawlers to become part of the Souris fleet, she was met on her arrival at 6.30 p.m. by Minister of Fisheries, Leo F. Rossiter, executives of Bathurst Marine Ltd. builders of the boat, and civic officials.

The trawler is 92 feet in length and is skippered by Captain Egbert Boertein of Souris.

The boat carries a crew of 10, double the number carried by boats currently working out of here. The Howe Bay is 27 feet longer than any boat presently fishing out of this port and at 250,000 pounds, her capacity is approximately two and one half times that of her older sisters in the fleet.

Ice at George's Bay, off the Nova Scotia coasts held the trawler up from Wednesday morning to approximately 4.15 p.m. yesterday. She was due to arrive here at three p.m. Thursday afternoon.

Calm Settles In Pass Area

NICOSIA (CP) — Relative calm settled over the troubled area around Kyrenia Pass in northern Cyprus Friday, after Canadian troops set up 13 permanent posts in key trouble spots on either side of the pass.

Only occasional shooting was heard throughout the day in an area that has seen considerable fighting between Greek and Turkish-Cypriots.
