OUT OUR WAY

GOOD GOSH, ICK! WHUT MADE YOU TAKE UP SUCH AN ISOLATED RANCH AS THIS? WHY, YOU'RE AS BAD OFF AS TH' OLD TIME FRONTIERSMEN! NO, ISE DOIN' A LITTLE BETTER'N DAT! Berthy Dix Says— Continued from page 2 about and I intend to marry him some day. I am much more intelligent than he is. That is true and not conceit. And I come from a more cultured family. Naturally it is my family's wish to have me marry a person like myself. Do you think if I married this boy that I would be happy? ANSWER: No. I don't think you would have a chance of being happy. Neither would he. There can be no greater gulf between a husband and a wife than that of intelligence. It is bad enough when the husband is more intelligent and more cultured than the wife, but when the wife has a better brain and a better education than the husband it is a tragedy. Men like to feel superior to their wives, but it crushes a woman to be married to a man who is her inferior. Nor can any man endure the situation with fortitude. He has been the lord of creation too long to be willing to play second fiddle to any woman, even his wife. He soon rebels at his subordinate position. The feeling that you have for this boy who you know to be your inferior is merely physical infatuation. If you marry him, that will soon pass and then you will find that you have nothing in common. Don't do it for his sake as well as your own.
