Note To Students

Intending students should note carefully: Candidates whose names are marked with a star have not completed their entrance, but will be allowed to attend College. They will be required to pass supplementary examinations in certain subjects in order to complete this examination before receiving a license to teach in the public schools.

Students who have now passed the entrance examinations will be admitted at the opening of the College term and may take: (a) the Academic Course, qualifying for entrance to University or entrance to the Normal Training class or classes or (b) a Course in Commerce, whiih extends over two years. Though the Academic Course leading to completion of High School or University Matriculation normally demands two years of study in advance of Prince of Wales entrance requirements, candidates who have made sufficiently high standing, (60% or upwards) will be given an opportunity to complete this work in one year, and if successful will be admitted the following year to the classes in First Year University subjects, or to the Normal Training Classes leading to Second Class License.

Young and immature students making low pass mark in this examination should hesitate to come at this stage to Prince of Wales College, but should remain another year at school and obtain a better educational ground work before entering College.

Every student that proposes attending Prince of Wales College must fill out and return to "Prince of Wales College, Charlottetown," the form which is found enclosed with the report card received from this entrance examination, at once or at a date not later than August 15. All former students who intend to return to College to join the classes of the first, second, third, or fourth year should also notify the College office on or before the same date, stating the course they intend to take, so that arrangements may be made for classification and accommodation.

Opens September 4th.

Prince of Wales College will open on Tuesday, September 4th. At 2 p.m. students of the second year including those in Commerce and Teacher Training will enroll, and at 4 p.m. students of the third and fourth years. On Wednesday, September 5th at 2 p.m. all students of the First Year and of the Special Matriculation class will be enrolled.

Students taking the Teacher Training Class, provided they undertake to teach in the Province for at least two years may receive a grant of $100. Those needing further assistance may receive the same in the form of a loan not exceeding $200 and repayable within two years from the time of graduation.

The Principal will address the students of all years at 10 a.m. on Thursday, September 6th in the College Auditorium.

Students' fees must be paid at the College on the day of registration. Fees of the students of the Third and Fourth Years and of the Commerce Department may be paid half-yearly. For students of the First and Second Years and Teacher Training classes the fees are $5 for country students and $10 for students from Charlottetown. For Commerce students the fees are $35 for those from the country and $50 for those from Charlottetown. For Third Year the fees are $50 and $75, and for the Fourth Year $100 and $150 respectively for country and Charlottetown students. When enrolling, all male students are required to pay, in addition to the regular tuition fee, a fee of $3, and all female students $2, to cover cost of locker and student activities.

Reopening Of Schools

Schools taking two weeks vacation in the autumn should open August 18th or 14th to ensure completion of the required 200 school days before June 30th. Schools having other vacation arrangements should plan to open a date which will enable them to complete the required number of teaching days for the school year.

Advertising Rates Payable In Advance

Minimum Charge For Any Advertisement 25 Cents

MOTORISTS

Vacation days mean overtime hours for your car, and nobody wants car trouble to ruin their vacation. But it happens every day, because motorists neglect to have their car checked at a competent garage before that trip.

Take your car in to HALL'S new and up-to-date garage. You will find us courteous and happy to serve you. We specialize in motor and front end work, wheel alignment, transmission and differential, ignition, carburetion, in fact everything that might be wrong with your car. And remember it costs no more to have HALL'S do your garage work, so why not have the best.

Incidentally, chances are if you check your front tires you will find excessive wear, meaning that your wheels are out of balance. HALL'S is the only garage in town equipped to balance your wheels properly.

Make your appointment to have your car checked now.
