GOOD EXAMPLE AND EXTENSIVE IMPROVEMENT.—We have been informed that a new line of Road, six miles in length, has been opened centrically through Townships 31 and part of 32, nearly parallel to the Devizes Road, in New Wiltshire, which will shorten the distance from Bedeque to Charlottetown (if continued through the Eastern part of Lot 32, and parts of Townships 65, 30 and 29, in a Westerly direction) several miles, and will be a much superior, level line, to the one formerly laid off and made in 1833, by order of government. Also, another survey has just been completed through the interior of Townships 57, 58, 60 and 62, for a distance of ten miles, from Orwell Head, through New town and Montague, towards the Wood Island Settlements, which will shorten the distance of the interior lands of the latter place, to Charlottetown, (by way of the new Orwell Bridge) about seven miles. On the Estates, the property of the Right Honorable Thomas Earl of Selkirk, there are at present, in various directions, about forty miles opened, for new roads to be made forthwith—the principal part of which has been surveyed by Mr. Hickey, Land Surveyor—under the direction of William Douse, Esq., his Lordship's Land Agent, to whom much credit is due for planning out these extensive improvements, and opening so wide a field for Agricultural settlers, as well as providing labour for persons located on his lordship's Estate.—*R. Gaz.*

The Fredericton *Sentinel* states that the horses on the line of stages between Fredericton and Woodstock, New Brunswick, are fed with Oats brought from P. E. Island, by way of Halifax. They find that a cheaper mode of supplying them than by raising the oats themselves. What is there to prevent our Island vessels from carrying the oats direct, instead of to Halifax, to be thence transhipped for New Brunswick?

THE CHEAPEST AND HANDSOMEST BOOK EVER ISSUED IN AMERICA.

IMPORTANT AND INTERESTING WORK,

EMBELLISHED WITH

SEVERAL HUNDRED FINE ENGRAVINGS.

Just Published, and for sale, wholesale and retail, at the Hat and Fur Store of G. & E. Sears, King-Street; and Booksellers generally throughout the British Provinces.

BIBLE BIOGRAPHY; or, The Lives and Characters of the principal Personages recorded in the sacred writings; particularly adapted to the Instruction of Youth and private families; together with an Appendix, containing Thirty Dissertations on the evidences of Divine Revelation, from Timpson's Key to the Bible; being a complete summary of Biblical knowledge, carefully condensed and compiled from Scott, Doddridge, Gill, Patrick, Adam Clarke, Poole, Lowth, Horne, Wall, Stowe, Robinson, and other eminent Writers on the Scriptures; embellished with SEVERAL HUNDRED ENGRAVINGS ON WOOD, illustrative of Scripture Scenes, Manners, Customs, &c.

OPINIONS OF THE PRESS.

(*From the New-York Evangelist.*)

"This is a work possessing many novel and uncommonly attractive features. Its appearance is beautiful. Its biographical sketches embrace the most interesting incidents and events in the lives of the principal personages of the Scripture History, woven together in a pleasing and sprightly narrative, and faithfully accompanied with excellent practical lessons. Its chief claim, however, to popularity, consists in its multitudinous pictorial embellishments.

"Something like five hundred engravings on wood are contained in the volume, many of which are costly and elegant, and in a high style of art, and none discreditable to the theme or the work. These relate to numerous ancient and oriental customs, scenes, manners, history, &c.; and while they add great spirit and interest to the objects which they illustrate, form of themselves a pleasing and profitable study. The work is a rare combination of the useful and attractive—adapted at once to engage the attention and affect the heart. We should regard its possession by families—whose children may obtain, from its striking representations of Scriptural truths and events, lasting impressions of their reality—as highly desirable. The Appendix contains thirty brief but comprehensive and excellent essays upon the Evidences and Archaeology of the Scriptures, which add greatly to the value of the work, as designed for the instruction of youth and families."

(*From the New-York Christian Intelligencer.*)

"This work is an attractive one, not only from the very numerous neat embellishments which pervade it, but from the interesting matter which it comprises. It furnishes lives of the principal characters of the Old Testament, with accounts of the Creation, Deluge, Dispersion of Mankind, &c., and an extended life of the Saviour, comprising the outlines of the Gospel History. The whole is in a spirit and form well adapted for practical usefulness and spiritual improvement. The numerous historical and landscape illustrations of the sacred volume introduced into this work, will prove both amusing and instructive, to the young especially, and it will be an entertaining and useful volume in the family. The illustrations are neatly executed on wood. The last hundred pages contain *Thirty Dissertations on the Evidences of Divine Revelation*, from Timpson's Key to the Bible, &c., and are exceedingly valuable. The work is in large octavo, with closely filled pages, and highly decorated by the very numerous illustrations and the binding. It will no doubt meet with a popular demand."

(*From the Boston American Traveller.*)

"SEARS' BIBLE BIOGRAPHY is even more finely illustrated and beautifully ornamented than his previous works. The typography is clear and plain, the paper and binding handsome, while the gilded figures give it a rich and tasteful appearance. The literary contents are connected biographies of all the principal characters in the Bible. These are well written, and the whole illustrated with several hundred engravings.—An appendix is also added, containing some interesting essays upon subjects of importance."

"This work, from the information it gives respecting Eastern Habits, Manners, Countries, Animals, Scenery and People, all of which are doubly illustrated, by language and pictorial representation, will prove a valuable addition to Sabbath School and Family Libraries.

"There is no series of works, at the present day, of more practical importance, and deserving better encouragement, than that of Mr. Sears'. His design is to add to, and extend the interest of the Bible—to place its truths and valuable precepts in an attractive light. It is often remarked, that the young of the present age, though so intelligent, know less of the Bible than children fifty years ago. The reason has been, that their hands have been filled with popular and pleasing books, adapted to their capacity, and rendered attractive by illustrations and beautiful executions, while the Bible has laid neglected by, all its golden tales, and thoughts, and truths, concealed in the sober and formal phraseology of King James's long-wigged divines. Mr. Sears, by giving them a popular form, has conferred a great favor upon the young, and indeed upon all clases."

From the Boston Transcript.—"Altogether it is one of the most elegant works of the season, and must prove the most useful ever issued from the American press."

From the Boston Mercantile Journal.—"We can cheerfully recommend it to the notice of every Christian Parent, as a beautiful gift book to present to his family."

From the Boston Times.—"An elegant work of five hundred pages, and containing about 500 engravings. The contents of the volume appear to be sound, judicious and interesting. If this book meets with a circulation commensurate with its merits, it will be found in every dwelling in the Union."

☞ Persons in the country would do well to procure a subscription book, and obtain at once the names of all their friends and acquaintances, at least, as subscribers to this valuable sacred gem. Will each Christian friend who complies with this request have the kindness to inform the publisher how many copies will be wanted for his neighbourhood, by mail, (*post paid,*) as soon as possible? It is the publisher's intention to spare neither pains nor expense to introduce this entirely new and original volume into every family in the British Provinces, where the Holy Bible is read and respected.

☞ This beautiful and interesting Work consists of one large octavo volume, of about 500 pages, printed from new and elegant Bourgeois type, on the finest paper. The price is fixed at $2 50 per volume, handsomely bound in gilt, and lettered.

☞ All Postmasters and Newspaper Agents, throughout the British Provinces, are respectfully requested to act as Agents. The book may be procured at New York prices, by the quantity, on application to G. & E. Sears, St. John, N. B.

THE FAMILY LIFE MEDICINES.

THE celebrated *Life Pills* and *Phœnix Bitters*, prepared and sold by Dr. Wm. B. Moffat, 375, Broadway, New York, may now be said to be the most respectably established and extensively adopted family medicines in the United States. They have not only won the sanction and recommendation of all the candid and philanthropic portion of the medical profession, who have observed their invariable efficacy in general derangements of the stomach and bowels, and their astonishing effects in many varieties of acute and chronic disease, but what is far better, these medicines have recommended themselves, and fully and fairly achieved the distinguished and now certainly pre-eminent position which they now occupy in public and domestic estimation. They are proved by their works, and make no appeals to vulgar credulity. If the proprietor were disposed to make an invidious comparison between these self-established mdicines and any others, he might confidently assert and challenge contradiction that there is no medicine known to the medical profession, or named in their books, concerning which so many clear, unquestionable and conclusive evidences of usefulness and remarkable cures are recorded as those which he can adduce concerning the Life Pills and Phœnix Bitters. If it be admitted that sufferers are the best judges as to whether a remedy has relieved them and restored them to health and strength, then is the evidence in behalf of these medicines decisive and irresistible. Dr. Moffat is in possession of an immense accumulation of voluntary testimonials from respectable persons and families in all parts of the Union, far and near, who give their names and residence to the unsolicited statement that they have been completely and speedily cured of the following diseases, and of many others not here enumerated, by these Life Medicines alone, when other medicines had been long employed in vain, viz: Scrofula, in its most dreadfully advanced and destructive stages, when large portions of the flesh and bones of the face had been destroyed; Piles of five, ten, twenty, thirty and even thirty-five years standing; Rheumatism, both acute and chronic, of the most hopeless character; Turgescence of the Liver, and various other liver complaints; Bilious Cholic, and every conceivable variety of bilious affections; Marasmus Tabes, or Decline, and Marasmus Phthisic, or Consumption, in more advanced stages than any on record; Dyspepsia, in all its chronic and acute varieties, with its frightful train of distressing symptoms; Worms of all kinds, both in children and grown persons. Dirrhœa, both serious and bilious; Costiveness, both habitual and occasional; Fever and Ague, in its three principal varieties, and intermittent and remittent fevers, of all kinds; Hypocondriosis, and other extremely complicated nervous affections, with nervous debility in general; Salt Rheum, Running Scald, and eruptive diseases generally, including Enanthesis, Erysipelas or St. Anthony's fire, and sallow, unhealthy complexion; Palpitation of the heart, and Determination of blood to the head, settled pains in the organs, limbs, back, head and side; affections of the bladder, kidnies, spleen, throat, and pleura; jaundice, dropsy and gout; together with those general affections of the system which arise from complicated causes.

The certificates of these cures are in the proprietor's possession, and will readily be shown to all who desire to see them. A small selection from them have been published in Moffat's Medical Manual, of which a new and enlarged edition is preparing for the press. The reason why these medicines, which in ordinary family use operate merely as mild and effectual laxatives, cure so great a variety of formidable diseases is, that while as cathartics, cleansing the alimentary canal, and relieving the liver and the absorbent vessels of all impurities, they lay the foundation for the cure of all specific diseases, they are compounded of unique and unprecedented variety of choice and exquisite ingredients, some of which are almost unknown to the profession, which exert a specific action upon many complaints, without in the slightest degree affecting the general system, otherwise than as simple purifiers, when those complaints are not present. Both the Pills and the Bitters are mild and agreeable in their operations, causing neither prostrations nor nausea, and requiring neither confinement nor peculiar diet. Their effects are uniformly to produce an immediate sense of renovated health, and new life and vigour to both body and mind. They cannot be taken without benefit, and they should be procured both by individuals and heads of families, and constantly kept on hand not only as remedies but as preventatives of disease. They are prepared and sold wholesale and retail, by Dr. William B. Moffat, 375 Broadway, N. Y., and also by the AGENTS.—NEW YORK, May 30.
