GERMAN DIRIGIBLE HEADED HOMEWARD

ANGLO-SOVIET NAVAL AGREEMENT SOUGHT

Adherence To London Treaty Is Sought

(C. P. by Guardian's Special Wire) LONDON, May 20—Great Britain will save three class A cruisers from being scrapped under limitations of the London Naval Treaty, it was disclosed today as the government began negotiations with Soviet Russia for a sea treaty.

The Anglo-Russian conversations are aimed at securing Russian adherence to provisions of the recent London Treaty, signed by Britain, the United States and France.

While these talks opened at the foreign office, Lord Stanley, financial secretary to the Admiralty, told the House of Commons the government would rebuild and reduce armaments on three class A cruisers to prevent them from being scrapped under the 1930 London Treaty.

Britain has already asked the United States and Japan to lift limitations in the treaty of destroyers so she may save some 30 destroyers from being junked.

The cruisers affected are the Frolic, the Ettingham and the Hawkins, all of the improved Birmingham class.

Lord Stanley said the 7.5 inch guns with which these cruisers are equipped would be replaced by guns of less than 6.1 inch calibre. (This would switch them from the "A" class of cruiser, as set forth in the 1930 treaty, to the "B" class).

Lord Stanley added that the warships would undergo extensive repairs to refit them for another 10 years of service.

A fourth cruiser, the Vindictive, will be used as a training ship. The Admiralty is speedily embarking upon its building program and had already placed orders for nine destroyers provided for by Parliament only three weeks ago. Construction of new battleships, cruisers and submarines, however, must wait until 1937 because of treaty limitations.

Mussolini Seeks To Ease Tension

(A. P. by Guardian's Special Wire) PARIS, May 20—The financial newspaper L'Information said today it understood Premier Mussolini had submitted suggestions intended to ease Anglo-Italian tension to the British government.

The suggestions, it said, included the possible withdrawal of white Italian troops on duty in Libya.

Church Dignitaries In Saint John

SAINT JOHN, N.B., May 19—(C. P.)—Many dignitaries of the Roman Catholic Church in Canada were in Saint John tonight for tomorrow's consecration of Most Rev. Patrick A. Bray as Bishop of Saint John.

Archbishop William M. Duke of Vancouver will be the consecrator with Bishop P. A. Chaisson of Chatham and Bishop James Morrison of Antigonish serving as co-consecrators. The sermon will be preached by Bishop J. A. O'Sullivan, Charlottetown.

The new Bishop, former Superior of Holy Heart Seminary at Halifax, took canonical possession of his see a week ago.

Jew - Arab Outbreaks In Safed Increases Tension

(A. P. by Guardian's Special Wire) JERUSALEM, May 20—A new Jew-Arab incident threw Safed, ancient home of the Jewish mystics, into panic tonight.

The Falcor agency reported a Jewish motorist knocked down an Arab with his car after the Arab had tried to attack him.

Island Share Fishery Relief Grant \$25,000

Provincial Government Must Put Up Equal Amount If Needy Fishermen Are To Be Benefited.

The federal government was prepared to allot \$25,000 to Prince Edward Island for the rehabilitation of its needy fishermen on condition the Provincial Government provided an equal amount for that purpose. Hon. B. W. LePage, President of the Provincial Executive Council, stated last evening.

The appropriation was part of \$300,000 set aside by the Dominion Government for the assistance of needy fishermen in five of the Canadian provinces.

Nova Scotia according to a recent statement by Premier Angus Macdonald, is prepared to put up \$100,000 in expectation of receiving a similar amount out of the \$300,000 federal grant. Before prorogation the Nova Scotia Legislature placed in its estimates the sum of \$100,000 to augment the federal contribution.

Appeal Court May Examine Alleged Confession By Dan Bannister As Evidence

"Mallorca" King's Composition

(C. P. Guardian's Special Wire) NEW YORK, May 20—First formal rendition of "Mallorca" the only piece of music ever written and published by King Edward VIII will be given here tomorrow.

King Edward's own subjects have never heard it unless they found out, despite lack of publicity, that a copy could be bought or happened to pass by St. James' Palace when the Scots Guards were on duty and were playing it.

The King's musical creation is a slow march which he wrote nearly two years ago for his happy life as a proficient bagpiper himself and occasionally plays for friends.

Church Dignitaries In Saint John

SAINT JOHN, N.B., May 19—(C. P.)—Many dignitaries of the Roman Catholic Church in Canada were in Saint John tonight for tomorrow's consecration of Most Rev. Patrick A. Bray as Bishop of Saint John.

Archbishop William M. Duke of Vancouver will be the consecrator with Bishop P. A. Chaisson of Chatham and Bishop James Morrison of Antigonish serving as co-consecrators. The sermon will be preached by Bishop J. A. O'Sullivan, Charlottetown.

The new Bishop, former Superior of Holy Heart Seminary at Halifax, took canonical possession of his see a week ago.

Jew - Arab Outbreaks In Safed Increases Tension

(A. P. by Guardian's Special Wire) JERUSALEM, May 20—A new Jew-Arab incident threw Safed, ancient home of the Jewish mystics, into panic tonight.

The Falcor agency reported a Jewish motorist knocked down an Arab with his car after the Arab had tried to attack him.

Tension gripped the predominantly Arab town, the scene of a pogrom against Jews in 1929. A short time before, a Jewish bus had been stoned by Arabs near Safed and one passenger injured slightly.

The start of the second month of violence in which more than a score of Jews and almost as many Arabs have been slain found heavy British military and police patrols on duty and a watchful British destroyer on guard in Jaffa harbor.

The Falcor Agency said 24 Jews and 18 Arabs and one Christian had been killed and many others injured. Other reports have placed the Jewish dead at 26.

Today all Palestine railways were placed under rigid curfew regulations, the Jewish Telegraph Agency said; Christians joined Jews in evacuating the old city of Jerusalem, and two suspects were arrested in connection with the killing of three Jews outside a Jerusalem cinema Saturday night.

Only 200 Jewish families out of a former total Jewish population of 4,000 remained in the old city.

J. H. THOMAS RECALLED IN ENQUIRY

Rumors Re Probable Resignation Of Colonial Secretary Are Denied.

(C. P. by Guardian's Special Wire) LONDON, May 20—(C. P. Cable)—Reports that J. H. Thomas, secretary for the colonies, had made up his mind to resign were declared to be without foundation in informed Parliamentary circles tonight as the judicial tribunal investigating the "budget leak" concluded its hearings.

The question of the colonial secretary's resignation generally was ruled out pending publication of the tribunal's report, probably early next week. The resignation stories at present going the rounds, it was pointed out, could easily be built on Thomas' own evidence that he wanted to relinquish office immediately the rumors concerning him became current.

The minister has made no attempt to conceal the fact he feels acutely the delicacy of his position.

IN TOUCH WITH ETHIOPIAN GOVERNMENT

LONDON, May 20—British authorities are in touch with an Ethiopian government established in western Ethiopia, Foreign Secretary Eden indicated in the House of Commons today.

Asked by Geoffrey Manders, Liberal, whether the Foreign Office was in communication with such a government, Eden replied: "I believe certain Ethiopian authorities—in contact—are maintaining order in that region."

In reply to another question Eden said the incident of the dum-dum bullets was closed and the government would not request the recall of the Italian naval attaché in London.

Arthur Henderson, Labor, asked whether the Foreign Secretary was considering making representations to the Italian government as to the undesirability of the naval attaché's remaining at his post in London, in view of his relations with Colonel Pedro Lopez.

Lopez is the "notorious purveyor of false information and forged documents" who, according to Eden, was in touch with the Italian embassy while procuring by tricky information allegedly showing British firms were selling dum-dum bullets to the Ethiopians.

Red Cross Campaign Opens Auspiciously

Great success was met with by the Red Cross Collectors who began their calls on the business firms in Charlottetown yesterday.

The collectors who reported with his list almost complete, as much as last year. The magnificent address given by His Honour, Lieutenant Governor DeBlas and his handsome contribution towards the campaign, the co-operation given by the merchants in decorating special Red Cross windows, the zest which the collectors are displaying and the generosity of the contributors, as well as the publicity being given by the newspapers, all are making the campaign the huge success it ought to be.

Italian Viceroy Enroute Home

(A. P. by Guardian's Special Wire) ADDIS ABABA, May 20—(via military plane to Asmara)—Viceroy Pietro Badoglio left the Ethiopian capital today for Italy after handing over his command to Marshal Rodolfo Graziani.

The Italian commander who led his black shirted columns to victory will arrive by airplane at Asmara tomorrow and will make the rest of the trip to Asmara by motor.

Well informed sources consider Graziani, hard-boiled hero of the southern Ethiopian campaign, the best choice for the rugged job of subduing the kingdom of Emperor Haile Selassie.

BATTLE ON FOR CONTROL OF MONGOLIA

(C. P. by Guardian's Special Wire) SUYUAN, Suiyuan Province, China, May 20—China and Japan are waging a "battle of money" to win the support of ruling princes in strategically vital Inner Mongolia, which some observers believe may eventually become the scene of a real combat between Russian and Japanese armies.

The Mongol princes, hard-hit by a devastating winter which seriously depleted their herds, are gratefully accepting an unexpected windfall in the shape of airplanes, automobiles, munitions, high salaried jobs and hard cash.

China's chief interest in offering inducements to the Mongols is to block Japanese encroachment on the last slice of Mongolia which remains under China's nominal control. Japan's aim, on the other hand, is to insure the friendship and cooperation of the Inner Mongolians in event of a clash with Soviet Russia, Outer Mongolia, or both.

Soviet Russia's interest in Inner Mongolia is equally vital, but if her agents are playing the same game as the Chinese and Japanese, they are being highly secretive about it.

With a detachment of Japanese-officered Mongols already established at Pailingmiau, only 100 miles north of here, under the nominal control of the Mongolian leader, Prince Teh, Suiyuan provincial authorities are fearful of the next move in the triangular game of international intrigue which is a Japanese-supported invasion of this province.

In preparation against such an emergency General Fu Tso-yi, the provincial governor, has concentrated his few available troops along Suiyuan's northern frontier and simultaneously has split the Mongol ranks by inducing some of her agents to withdraw from Prince Teh's Pailingmiau government and establish an autonomous pro-Chinese government on their own.

Youth Convicted Of Murder

(A. P. by Guardian's Special Wire) CAISEGILL, N. Y., May 20—Alfred Volkman, 20-year-old butcher boy and violin playing member of a church choir, was found guilty today of murder in the first degree in the slaying of nine-year-old Helen Glenn, daughter of his Methodist pastor, following an assault.

Supreme Court justice Gilbert V. Schenck, of Albany, announced he would pass sentence Tuesday.

Cardinal Dies

VATICAN CITY, May 20—Alexis Henri Marie Cardinal Lepicier, 73, prefect of the congregation for religious affairs, died tonight.

His death was caused by pericarditis, to the continued lack of interest yields on Dominion treasury bills and other government securities, to the continued lack of demand for commercial loans, and to the increasing burden of taxation, a reduction of one-half of one per cent is necessary in the rate of interest paid on savings deposits and deposit receipts, and that the change will become effective June 1 next.

This further reduction in bank deposit rates should tend to increase the supply of funds available for long-term investments, should facilitate advantageous re-funding at maturity of government and municipal bonds, and should stimulate the building and capital goods industries in which the depression has been very severe. Such a development is essential to a further increase in business activity and employment.

It is understood that similar reductions will be made shortly in the interest paid on deposits by some of the other leading institutions accepting deposits.

HEARD THREATS ON LIFE OF THEATREOWNER

New Light Is Shed On 17-year old Small Mystery Disappearance.

(C. P. by Guardian's Special Wire) TORONTO, May 20—Frederick Osborne, 72-year-old former caretaker of the Grand Opera House here, startled a special hearing into the Small mystery disappearance today by testifying he was offered \$20,000 to assist in the murder of Ambrose Small, millionaire theatre owner.

The offer was made by "a certain man" several months before Small disappeared Dec. 2, 1919 and, because he disliked the situation resulting from the attempt to get him into a plot, Osborne quit his job at the theatre in the summer of 1919.

Persons who recently signed affidavits for use in court proceedings to upset the will of Mrs. Ambrose Small, who died several months ago, were examined before special examiner Thomas T. Rolph. Contents of the affidavits have not been made public but they were of sufficient importance to start police on a fresh investigation of the mystery.

SENATE DEBATE ON B. N. A. ACT ADJOURNED

(C. P. by Guardian's Special Wire) OTTAWA, May 20—A plea from Mari me senators to widen the market for Nova Scotia coal by increasing its penetration into Ontario and Quebec by 2,000,000 tons annually was made in the Senate today during discussion of British North America Act amendments.

The use of the proposed joint parliamentary resolution to Westminster for amendment to the British North America Act was left in a somewhat indefinite position when R. Hon. George P. Graham (Lib. Brockville) moved adjournment of the discussion until next Tuesday night.

"This is a matter of some moment," Senator Graham said. "I have talked to several members and they would like to have a little further time to consider the question." Motion for adjournment of the debate carried without further comment.

Senator Graham was to have continued the discussion today following an attack of Rt. Hon. Arthur Meighen, Conservative leader, on the proposal to amend the constitution.

Reduction In Bank Deposit Rate Is Effective June 1st

(C. P. by Guardian's Special Wire) TORONTO, May 20—S. H. Logan, general manager of the Canadian Bank of Commerce and president of the Canadian Bankers Association, tonight announced on behalf of the Association a reduction of one-half of one per cent in the rate of interest paid by chartered banks on savings deposits and deposit receipts. The change, effective June 1, reduces the rate from two to one and one-half per cent.

The chartered banks announce that owing to the present low interest yields on Dominion treasury bills and other government securities, to the continued lack of demand for commercial loans, and to the increasing burden of taxation, a reduction of one-half of one per cent is necessary in the rate of interest paid on savings deposits and deposit receipts, and that the change will become effective June 1 next.

This further reduction in bank deposit rates should tend to increase the supply of funds available for long-term investments, should facilitate advantageous re-funding at maturity of government and municipal bonds, and should stimulate the building and capital goods industries in which the depression has been very severe. Such a development is essential to a further increase in business activity and employment.

It is understood that similar reductions will be made shortly in the interest paid on deposits by some of the other leading institutions accepting deposits.

Hindenburg On Second Eastward Atlantic Flight

Zeppelin To Follow Course Between Northern And Southern Routes — Favorable Weather Forecast.

(By Robert Okin, Associated Press Staff Writer) (A. P. by Guardian's Special Wire) LAKEHURST, N. J., May 20—The German dirigible Hindenburg, carrying 51 passengers, took off in favorable weather at 11:05 o'clock A.S.T. tonight on its second eastward crossing of the Atlantic.

The last bus load of passengers was taken to the ship's mooring mast 20 minutes before the start of the journey, and the zeppelin was "weighed off" at 10:58, when the stern mooring car was detached and water ballast dropped to level the ship.

When the "up ship" order was given the ship left the ground and immediately headed for New York, where it was due to arrive in 35 minutes, Captain Ernst Lehmann said.

The takeoff, witnessed by approximately 500 persons, was without incident, although it was the first of its kind attempted by the Hindenburg's skipper on this side of the Atlantic.

HEAVY RAIN FALL IN WEST

(C. P. by Guardian's Special Wire) WINNIPEG, May 20—Snow fell in the Crow's Nest Pass region of the Rocky Mountains today while the Alberta wheat and ranching country to the east was receiving the heaviest rainfall in the past two years.

Dull and cloudy skies in Saskatchewan gave promise of rain and in Manitoba it was clear and cool. Temperatures mostly were around 40 above with high wind in southern Saskatchewan. Rainfall would be welcomed by farmers in some parts of southern Manitoba. Rain fell throughout Alberta. In the northern districts it checked dust storms. In the south it brought welcome moisture to farmers who are nearing completion of seeding operations. The snowfall was confined to the Crow's Nest Pass area.

Well Known Clergyman Dies

NEW YORK, May 20—Dr. Walter Laidlaw, widely known Presbyterian clergyman and founder of the Clergy Club, died of a sudden illness today while walking on a Manhattan street. He was 75. He had written extensively on religious topics and was regarded by many persons as an authority on census methods.

Survivors include the widow, formerly Mrs. J. Louise Childs Potter, of Brockline, Mass., whom he married in 1899, a son, Dr. Robert W. Laidlaw, and a stepson, Dr. Philip C. Potter, all of New York.

TAX TO THE GRAVE

EDMONTON, May 20—(C. P.)—Alberta's new ultimate purchasers' tax act will follow taxpayers to the grave. Sales tax to be collected on a funeral of average cost will approximate \$1.50. Opening and closing of the grave, flowers, telegrams and telephone messages are exempt.

FORECAST

Maritime West: Moderate to fresh westerly winds; fair and cool.
Maritime East: Fresh westerly winds; partly cloudy and cool. High tide this morning at 10:15 and tonight at 11:44. Sun sets this evening at 7:28 and rises tomorrow morning at 4:24. First quarter moon Wednesday, May 27, 10:05 p. m. Summerside tide eighteen minutes later than Charlottetown.
