ADMISSION—ADULTS 25c. CHILDREN 10c. President, WALTER R. SHAW, Chief, NEIL McCANNELL, Secretary, T. M. McMILLAN.

Farmers Attention

We would appreciate the co-operation of farmers in bringing more of their hogs in early in the week, that is Tuesday forenoon. In this way it would enable us to give better service and reduce expenses.

DAVIS & FRASER

Half Year Mark Finds Improved Business Trend

(By ALEX. PRINGLE) (Canadian Press Financial Writer) TORONTO, July 2—(CP)—Canadian business wove a pattern of hope and hard grubbing in its first six months of 1939 but it managed to keep its nose tilted a little higher than in the corresponding months of last year. Barometers indicate an improvement of about three per cent, compiled chiefly on faster rate of spring turnover following a first quarter hesitating tempo and indecisive trends.

The royal visit, starting in May, not only gave a spurt to spending generally and even a measure of prosperity to certain lines, but it turned thoughts away from unsettling thoughts of war and produced an atmosphere helpful to industrial planning. April brought a new quota of gains on top of the mild first quarter betterment and by the end of May many key factors in Canadian economy were definitely on the upgrade. Gains of 20 to 35 per cent over May, 1938, are shown for exports of lumber and nickel and production of newsprint and 10 to 15 per cent in copper exports and carloadings. Expansion of export trade generally and a promising opening of the tourist season were factors tending to brighten business picture.

As in past years, Canadian business was influenced in recent months by United States trends. The persistence of low industrial vitality in that country worked with the succession of war scares in shackling Canadian recovery from the immediate slump that set in late in the fall of 1937 and bottomed around June of last year. Great Britain recorded rapid industrial pick-up between December and May and recently France and the United States have displayed definite signs of business revival. Canada's second-quarter pick-up therefore appears to be in harmony with world tendencies.

Price Changes Recent tariff adjustments with Great Britain and the United States have worked to the advantage of Canadian farming and lumbering but low prices still impose a considerable handicap. The Dominion Bureau's index of prices stands currently around 73 (1926-100) compared with 80 a year ago. The decline in the price of wheat has been severe. The return was only \$2,473,800 for 36,676,000 bushels of wheat exported in five months of this year compared with \$22,830,500 for 18,508,500 bushels exported in the same months of last year. Flour exports show an equal increase of volume at correspondingly low prices.

Canadian cattle and sheep are finding a market in the United States in volume far above that of recent years. Shipments of cattle to June 15 totalled 88,007 head compared with 22,258 in the same period of last year, a gain of 300 per cent. Exports of calves in the same period totalled 41,354 against 2,601. Sales of cattle at public stockyards in 24 weeks totalled 310,733 bettering the 1938 comparable total by 11,000 head. Hog marketing show a minor decline. Production of creamery butter in five months was up 1.5 per cent and cheese production 13 per cent. Gold mining continues to play an important role in Canadian economy. Output of the yellow metal in the first four months of this year was valued at \$67,000,000, a gain 12 per cent over the corresponding 1938 period. About 80 mills are now producing gold in the Dominion and more are being planned. Production of base metals out-runs the demand despite heavy armament building programs in all leading countries. Prices also remain low, forcing a number of Canadian non-ferrous metal mines to remain closed.

Industrial Impetus The manufacturing industry is currently operating at a higher level than a year ago. Production is at a higher tempo in footwear and foodstuffs, including flour and sugar and a steady lower level in textiles, iron and steel. Motorcar production was down but is now doing better. Factory output of passenger cars and trucks in five months totalled 79,240 compared with 87,426 in the same months of last year, a drop of nine per cent. Raw rubber imports, a measure of tire production planned for the immediate future, bounded upward 80 per cent in recent months. The building industry has received no unusual impetus from the various aids provided, chiefly low-rate building loans. Burdened by some municipal taxation possibly provides the explanation. Building contracts awarded to the end of May aggregated \$68,000,000 against \$60,000,000 in the same months of 1938. Some pickup in factory building and engagements is noted, the result, evidently, of allowances of income tax credits for plant extensions.

In the field of external trade Canada maintains a satisfactory balance of exports over imports. Domestic exports to the end of May were valued at \$396,720,000 compared with \$224,416,000 in the same 1938 period, a gain of \$172,304,000 or 17.7 per cent. In the five months imports at \$184,412,109 were down 12 per cent from the previous year. Financial factors confirm the signs of a stir in industry. Bank debits in a rising trend. Loans are up \$40,000,000 and deposits \$100,000,000 from a year ago. Canada corporations disbursed \$5,089,904 in dividends in May compared with \$5,783,124 in May, last year. The five months period was slightly in favor of 1938.

WEATHER FORECAST—For month of July, 1 to 6 unsettled, 7 to 12 fair and very warm, 13 to 16 very warm, 17 to 21 cloudy, 22 to 27 unsettled and cooler, 28 to 31 thunder showers.

LOOKING FOR BROTHER—Evidence of the man reaching P. N. S. and other towns visited by their Majesties, Mayor N. W. Mason received a letter last week addressed to the Lord Mayor of Prince Edward Island, New Glasgow from a woman in Wales. The woman, Mrs. Hannah Emily Williams, whose maiden name was Mason, is seeking the whereabouts of her brother James Henry Mason who emigrated to North America with his family in 1924 and from whom she last heard in 1930 at which time he was in Detroit. She had read of the Royal visit to New Glasgow in the South Wales Echo and felt New Glasgow's Mayor might be some connection. Mayor Mason assured her in reply that Nova Scotia was his birth place and that his family had been here for some generations.

MISCELLANEOUS SHOWER—On Thursday evening, June 22nd, the home of Mr. and Mrs. Eric Coles was the scene of a prettily arranged shower tendered to Miss Beth Coles a June bride. The living room was decorated with pink and white streamers, white bells, pinked plates, and ferns. The music of Lohengrin's wedding march played by Miss Verna Rodd the bride-to-be was escorted by Miss Margaret Coles to a decorated chair and joined Miss Maxie Coles in a beautiful bouquet. The gifts from the well filled basket were opened by Miss Margaret Coles and Miss Ella McLaine and presented to the bride-to-be while she accompanied by Miss Hooper. The gifts were tastefully arranged by Miss Verna Rodd. The bride, in a few words, thanked her friends and invited them to visit her and her new home after which "For She's A Jolly Good Fellow" was sung. Lunch was then served and the remainder of the evening spent in social intercourse.

PRINCE STREET SCHOOL HONOR ROLL FOR JUNE

Grade VIII (Miss Walter) Ann Duffy 97; Kathryn MacLean 92; Margaret Eaton 87; Beverly Pound 85.

Grade VII (Miss Aitken) Louis Brown 93; Joyce Coffin 93; Marjorie Spillet 91; Jean Moor 91; Shirlee Sterns 90; Betty Wright 90; Marjorie Cudmore 88; Jeanie Lower 88; George King 85; Elaine Porter 85.

Grade VI (Miss Irving) Myrtle MacLeod 91; Alvina Carr 90; Margaret MacLennan 90; Beryl MacDonald 90; Ailes Dawson 90; Florine Evans 90; Phyllis Brown 88; Marion Funcher 87; Betty Beer 87; Joyce Warren 86; Laura Hawkins 86; Elizabeth Frowse 85; Marjorie Huestis 85.

MEADOWBANK W. L. The monthly meeting of the Women's Institute met at the home of Mrs. Stanley Hyde on June 24th, with an attendance of seven members and two visitors. Meeting opened by singing the Ode and repeating "A Club Members Creed" in unison. Roll call was answered by something we know about the King and Queen. Minutes of last meeting was read and approved. The following were moved and seconded: 1.—That Mrs. Lemuel Drake be appointed to get the flowers for school window boxes.

2.—That Miss Crosby and Mrs. Drake be appointed to attend the convention as delegates. Alternative, Mrs. Stanley Hyde. 3.—That five dollars be given to school meeting. 4.—That the Secretary and president buy books for the end of the year. The roll call was answered with a proverb. Jean Boyle, Evelyn Scott and Daphne MacLean were appointed to look after the programme for next meeting which is to be held at the home of Mrs. Gordon MacLean. Collection 60 cents. The meeting closed with the King.

NORTH ST. ELEANORS Report for the month of June: Grade X—1. Alan Andrew. Grade IX—1. Hope Green. Grade VII—1. Marion Green; 2. Eleanor Andrew. Grade VI—1. Stanley Green. Grade V—1. Walter Green; 2. Bradford MacCormack. Grade IV—1. Sydney Andrew. Grade I (a)—1. Everett Barrett; 2. Evelyn MacCormack; 3. Goldie Green. Grade II (b)—1. Elaine Iman; 2. Shirley MacCormack. Grade I—1. Frances MacCormack. A prize was awarded the pupil having highest average in each grade. Prize for attendance: Eleanor Andrew. Prize for deportment: Stanley Green. F. Dorothy MacMurdo—Teacher.

FIND USES FOR HERRING SCALE EASTPORT, ME., July 3—(C.P.) More and more fishermen in this city and Lunenburg are engaging in the herring scale business. A product that formerly was considered worthless now is being made into a pearl lacquer used to decorate numerous articles. Boats are being constructed with false bottoms especially for this industry. Fishermen bring the boats to the wharf, fill them with herring let them stay a while, then take them out, always finding the boat bottom covered with these precious scales. Capt. Arthur Stewart of Eastport obtained 1,300 pounds of these scales at Perry weirs. More than 1,500,000 pounds will be used in the manufacture of the new pearl case this summer at the three new plants now operating in Quoddy.

NOW IN FULL SWING! THIS GREAT 10-day sale OF RENEWED AND GUARANTEED CARS Renewed means thoroughly reconditioned. Guaranteed means you get a 2-day money-back guarantee and 50-50 30-day warranty against mechanical defects. Glass and tires excepted. All cars properly lubricated and ready for the road. Maritime Life An All Maritime Company Answer No. 6 Maritime Life is an All Maritime Company. Maritime Life offers every form of life, insurance protection which can be obtained from "outside" companies and in addition, your premium money is invested or spent 100 per cent in the Maritimes. Maritime Life is one of the great factors in sustaining Maritime trade and industry. Be practical. Keep Maritime money Maritimes.

Ch'Town Royalty And Vicinity

The children of Parkdale School enjoyed a very special treat on Saturday June 24th, in the form of a day-long picnic, arranged for them by the ladies of Parkdale Institute. Cars led the school about ten o'clock, and drove to Lewis' Point, where the business of fire lighting, clam digging, swimming etc., was gotten underway at once. After a plentiful picnic dinner, and necessary rest time, had been enjoyed, contests in sports, mostly races, under the direction of Mr. L. Dignan, Principal of the School during the past year, supported by Miss N. Brenton and Miss F. Leigh assistant teachers were entered into wholeheartedly by everybody. The wholesome rivalry and fun was greatly enjoyed. Prizes were awarded the winners. After a supper of hot dogs, the entire school and committee in charge were treated to pasteurized milk and chocolate milk by Mr. Percy Gay, genial proprietor of the Sunshine Island Dairy. Trucks and cars were reloaded and the children were returned to their homes, tired and grimy, but blissful, all declaring it had been a day, never to be forgotten. Thanks of the community, is due to the ladies in charge, the teachers, Mr. Gay, those who loaned their cars, and to Mr. Lewis for allowing the picnic to be held on his premises.

Little Miss Hellen McLean, daughter of Mr. and Mrs. Henry McLean, Mt. Edward Road, is about again, after undergoing a serious operation in the P. E. I. Hospital.

Mr. H. Fellish, Union Road, Kings County, was a visitor to Charlottetown and York on Wednesday last.

Mr. Douglas Carr, Brackley Pk. Road, is reported making a steady recovery, in the P. E. I. Hospital.

Miss Lillian McCobe entertained her young friends on Wednesday afternoon, on the occasion of her thirteenth birthday.

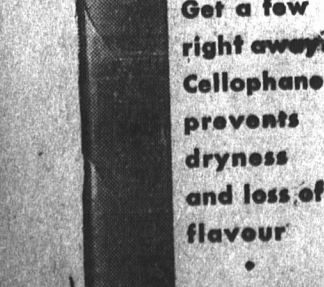

Mrs. Robert Lund who has been ill at her home, on St. Peters Road for some weeks, has been removed to the City Hospital for treatment.

Miss Victoria I. Hudson who has been spending a few days with her parents at St. Avaras, has returned to York.

Miss Irene Vessey, York, is visiting her friend, Miss Gladys Pearson, Mt. Edward Road.
