

Two Thousand Septuagenarians

Two thousand septuagenarians, whose united ages amounted to almost 150,000 years, met at Leicester on Dec. 23 d and each received from Mr. Cooper, of the Framework Knitters' Companies, London, and Evington Hall, Leicester, Eng., a Christmas gift of half-a-crown of this year's coinage.

An Old Relic.

A short time ago, while Mr. H. T. Whiteomb was hunting woodchucks with Mr. Williams, his dog made a fuss near a large pine stub, inside of which a noise was heard, and upon cutting it down a large, live black snake was found, inside of which was a gun barrel, well preserved, over four feet in length, and upon which 1777 is plainly to be seen.

Killing a Bear with Lassoos.

John Aldridge and another young man were riding after stock a few days ago in the pine timber on the Upper Deschutes, when they espied a large bear. Neither being armed they decided to capture him, if possible, with their lariats.

Canine Sagacity Extraordinary.

Mr. A. Read, Secretary, Charing-Cross Hospital, London, writes: "About half-past ten Sunday night, the porter heard a dog whine outside the hall door of the hospital. He opened it, and a rough terrier limped in, squatted on the mat and held up his right fore-paw. The porter seeing the limb was injured, fetched the house surgeon.

A London Editor on the Crofters' Grievances.

Dr. James Macaulay, editor of the Leisure Hour, has addressed the following letter to the Pall Mall Gazette: "Will you allow me space to say that to send English blue jackets and marines to cut down or shoot down the poor Skye peasants would be a political blunder, as well as a cruel crime. It is all very well to assert that law must be enforced but these people are looking to the Government to judge between them and their local oppressors.

Funeral Furnishing a Speciality. Beautiful, Good and Best Value in the Provinces. MARK WRIGHT & CO. Charlottetown, Nov. 14, 1884.

MORRIS & IRELAND'S

NEW IMPROVED PATENT EIGHT-FLANGE FIRE-PROOF SAFE.

THE only Eight-Flange Safe in the world, and containing more improvements than ANY SAFE made, such as: 1st. THE PATENT INSIDE BOLT WORK, which is placing the bolt work with the whole of the filling (six inches) between it and the outside, that is, as far from the fire and thief as it can be. 2nd. THE PATENT HINGED CAP—the back plate of the door being on hinges, enabling the owner, by turning a thumbscrew, to have easy access to the lock and bolt-work. He can thus easily change the lock, clean, oil, and keep the bolt-work in good order. 3rd. IRON INSIDE LINING, stronger than wood, and which retains the moisture in the filling for an indefinite time. Wood is thicker and weaker, and after a few years absorbs the moisture and "requires filling over again." 4th. FOUR-WHEEL COMBINATION LOCKS, the simplest, strongest, most efficient and easiest to change of any in use. 5th. SOLID ANGLE IRON FRONTS, BACKS AND CORNERS, which prevents warping or injury to safe from falling, or falling walls or timbers. 6th. EIGHT FLANGES—the most important improvement ever made in fire-proof safes, no injury arises from this source, as in other safes containing one, two or three flanges. THESE SAFES have stood the test of years, and the greatest fires on this continent, and have the CHAMPION RECORD in the Boston, Chicago and Haverhill Fires.

ELECTRIC GLOSS

FOR cleaning Solid Silver, Nickel, Brass, Copper and Plate Glass. (Quick! Sure Permanent! No dirt, no trouble, no labor. Being entirely free from grit and acids, it cannot injure the most finely finished surface. It is the only preparation ever produced that will polish brass or copper without the use of acid. Nothing approaches it for removing grease and finger marks from Brass, Copper, Glass, etc.; while for cleaning Nickel or Stoves it is especially useful. Retail price, 25 cents per bottle. MICA WASH.—This wash is the only thing of the kind ever invented. A stove may be as handsome as a jewel and shine like ebony; but smoked mica joints will spoil it all. Day by day mica becomes scarcer and higher in price, and an article that will clean and preserve it is valuable to all concerned. Try this wash once, and you will always use it. Retail price, 25 cents per bottle. The above household necessities are manufactured by The Electric Gloss Co., Philadelphia U. S. A., and sold by every respectable Drug, Stove Dealer, Hardware Merchant and General Dealer in Canada. The Canadian trade supplied by JOHN T. REED, 105 Water Street, St. John, N. B. Aug 6—6m and
