SOUVENIR OF

## VICTORIA'S

REIGN.

There is no better tea retailed at 60c. than the tea sold in TETLEY'S JUBILEE CANISTERS.

These were made as a souvenir of her Majesty's illustrious reign and are decorated with as handsome a piece of color work as has ever been seen in Canada. Her Majesty is represented in lifelike colors at the most noted periods of her life; 1837, 1838, 1897; in panels, accurate representations of Her Majesty's Army and Navy are to be found.

When the tea is consumed the tin will be useful as a handsome tea or cake caddy. The tea is worth 60c. The tin is surely worth 50c.

Sold by most dealers at 60c.; if yours cannot supply you send direct to **JOS. TETLEY & CO., 7 BEDFORD ROW, HALIFAX, N.S.** Or 14 LEMOINE STREET, MONTREAL.

A WORD TO THE CARELESS

Many persons do not value their teeth. If they have the toothache their first and only thought is to have the tooth extracted. Just a few words on that point, they go and have it taken out, that is the last of that tooth; they cannot get it back again. Another tooth will begin troubling; out it goes, too, and soon after a while the person cannot masticate food; consequence is their health becomes impaired; then they pay doctors bills, buy medicine, etc., and as a last resort they get artificial teeth. Now look at the question from a business standpoint. In the first place what would be the cost to save the tooth and keep it good for a lifetime? Perhaps \$1.00, and you will have your own teeth in your head, and they were most certainly put there for use. Now think of this—if you had a wart on your finger, that troubled you, would you have the finger cut off to remove the wart? Why certainly not. Well, why loose a tooth to remove an ache. We can stop toothache and save the tooth, and guarantee them never to ache again.

## Artificial Teeth

must be good to be satisfactory. We guarantee satisfaction or we don't want your money.

You can call in in the morning and have your teeth same day.
