More than 2000 Families in Halifax and Dartmouth use Sunlight and Lifebuoy Soaps

exclusively in their homes, and all say they would not have any other kinds.

This information is correct having been gained by competent and trust-worthy advertisers, leaving samples at every house and making careful enquiries.

These families never knew what pure SOAPS meant, until they tried SUNLIGHT and LIFEBOUY.

Why should not others learn and be healthier and happier for the learning.

Price is only 5c for large twin bar.

P. E. ISLAND WINS.—Prince Edward Island has captured 5 of the 6 first-class prizes for cheese, at the St. John exhibition, to the great surprise of all competitors. The attendance at the exhibition this year bids fair to beat the record. On Thursday last 10,491 persons passed through the turnstiles. The live stock show is the best ever seen in the Maritime Provinces. In every department the show is the best ever seen in St. John. The special attractions, with Sauborn's horses, Sutherland's trained animals, the acrobats and the high diver make the parade ground like a circus ring every day.

LAI D TO REST.—There were three funerals in Charlottetown yesterday afternoon, all of which were largely attended. The Sons of England, with the Artillery band, attended Mr. Arbing's funeral, and services were held at the house and at St. Paul's Church. The services over the remains of Mrs. W. E. Bagnall were taken by Dr. Morrison, and a great many floral tributes rested upon the casket. Rev. Father Johnston was the officiating clergyman at Mrs. Byrne's funeral. The burial of Rev. J. Johnston, who died in Nova Scotia last week, took place on Saturday, and the funeral was largely attended. There was an impressive service in St. James' Church at which Rev. Mr. Fullerton made a touching reference to the deceased clergyman.

LUNCH ON THE WAY.—A convenience for persons travelling by accommodation trains west of Summerside consists in the nice lunches which can be obtained in the station house at Ellerslie. But it is a convenience which very few passengers know about. It so happens that the accommodation train leaves Summerside before one feels in the humor for anything to eat and in the same way it leaves Tignish in the afternoon. To accommodate those persons travelling right through Mrs. Oliver began this year, having ready at all times, lunches. In going up there is plenty of time to have a lunch, and if not in coming down Mrs. Oliver will make up a lunch which may be eaten on the car. We would suggest that it be announced on the train every day when approaching Ellerslie that lunches may be obtained in the station house and thus not only assist the caterer but also oblige the travelling public.
