Population of Canada Increases 30 Per Cent

By ALAN DONNELLY

OTTAWA (CP) — Census-takers counted 18,238,247 noses across Canada last June—4,238,-818 more than the population 10 years earlier.

The first complete tabulation of last year's census, issued here by the Dominion Bureau of Statistics, showed a growth rate of 30.2 per cent in the decade.

This was second only to the 34.2-per-cent population rise in the first 10 years of the century when a flood of immigration helped settle the Prairies.

The big industrial provinces of Ontario and Quebec accounted for two-thirds of the increased population. But they were surpassed in rate of growth by Alberta, with a whopping 41.8-per-cent rise, and British Columbia, up 39.8 per cent.

The 1951 census count was 14,009,429, and the 1956 special census showed a population of 16,080,791. The increase in numbers was about the same in the two periods—2,071,362 in 1951-56 and 2,157,456 in 1955-56.

The census gathered a wealth of other material, including age, family size, ancestry, income and whether or not households had cars, TV sets and central heating furnaces. All this information will be tabulated and published during the next year or more.

Apart from Alberta and British Columbia, the only province with a population growth rate above the national average was Ontario. The province grew by 35.6 per cent to 6,236,092, an increase of 1,638,550.

Quebec's population expanded by 29.7 per cent of 1,203,530 to total 5,259,211.

Numerical increases outside Ontario and Quebec: Newfoundland, up 96,437 to 457,853; Nova Scotia, up 94,423 to 737,007; New Brunswick, up 82,339 to 597,936; P.E.I., up 6,200 to 104,629; Manitoba, up 145,145 to 921,686; Saskatchewan, up 93,438 to 925,181; Alberta, up 282,443 to 1,331,944; B.C., up 463,872 to 1,629,082; Yukon, up 5,532 to 14,628; N.W.T., up 6,994 to 22,998.

Saskatchewan CCF Gov't Forecasts Deficit Budget

REGINA (CP)—A record budget providing for expenditures of $174,218,190 and a deficit of $2,392,150 in the 1962-63 fiscal year was presented in the Saskatchewan legislature by Provincial Treasurer A.E. Blakeney.

It was the second straight deficit budget for the CCF government and only the second in 18 years in Saskatchewan.

Last year, Mr. Lloyd budgeted for expenditures of $147,414,930, revenue of $144,749,060 and a deficit of $2,665,870. However, the actual estimated deficit for the 1961-62 fiscal year now stands at $4,000,000. The increase was blamed on drought assistance programs and higher costs of fighting forest fires.

A principal item in next year's expenditure is $46,826,040 for public health, compared with $29,110,940 in the current year.

Most of the increase, $15,322,-000, will be used for implementation of Canada's first compulsory, comprehensive and prepaid medical care scheme, scheduled to go into operation July 1.

The medical care plan expenditure made public health the highest spending government department. Education, traditionally the biggest spender, will get $45,438,290.

No new tax increases were announced. Increases in income, corporation and sales taxes passed at a special session of the legislature last fall were included in revenue for the fiscal year which starts April 1.

FORMER QUEEN HAS ADMIRERS

COLOGNE, Germany (AP) An anonymous admirer of ex-Queen Soraya of Iran has paid the $2.80 postal authorities claim she owed them for a dog bite two years ago.

But, alas, the books still do not balance. Too many gallent men have come to the aid of the beautiful, green-eyed princess.

Toni, Soraya's pet, had nibbled at the leg of a mailman entering the royal home here one day in 1960. Trousers and leg were slightly damaged.

Soraya paid 40 marks ($10), which bought a new pair of slacks. Medical treatment ran up to 11.20 marks (2.80).

Postal authorities turned to Soraya to pay the bill. She ignored the demand, despite several polite reminders.

Last week, things reached a stage where officials said they were considering court action against Soraya. Newspapers ran the story. Help came fast.

Officials said a check for . . . 20 marks was received from a man who insisted his name be withheld. They sent a letter to the Iranian embassy here saying the case was closed.

But it wasn't.

By noon Thursday 20 more cheques or cash-carrying letters had arrived at Cologne's postal headquarters. Even women had taken pity on the ex-queen, last reported skiing in Switzerland.

"All money will be returned to the donors," one official said. "That is, if we know the names and addresses. The rest will probably go to some fund for dog-bitten mailmen. After all, we have to balance our books somehow."

Profit Reported By Mining Group

TORONTO (CP) — Mining Corporation of Canada Limited and three mining companies within its group all reported profits for 1961.

Mining Corporation had net profit of $2,091,859 or 97 cents a share compared with $1,927,027 and 90 cents in 1960.

Geco Mines Limited had net profit of $3,648,037 or $1.22 a share compared with $5,388,-561 and $1.80 a share.

Quemont Mining Corporation Limited reported net profit of $2,409,416 or $1.15 a share compared with $1,999,339 and 95 cents, while Normetal Mining Corporation showed net profit of $1,273,123 or 34 cents a share compared with $1,356,495 and 36 cents in the preceding year.

CONTRACT BRIDGE

The bidding:

South	West	North	East
1 ♥	Pass	2 ♣	Pass
2 ♥	Pass	3 ♥	Pass
4 ♥			

Opening lead — king of diamonds.

The prime purpose of a preemptive bid is to make things tough for the opponents. Thus, when West opens with three diamonds, he has little hope that his side can make a game, but he makes the bid with the expectation that the opponents probably have the better hands and that the preempt will eat up valuable bidding space for North-South.

These nuisance bids are often successful in preventing the opponents from reaching their best contract. The opponents may react in too conservative a manner, or else they may be stimulated by the challenge to reach beyond their depth.

For example, take this hand where South wound up in six spades. It is hard to blame South for jumping to four spades in response to north's takeout double. A three spade bid, being forced, would scarcely have shown the values he had. And it is equally hard to blame North for going to six spades with his enormous hand after South had jumped to four.

However, South played the hand well and ended by making the slam even though he had what appeared to be two inescapable diamond losers. So everything came out all right after all.

West led the king of diamonds. Declarer won it with the ace and saw that the only real chance of making the hand lay in executing an elimination play.

Accordingly, after drawing two rounds of trumps, he cashed the A-K of clubs, crossed to his hand with the king of hearts and ruffed the ten of clubs. Then after cashing the ace of hearts, he led the nine of hearts from dummy.

East played the jack, but instead of ruffing it, South discarded one of his losing diamonds. East had to return a heart or a club, having no other suits left to play.

When he chose the club return, South got rid of his other diamond loser as he ruffed the club in dummy. So South made the slam as a result of the forced ruff and discard.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Z D L B A X N
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation.
