WOMEN'S MISSIONARY SOCIETY RALLY, Tryon United Church, Friday, August 31st, 2.30.

ANNUAL LEGION FALL CARNAVAL will be held in new Curling Rink, Summerside, on September 12-15.

BE A DONOR at Kensington Clinic in Masonic Hall, Thursday, August 30th, between 7 and 9 P.M. 100 Donors Needed.

KENSINGTON MUST GO OVER THE TOP at Blood Donor Clinic in Masonic Hall, Thursday, August 30th, between 7 and 9 P.M. Will you be a donor and help your neighbour as well as yourself?

PASSED AWAY IN SASKATOON — Mr. J. A. MacKenzie, Kensington, received the sad news yesterday of the sudden passing of his sister-in-law, Mrs. MacKenzie, wife of Dr. A. B. MacKenzie, of Saskatoon. The deceased was the former Katie Gay, of Pownal. Surviving besides her husband are one daughter, Mrs. Harvey Yeo, of Winnipeg, a sister, Mrs. Beatrice Judson, also a half brother and two half-sisters. Burial will take place in Saskatoon.

42 DONORS AT TIGNISH — There was an attendance of 42 donors at the Tignish Red Cross blood donor clinic held yesterday morning. This clinic was sponsored by the Tignish sub-division of the Catholic Women's League under the convener'ship of Mrs. J. F. Gallant. Members of the league solicited the donors, provided the assistants for the mobile team and the refreshments for the donors.

YOUTHS IN COURT — Three youths appeared in Summerside Police Court yesterday charged with a break at the shoe store of Sheen and MacInnis about a month ago and each was sentenced to seven months in jail. The same boys are believed to have been implicated in a break at MacLean Motors Ltd. on Tuesday night. A window was broken at the rear of the garage but nothing was taken. Later a truck was stolen from Jenkins Cannery and was chased by police down to Queens Wharf but the three occupants escaped. Also in Police Court yesterday, two other youths were given two months in jail for the theft of jute bags from Mr. Loring Rayner.

WELL BABY Clinic, Alberton Bank of Commerce Building, Friday, Aug. 31, 2-4 p.m. Infants and pre-school children welcome.

STORM IN ALBERTON AREA A short but severe electrical storm struck the Alberton area about nine o'clock last night accompanied by heavy rain and intense lightning. The storm lasted about twenty minutes. No damage was reported.

PERSONALS — Miss Eileen Weeks of Holman's office staff leaves today for Halifax to spend a few days with her brother and sister-in-law.

Miss Marion Woodside of Saskatoon, Sask. is spending her vacation in Summerside and Margate visiting relatives and friends.

Mr. and Mrs. Neil Garland of Moncton were week-end visitors of Mr. and Mrs. Louis Reid, Summerside.

Miss Teresa McKenna, Emerald, has returned home recently, after spending a very pleasant vacation visiting relatives and friends in Boston and Portland, U.S.A.

Mrs. J. Y. MacFadyen of Kensington is visiting friends in Charlottetown, the guest of Miss Mary Johnson, Richmond Street.

Miss Betty MacDonald, Moncton, N. B., has been spending a most enjoyable holiday in Summerside where she has been the guest of her aunt, Mrs. Samuel Simmonds.

Mr. and Mrs. Kenneth Owen and son Blaine, motored to Saint John, N. B., over the week-end. They were accompanied by Mrs. W. A. Howatt and little son Ralph who were returning home after a pleasant two weeks spent with her parents Mr. and Mrs. Burleigh Owen, Malpeque.

S' Side Exceeds Quota At Blood Donor Clinic

There was a perpetual line-up of donors at the Summerside Blood Clinic between seven and ten last evening with the result that the town went over its quota. There were representatives from many of the surrounding districts as well as residents of Summerside itself and many of these were new donors reporting for the first time. The following donors have established records for the number of times they have reported: Reg. Hynes 28, James Connell 23, John Gallant 20, Ralph Cormier 15, Mrs. D. H. Webb 13, Milton Mollison 12, Joseph Murphy 12, Gerald Sheen 10, Frank Savdant 10. With 156 donations to its credit.

"Rockey" Wins Laurels As Aggressive Leader

By BILL BOSS (Canadian Press Staff Writer) WITH THE CANADIANS IN KOREA, Aug. 27 — (CP) — From army commander James Van Fleet as far down the line as one cares to carry it, one never hears here about just "the Canadians." It's "those aggressive Canadians." The tone is one of envy among U.S. commanders whose concern is to keep troops interested in hostilities that Kaesong might end any day. It is one of amazement among troops thoroughly weary of the whole business and astonished that with the possibilities inherent in Kaesong "the guys go on sticking their necks out." And do so almost enthusiastically. In large part they do so because they have come to reflect the enthusiasm of their commander, Brig. John Meredith Rockingham of Vancouver. Rocky's enthusiasm for war and the keenness with which he identifies himself with it — to the minute detail and the fighting of the smallest sub-unit — certainly have been the dominating influences in the 25th Canadian infantry brigade group. The men know him and like him. In operations he's seldom far from the middle, and often forward of the command post. He has been known to go to the forward company and on occasion even to the forward section to see how things are going and, often, to make suggestions. He scales apparently-impassable mountain trails in his jeep, and when the trails give out makes his way on foot to the infantry he wants to see. But he always gets there — even if it means picking up bullets in his tires and taking prisoners on the way. He has done both.

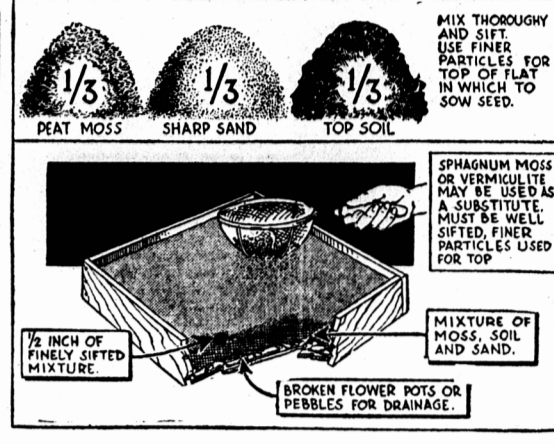

Hard on the Colonels It's sure hard on the colonels. But the same technique paid well when he commanded the 9th Infantry Brigade in Europe during the Second World War. Said Col. Roger Rowley of Ottawa, soon to be director of military training at Canadian Army Headquarters, during a recent visit to the brigade: "He chased me across half of Europe during the war and now, by gosh, he has had me climbing Korean hills." It recalled a Second World War story written by Alan Randal, then war correspondent for the Canadian Press and now chief of bureau in Montreal. Randal reported that Rockingham, a striking six-foot-three target, was walking through a woods — supposedly cleared of Germans — to one of his battalion headquarters, when he was shot at. Instead of falling flat on the ground the Brig., who was carrying a Tommy gun, turned and charged the enemy gun-post. He killed two Germans and took a third prisoner. It wasn't until the divisional commander told reporters about it that the incident came to light. Then all Rocky said about it was: "It was just a matter of self-preservation. They were shooting at me, so I shot back." Rocky's technique has so caught the fancy of British troops in the Commonwealth Division that they've worked up a song about him, a parody of Nelly Lutcher's "Hurry On Down To My House, Baby." One verse, which they sing with good-natured apologies to U.S. army liaison officers present, runs: "Hurry on up to the front line, Rocky."

Popular With Troops The troops love it. "Rocky's here," the word goes around, and "the tension or fatigue of the moment seem less acute." If the troops love it, the battalion commanders frankly don't. They're running the show, and are personally responsible for it. Hence they are bound to their command posts, where they can coordinate the operation. They must save their presence lest it be required in a crucial moment to influence the outcome by rallying their men. Yet they are conscious of the men's reaction: "We always see the Brig. when we're in action, but where the hell is the C.O.?" (the commanding officer). Not that command posts are so far back, incidentally. But even at the C.P., the brigadier has been known to become so enthusiastic over a battle as to take it over holus-bolus. There was one in particular in which he was running the infantry, his chief gunner ranging for the artillery and his chief signals officer doing

the air-liaison work with aircraft putting in an air strike. Ignored on the sidelines were the battalion commander involved, together with the major commanding the artillery battery supporting the regiment. A battalion commander whose troops were slugging over difficult hilly country, sweeping it for Chinese, had kept them going with the goal of being the first United Nations troops to effect a link-up as their incentive. A U.N. armored force had struck deep into Chinese territory, dug itself in and waited, impregnable, until advancing infantry could reach it. The Canadians were about to start on the last leg of the gap when the brigadier heard the way was open, cheerfully got into a jeep in the enthusiasm of the moment and personally effected the link-up.

Success in growing seeds in an indoor seed box will depend to a great extent upon the soil used to fill the box. If this was not brought inside before the ground froze in the fall, it should be dug, and placed under shelter where it will thaw out gradually. If you try to dry soil quickly, with considerable heat, you will make it very muddy at first, and lumpy thereafter. This will be difficult when what you want is a crumbly soil. Slow thawing will do the work, so do not try to rush things. Even though you have taken the best top soil from your garden — as you should — it will still need mixing with sand to make it looser, and humus to increase its water holding capacity. Peat moss or leaf mould will supply satisfactory humus, but do not use manure, even when well rotted, in soil to be used to start seeds. Nor should plant food be used, lest too much nitrogen be supplied for the health of the seed sprouts. A third top soil, a third peat moss or leaf mould, and a third sharp sand, such as masons use in concrete will make a satisfactory mixture. After it is well mixed pass it through a sieve, about 1/4 inch mesh; and keep the coarser particles in a pile, to be used in the bottom of the seed boxes. The finer soil is then filled in to the level of the box; it will settle quickly. Sphagnum moss or vermiculite may be used as a substitute. MUST BE WELL SIFTED. FINER PARTICLES USED FOR TOP MIXTURE OF MOSS, SOIL AND SAND. BROKEN FLOWER POTS OR PEBBLES FOR DRAINAGE. 1/3 PEAT MOSS 1/3 SHARP SAND 1/3 TOP SOIL. 1/2 INCH OF FINELY SIFTED MIXTURE.

Mix Sand, Soil and Peat for Winter Seed Boxes

Success in growing seeds in an indoor seed box will depend to a great extent upon the soil used to fill the box. If this was not brought inside before the ground froze in the fall, it should be dug, and placed under shelter where it will thaw out gradually. If you try to dry soil quickly, with considerable heat, you will make it very muddy at first, and lumpy thereafter. This will be difficult when what you want is a crumbly soil. Slow thawing will do the work, so do not try to rush things. Even though you have taken the best top soil from your garden — as you should — it will still need mixing with sand to make it looser, and humus to increase its water holding capacity. Peat moss or leaf mould will supply satisfactory humus, but do not use manure, even when well rotted, in soil to be used to start seeds. Nor should plant food be used, lest too much nitrogen be supplied for the health of the seed sprouts. A third top soil, a third peat moss or leaf mould, and a third sharp sand, such as masons use in concrete will make a satisfactory mixture. After it is well mixed pass it through a sieve, about 1/4 inch mesh; and keep the coarser particles in a pile, to be used in the bottom of the seed boxes. The finer soil is then filled in to the level of the box; it will settle quickly. Sphagnum moss or vermiculite may be used as a substitute. MUST BE WELL SIFTED. FINER PARTICLES USED FOR TOP MIXTURE OF MOSS, SOIL AND SAND. BROKEN FLOWER POTS OR PEBBLES FOR DRAINAGE. 1/3 PEAT MOSS 1/3 SHARP SAND 1/3 TOP SOIL. 1/2 INCH OF FINELY SIFTED MIXTURE.

crete will make a satisfactory mixture. After it is well mixed pass it through a sieve, about 1/4 inch mesh; and keep the coarser particles in a pile, to be used in the bottom of the seed boxes. The finer soil is then filled in to the level of the box; it will settle quickly. Sphagnum moss or vermiculite may be used as a substitute. MUST BE WELL SIFTED. Two substitutes for soil which may be used in seed boxes are vermiculite, a form of mica used to insulate buildings, and sphagnum moss. These are sterile substances which have many advantages, being much lighter than soil; but they are entirely lacking in plant food and if used the plants must be fed as soon as they have made true leaves, (their second pair) with water, in each gallon of which a tablespoon of your garden plant food has been added.

Success in growing seeds in an indoor seed box will depend to a great extent upon the soil used to fill the box. If this was not brought inside before the ground froze in the fall, it should be dug, and placed under shelter where it will thaw out gradually. FINED \$300 FOR ILLEGAL FISHING RICHIBUCTO, N. B., Aug. 29 — (CP) — A concerted drive by Fisheries Department protective division on illegal lobster fishing and sale activities produced results when three men appeared before Magistrate J. K. McKee here yesterday. The trio paid fines amounting to \$300 each and were given additional jail sentences of two months. They were convicted of having undersized lobster in their possession. The drive followed a recent announcement of Hon. R. W. Mayhew, Minister of Fisheries, that action to curb illegal activities, felt making an undue drain on lobster resources would be stepped up considerably, with more men, boats and equipment placed on the job to do protective work.

Search Goes On For Missing Pair

TIMMINS, Ont., Aug. 29 — (CP) — Planes searching for Bill Barliko, Toronto Maple Leaf hockey player, and Dr. Henry Hudson, Timmins dentist, missing for three days on a flying fishing trip tonight criss-crossed the area around Coral Rapids, 150 miles north of here. They were acting on a report that smoke had been seen coming from a bush area after the appearance Sunday night of a plane over the helmet. Meanwhile James Bay Indians scoured the bay's desolate shoreline by canoe on the chance that the sportsmen's plane had been forced down over the bay. Barliko, husky defence man, and Dr. Hudson left Rupert House on James Bay Sunday on their return trip to Timmins. They had been fishing for salmon trout at Seal River at the mouth of James Bay.

WATER PROVINCE Quebec Province has about 71,000 square miles covered by water.

POTATO DIGGERS

A few RANSOME DIGGERS at last year's prices before new shipment arrives. Also in stock a limited supply of repair parts for HOOVER and JOHN DEERE DIGGERS. These will be hard to get later, order early. On hand also, one second hand JOHN DEERE DIGGER, one JOHN DEERE MODEL M TRACTOR, used part season, traded for bigger model. This is a real bargain.

Count Jacques de Bernoville, second from right, under sentence of death as a wartime collaborator in his native France, has left Montreal for Brazil on a one-way ticket thus ending five years of illegal residence in Canada. It is unlikely he will ever be able to re-enter the country as he has no Canadian passport—no French visa—and was travelling on a safe-conduct issued him by minister plenipotentiary in Montreal, which contains the recommendation that de Bernoville be allowed permanent residence in Brazil. On three occasions this country has officially shown its displeasure with the man who was decorated for gallantry while fighting with the French troops in World War I, and who was found guilty of turning Maquis members over to Nazi torture during World War II. Twice since the Count and his family entered this country under an assumed name back in 1946, the government has ordered him to leave. Twice he has successfully fought the actions on grounds he was a political refugee. Right now the outcome of a third such legal fight is awaited.

Advertisement for SHEEN and MacINNIS shoes. It features the text 'SEPTEMBER MEANS SCHOOL AND BACK TO SCHOOL SHOES FOR CHILDREN!' and 'It's time for Back to School again, and that means time to have your children in for proper fitting in shoes and have their feet x-rayed to assure plenty of length and width.' It lists various shoe styles like 'SISMAN SCAMPERS' and 'FOR GROWING GIRLS' and provides the address 'SHEEN and MacINNIS YOUR FAMILY SHOE STORE'.
