

WEATHER

Table with weather forecasts for Toronto and other cities, including temperature ranges and conditions.

HALIFAX (CP) — The weather office says southerly winds will move into the Maritimes today bringing cloud and milder temperatures to all regions.

Forecast: New Brunswick and Prince Edward Island: Snow beginning during the morning and changing to freezing rain, then rain, by evening.

High tide today at Charlottetown at 8:24 a.m. and 7:20 p.m. Summer side tide eighteen minutes later than Charlottetown. Sun rises today at 6:58 a.m. and sets at 5:54 p.m.

Ask Information Re Missing Girl

The City Police Department is investigating the whereabouts and disappearance of Lorraine Gallant, 17 year old daughter of Ernest Gallant of Charlottetown.

She is described as being 5 ft. 3 inches tall, 115 pounds in weight with light brown hair and blue eyes.

There are no forests in Greenland, but dwarf willow trees and birch grow in some areas.

Honour Men Who Served In South African War

A representative membership of the Canadian Legion, accompanied by veterans of the South African war, Harry Hyde, Lieut. Col. W.C. Cook and Lorne Stewart yesterday paid their annual tribute to the memory of their comrades who served in the African campaign.

The brief but impressive ceremony took place at the South African War memorial on Queen Square where Rev. E.S. Evans in the course of his remarks said "It is with a deep sense of gratitude and thanks to Almighty God that we meet today to pay our tribute to those who answered the call to serve some fifty-seven years ago.

Some made the supreme sacrifice—others were spared to return to us and happily three of the South African veterans are with us here today. To them we pay a special tribute. Another of that gallant band who was with us last year, has entered into his rest—may he rest in peace."

"Of special significance," Mr. Evans continued, "is the remembrance also of General Baden-

These world friendship movements are organized.

HOIST SCOUTING-GUIDING FLAGS

Ceremony of raising the Girl Guides and Boy Scouts World Flags at the City Hall yesterday morning commemorating the 100th anniversary of Lord Baden-Powell of Gilwell, founder of the Scout and Guide movements, also the birthday of Lady Baden-Powell, World Chief Guide.

The color party for lowering the Guide flag in the evening was Vicky MacMillan, Judy Dewar and Ann Moore 11th and 12th Co. (Zion) and the Scout party the same as in the morning.

Federal Tax Collections Are Up Sharply To Boost Surplus

OTTAWA (CP) — Federal tax collections rose sharply in January, boosting the budgetary surplus by \$175,199,000 in the month and increasing it to \$536,320,000 for the first 10 months of the fiscal year.

The 10-month total was triple the \$178,507,000 in the previous April-January period, and tended to strengthen speculation that the government will end the year March 31 with a substantial surplus, perhaps of more than \$300,000,000.

The figures were included in the regular monthly Treasury statement issued by Finance Minister Harris Friday. Officials said there would be no further monthly statements before the budget, indicating that Mr. Harris likely will introduce it towards the end of next month.

There has been speculation the government may bring it down either March 19 or March 26.

The 10-month surplus of \$536,320,000 compares with Mr. Harris' initial forecast of a \$113,000,000 surplus for the whole year. Bills tend to pile up toward the year-end, chipping away at the surplus. The government also is likely to apply the \$100,000,000 cost of the Canada Council to this year's accounts, reducing the surplus still further.

But even so, it appears likely that Mr. Harris will have a substantial balance, perhaps about three times the amount he originally forecast. It is understood the surplus is being used to pay the national debt which now is about \$1,000,000,000 or so.

Both revenues and expenditures increased in January, but tax collections raced ahead. Revenues rose to \$525,294,000, a gain of \$74,880,000 over the previous year increasing the 10-month total by \$627,800,000 to \$4,162,833,000.

Personal income tax collections increased in the month to \$159,035,000 from \$138,710,000 a year ago and in the 10 months to \$1,193,349,000 from \$1,096,071,000.

The take on corporation incomes edged up to \$14,531,000 from \$91,458,000 in January and to \$1,035,704,000 from \$820,885,000 in the 10 months.

Import duties rose to \$50,536,000.

Trinity Scouts And Cubs Honor Group Founder

Friday evening 235 Trinity Scouts, Cubs, Dads and guests enjoyed a delicious banquet served in a most efficient manner by the Junior Women's Association of Trinity United Church and paid honour to the founder of the Scout and Guide movements.

The program for the evening was presided over by Scoutmaster Bill Reid and was as follows: Grace, Rev. A.F. MacLean; Introduction of Head table guests; Investing of a new leader, Provincial Commissioner R.C. Parent and District Commissioner Dr. George Fisher; presentation award for outstanding work to Cub Alan MacLean by Dr. George Fisher; Address, "The Founder and Our Movement," Executive Commissioner E. Gordon Kerr, Entertainment, Stanley Cup Playoffs of 1956; Benediction by Rev. Howard Christie.

Later in the evening, through the kindness of Mr. R.C. Parent, members of Trinity Troop "C" with their girl friends and leaders of the group with their wives enjoyed square dancing and refreshments at Birch Court to bring a very successful evening to a close.

A. C. Gould, 83 Dies

ELMIRA, N. Y. (AP) — Alexander C. Gould, 83, father of executive editor Alan J. Gould of The Associated Press and of Leslie Gould, financial editor of the New York Journal-American, died here Saturday.

The elder Gould was assistant sales manager of the American Salesbook Co., now Moore Business Forms, Inc., until his retirement some time ago.

Expect Mid-Canada Radar In Operation During April

By DAVE MCINTOSH Canadian Press Staff Writer OTTAWA (CP)—The \$200,000,000 Mid-Canada radar warning line will be in full operation in early April, assuming good weather conditions, defence department officials say.

The western section of the line between James Bay and Peace River district of Alberta went into operation on schedule New Year's Day but authorities say execrable weather has delayed completion of the eastern sector from James Bay to the Labrador coast.

Low cloud ceilings have halted helicopter operations. The egg-beaters lift the equipment from the main marshalling yards at Great Whale River on the south-east shore of Hudson Bay and Knob Lake in north central Quebec to the radar sites on misty mountain tops.

Meanwhile, officials disclosed that operation of the 3,000-mile line in its first year will cost about \$18,000,000. This amount includes the defence department estimates which have already been submitted to Parliament.

In Southern Canada is the Pine-tree radar system which controls operations of RCAF and U.S. Air Force jet interceptors. Down the flanks of the continent are "gap-filler" radar stations on land, Texas towers some 100 miles out to sea and radar picket ships and planes.

Canada has entirely financed the Mid-Canada line. Original cost estimate was \$170,000,000. This later had to be increased by \$30,000,000. Construction required transportation of more than 200,000 tons of equipment.

At that time the committee voted 8 to 1 to "take no decision regarding the credentials submitted on behalf of the representatives of Hungary."

U.N. Does Not Recognize Diplomats From Hungary

UNITED NATIONS, N.Y. (CP) — The United Nations General Assembly declined Thursday to recognize diplomats sent to the world organization by Hungary.

By a vote of 60 to 0 against with one abstention, an assembly plenary session gave its approval to the position taken by its credentials committee earlier this month.

The election of officers resulted in the following Director: Rt. Rev. R.V. MacKenzie, President, Mrs. Percy MacDonald; First Vice-President, Mrs. J.M. Lee; Second Vice-President, Mrs. Reg McCarville; Third Vice-President, Mrs. Fred Driscoll; Recording Secretary, Mrs. (Dr.) James Higgins; Corresponding Secretary, Mrs. Eugene Gorman; Treasurer, Mrs. George Cheverie; Councilors: Mrs. Joseph Dowling, Mrs. Eugene Daley, Mrs. John Beaton.

Medium Trawler Reported Best

BOSTON (AP) — The U.S. fish and wildlife service says Boston's fishery industries showed little improvement in 1956 despite increased landings and better prices.

"Only a few vessels reported a successful year," the report said, adding that "the trend indicates that the large trawler is on the way out and is being replaced by the medium trawler."

On the credit side, the report listed some favorable developments in 1956: A group of over 20 smaller fish pier firms formed a processing and marketing co-operative and in April commenced operation. Near-capacity production was maintained. Ex-vessel prices did not dip as low as in 1955 and the fleet operated at near capacity to the extent that available stocks of fish permitted.

The fish and wildlife service's program was increased and stepped up on projects designed to aid the fishery industries in Boston and other New England ports.

Total fishery products landings in Boston in 1956 were 147,185,000 pounds compared with 136,502,000 in 1955.

Two Workers Are Badly Burned

BLIND RIVER, Ont. (CP)—Two construction workers were badly burned Saturday in separate accidents.

Gilbert Michael of Crystal Falls, Ont., suffered severe facial and hand burns when a propane gas heater exploded in his face. The hydro crew foreman was attempting to re-light the heater when it exploded.

Bill Thibean, 39, of Campbellton, N.B., was burned while attempting to light an oil burner.

Under existing loan terms, Canada can agree to the requested waiver of interest only if, among other things, the U.S. agrees to grant a similar waiver of \$81,800,000 interest on its loan to Britain.

Earlier Thursday, Mr. Harris told a reporter that the Canadian government has not yet reached a decision on the question. However, his associates intimated that some action may soon be taken and that it would be in Britain's favor.

The forecast legislation, if brought in, could provide means for independent Canadian action to grant Britain her requested waiver, provided the U.S. does not grant this on the other loan. However, Canadian officials feel the U.S. will act and thus clear the way for Canada to waive the interest payment due this country.

No Decision Re U. K. Request

OTTAWA (CP)—Prime Minister St. Laurent said Thursday the Canadian government "may possibly" bring in a bill this session to modify the United Kingdom Financial Agreement Act of 1946 under which Britain obtained a huge loan from Canada.

Britain has asked for a waiver on its 1956 interest payment of \$22,200,000 and has made a similar request to the United States on a parallel American loan.

Plan re-union of Island Regiment

A planning committee of former members of the Prince Edward Island Highlanders met yesterday to arrange a re-union of the Regiment to be held next summer in connection with the Summerside Lobster Festival, July 15-19. The re-union will take place on the 17th.

Seen above are the members of the committee left to right: Cecil Palmer, Queens County Vice-President; Francis MacNeill, Secretary, Summerside; Lt. Col. W.A. MacDonald, chairman Charlotte-

ton; Grant Travers, General Committee Chairman, Summerside; Charles Hogan, Director of the Summerside Lobster Carnival. Other members appointed to the committee are Harry Daly, vice-president for Prince County; Lt. Col. John A. MacDonald, Vice-President for Kings County. Mr. Hogan assured the committee that the carnival directors would cooperate in every way to see that the re-union would be the success that is planned.

Local Scout Presented With Award For Gallantry

Queen Scout Raymond MacLean of Charlottetown was presented with a Certificate of Merit for Gallantry by His Honor Lieutenant Governor T.W.L. Prowse at the morning worship at Zion Presbyterian Church on Sunday where Scouts, Guides, Brownies and Cubs attended and took part in the service in honor of the 100th anniversary of the late Lord Baden-Powell, founder of the original Scout movement. The award was made to the Charlottetown youth in recognition of his rescue on January 25, 1955, of William Ralph Hamby after the latter had fallen through river ice.

Rev. Richard Ellsworth celebrated the 11 a.m. Mass at St. Dunstan's Basilica where Scouts, Brownies and Cubs attended in honor of the late Lord Baden-Powell. At Holy Redeemer the Rev. Frederick Coughlan was a celebrant at the 9 a.m. Mass which Scouts and Cubs attended.

Cubs and Scouts were also in attendance at the morning service at the Baptist Church, while members of all four scouting groups attended the evening service at Trinity in a body.

St. Pius X CWL Sub-Division Officers Elected Yesterday

Mrs. Percy MacDonald, Mount Edward Road, Charlottetown was elected president, of the newly formed sub-division Catholic Women's League of Canada, of Saint Pius X Parish Parkdale, at a largely attended meeting of enthusiastic ladies, held in the parish hall, yesterday afternoon.

Rt. Rev. R.V. MacKenzie, Parish Priest in his remarks outlined the purpose of the meeting, and in the unavoidable absence of the Provincial President, and the Organizer for Queen's County, called upon Mrs. Lorne L. Noonan to proceed with the formation of the league, to be known as Saint Pius X Parish Sub-division.

Mrs. Noonan in her opening remarks brought greetings from the Provincial Council and then explained the origin, aims and objects of the league. Mrs. Percy MacDonald was elected chairman and Mrs. (Dr.) James Higgins, secretary for this organization.

Farmers' Union Pres. Warns Against A Switch To Stock

OTTAWA (CP) — Arthur Platt, president of the Alberta Farmers' Union, suggested Thursday it would be practical to get a 10-per cent reduction in Canadian Prairie wheat production through a system of cash incentives for wheat farmers.

He told the special Senate committee on land use that Canada's wheat acreage is down about 25 per cent from its peak but the country still is producing more wheat than ever. This was due mainly to climatic conditions and improved varieties of rust-resistant wheat.

Under questioning he said "it would be practical to get a 10-per cent reduction in production if there were incentives — I mean cash incentives."

He added that the union thinks of incentives as being similar to the United States soil bank plan by which farmers are reimbursed to produce nothing on part of their land.

However, he warned that Canadian farmers should be careful not to switch too quickly from crops to livestock. A surplus of livestock would make matters more difficult than the present surplus of wheat.

PERSONALS

Mrs. R.C. Parent returned to Charlottetown Sunday evening from Moncton, where she had been taking part in Baden-Powell Centennial observances.

N. B. Approves Bequeathing Eyes

FREDERICTON (CP) — The New Brunswick legislature adjourned for the weekend Friday after an abbreviated 45-minute session that saw 10 petitions for private bills introduced.

It was the first business session of the House since the formal opening Thursday. The bills are not formally introduced until they pass through the standing rules committee.

Second reading was given to the first government bill, an act to legalize the bequeathing of eyes for corneal transplants. The act passed through second reading without comment. It was introduced Thursday by Premier Hugh John Flemming.

Mr. Platt said there was concern over lack of conservation of prairie soils. Every means should be taken to protect the forest cover of the headwaters of Western rivers, or the west would be "in for trouble."

He was one of three witnesses testifying in the committee's continuing investigation of land use fees, headed by Senator C. G. (Chubby) Power (L—Quebec), is expected to take two years or more in its investigation.

S. J. Chagnon, assistant deputy minister of agriculture, told the
