Island Interscholastic Meet

The Prince Edward Island Interscholastic Association held its annual winter meeting over a bit of supper at the Islander Motor Lodge on Wednesday evening. This body has contributed a lot to Island sports in recent years and they met Wednesday to discuss plans for the operation of basketball and hockey leagues for the Island's boys and girls whom are attending high school, this winter.

The following executive members were present at the gathering: John Kane, president; David M. Boswell, executive secretary and Rev. Frank Cameron, secretary treasurer. Representatives from the respective centres included: Earl Nicholson, PWC; John Hughes, Souris; Dave Harper, Tignish; Aquinas Ryan, Morell; Boyd MacDonald, Crapaud; George O'Donnell, Summerside: Bob Miller and Mrs. Joan Sterns, QCHS.

Mrs. Nancy Knowels of Summerside was appointed referee-in-chief for the girls basketball league. Jim Fox was named to a similar post for the boys loop and Brian Lewis was appointed referee-in-chief for the Island Interscholastic hockey leagues.

There were only two representatives of the Island Interscholastic Senior 'A' hockey league in attendance. Prince of Wales college was represented and St. Dunstan's High School. Neither Summerside High nor Montague had a representative in attendance. We have heard through the 'grapevine' that this four team 'A' loop will not be in operation this season.

We have heard from several sources that the reason the loop is on the brink of elimination is because St. Dunstan's High School is too strong and the other schools haven't got the facilities to compete against the Red and White squad. We are inclined to sympathize with Montague in this respect, they depend on natural ice and as a result don't get near the ice time that the other schools get. We fail to see any reason why two other schools can't compete with the Mapleque Road students.

The St. Dunstan's High School team have indicated that they may enter a team in the Charlottetown and District junior loop. This is going to present several problems for the league executive, as they have their plans and schedule arranged for a four team loop plus the fact that there is already a St. Dunstan's representative in the junior loop. Although, we think it is feasible we don't think another Saints representative would do anything to help the league which is already having difficulty drawing fans. The addition of a fifth team would also mean the individual teams would get less ice time than alloted them under the four team set up.

If the four team Interscholastic loop doesn't go into operation we think the best thing for the local high school to do would be allow their players to go 'Free agent' and in this way the players could line up with the junior team of their choice and thus preserve the balance of the league.

Tid Bits From Here And There

We read in the Moncton Daily Times yesterday that Eustace Reeves, a bone-jarring rearguard, was expected to line up with the Moncton Hawks when the Hawks took to the ice to do battle with Windsor-Dartmouth Keith's. Eustace will be remembered by local fans as a sturdy defenceman with Sandy's Royals. Reeves was playing in the Southern New Brunswick league with the Fredericton Capitals. Gerry Kane of Charlottetown is also in a Fredericton Capital uniform this season.

New York Rangers of the National Hockey League, called up Bob Plager, a rookie defenceman, from Vancouver of the Western League Thursday and shipped Don Johns, also a defenseman, to Baltimore of the American League.

Scoring star Graham Hollihan of St. Francis Xavier University has jumped into an early lead in the Maritime Intercollegiate Hockey Conference scoring race. He picked up seven points over the weekend as the X-men trounced Dalhousie Tigers 10-1 and 7-1. Hollihan netted four goals and contributed three assists.

Indian Colleen owned by Stanley Mayhew, Kinkora, and teamed by Winston Campbell raced to a double victory on the 10-dash harness racing program at Halifax's Exhibition Park on Wednesday.

John Young a native of New Glasgow made quite a debut into the Maritime Senior Hockey League as he banged home FIVE goals to lead the Rangers to a lopsided 14-2 victory over the Moncton Hawks.

Canadiens Down Toronto; Detroit Shades Bruins 4-2

By TED BLACKMAN

MONTREAL (CP) — Montreal Canadiens grabbed a four-goal lead and withstood a late Toronto challenge Thursday night to defeat the Maple Leafs 4-2 and climb into a second-place tie in the National Hockey League.

The Canadiens jumped into a 2-0 lead with second period goals by Dave Balon and Jean Beliveau and wrapped up their third straight victory on markers by Bobby Rousseau and Jim Roberts early in the final period.

The Leafs finally got to Montreal goalie Charlie Hodge at 8:54 of the third when Dave Keon scored the 100th goal of his career on a power play. Ron Ellis added another Leaf goal four minutes later, but Montreal slammed the door from that point.

The win saw Montreal move into a second - place tie with the Leafs at 23 points, three points behind the league - leading Detroit Red Wings.

The Leafs used Johnny Bower in nets for the first time since Nov. 15 and the move backfired as he dropped his sixth straight game. Part of the blame rests with his teammates, who have only scored 13 times in the last seven games that Bower has been in the cage.

Another strategem of Leaf coach Punch Imlach misfired and gave Montreal its final goal. Imlach used a power play with three defencemen on the attack and two forwards at the point, but Roberts broke it up and scored the clincher.

Balon ended the scoreless duel at 2:45 of the second period, tipping in Claude Provost's pass from the corner. Then Beliveau clicked on a power play, blasting a high shot into a leaf net left empty when Bower stopped Yvan Cournoyer's short shot from the side.

The game went out of Toronto's reach early in the final 20 minutes when Montreal connected for two strange goals. Rousseau bounced his fourth of the season in from an improbable angle and Roberts scored with a sharp-angle shot after over-skating the net.

First period—No scoring. **Penalties**—Balon, Morton 9:53, Ferguson 13:28, Horton 17:38.

Second period—1. Montreal, Balon 5 (Provost, Talbot) 2:45; 2. Montreal, Beliveau 5 (Cournoyer, Ferguson) 8:48. **Penalty** —Brewer 7:58.

Third period — 3. Montreal, Rousseau 4 (Beliveau, Harper) 4:01; 4. Montreal, Roberts 2 (G. Tremblay) 8:34; 5. Toronto, Keon 3 (Kelly, Douglas) 8:54; 6. Toronto, Ellis 7 (Brewer, Douglas) 12:38. **Penalties** — Ferguson 8:03, Baun, double minor, misconduct, Harper double minor, misconduct 8:34, Brewer 14:13.

DETROIT 4 BOSTON 2

DETROIT (AP) —Detroit Red Wings, stunned by Murray Oliver's goal with the game only 61 seconds old, got untracked in the second period and reaped four goals from a 22-shot barrage for a 4-2 victory over Boston Bruins Thursday night.

Pit Martin, Floyd Smith, Gary Bergman and Parker MacDonald were the Detroit marksmen, with Norm Ullman assisting on the latter three to take the National Hockey League individual scoring lead.

The victory stretched Detroit's unbeaten streak to five games and increased their NHL lead to three points over runnerup Toronto and Montreal.

The goals by Bergman and MacDonald made history—the first NHL marker by Bergman, a rookie defenceman, and the 100th for the veteran MacDonald.

Martin started the Wings' rally when he backhanded in Ted Lindsay's rebound at 4:15 of the second period for his first goal in 13 games and his second of the season.

Ullman's line took command then and the 28-year-old center's three assists boosted him into the scoring lead with 24 points, one more than Chicago's Bobby Hull.

Smith fired in a press from Parker MacDonald to put the Wings ahead at 8:20. Then Bergman took a passout from Lindsay and laced a low shot past goalie Ed Johnston, who was screened and didn't see it.

MacDonald made it 4-1 with his fourth goal of the season at 14:29, just after Johnston twice stopped Smith who was trying to lift the puck into the net.

Ullman won the face-off and MacDonald spun around with the puck and whipped a 30-foot backhander under the crossbar.

Johnny Bucyk finally clicked at 13:47 with his eighth goal to close the gap, going in all alone.

SUMMARY

First period—1. Boston, Oliver 3 (Bucyk) 1:01; **Penalties**—Lindsay, Boivin 10:37.

Second period — 2. Detroit, Martin 2 (Lindsay, MacGregor) 4:15; 3. Detroit, Smith 7 (P. MacDonald, Ullman) 8:20; 4. Detroit, Bergman 1 (Lindsay, Ullman) 10:41; 5. Detroit, P. MacDonald 4 (Ullman) 14:29. **Penalties** — Dornhoefer, Lindsay 5:23, Smith 14:57.

Third period — 6. Boston, Bucyk 8 (Boivin) 13:47. **Penalties**—Bergman 5:59; Bergman, minor, misconduct, 14:35; Oliver 14:49; Fleming 17:48.

HUNTER'S CORNER

Hunting Season Nears End; Kills Are Far Below Normal

December is with us once again and duck and goose hunting will soon be relegated to the memory column... bitter though it be. The opening morning was a disappointment so far as our local black ducks were concerned. In most areas they were practically non-existent. Why do hunters delude each other into 'brain washing' themselves into the belief that we had lots of black ducks awaiting the opening gun on the morning of October 15th. Even our teal ducks were a wash-out in many areas. The Northern red-legs... the big blacks that hatch in the north ... arrived in normal numbers but salt water shooting requires time, patience, knowhow and hard work. The sixty-five dollar question is "Where do we go from here?"

Our wildgeese are present in normal numbers but the kill to date is a mere 25 per cent compared with normal years. Changed tactics by the geese was the cause and not the scarcity of birds. A bumper crop of grain was late harvested and thousands of bushels of plump, mealy kernels were left on the ground after the combine had taken its course. Geese had no system in their feeding hours this season ... they fed morning, afternoon and at night ... in short whenever the mood was on them. Whoever bags a December goose has a prize fit for a King ... white skinned and hog fat with a flavour that is simply out of this world.

I have been approached by a number of sportsmen within the past week who have expressed grave concern over the future of our goose hunting. This week I had a long talk with a veteran goose hunter. He walked up to me with concern written all over his face and remarked, without any preliminary conversation. "They are going to drive every wild goose off the Island". He went on to explain about the tactics employed by the new crop of hunters with respect to geese. He told me they were using rifles, lead slugs in shotguns, wire cartridges and the crowning act occurred on Monday or Tuesday of November 23rd or 24th. He had marked the exact date down but didn't happen to have the slip of paper on which it was jotted down with him.

He first asked me how a machine gun sounded and when I explained and gave a vocal demonstration of their rat a tat tat in short bursts with slight pauses in between and explaining when opened to full capacity there was a continuous volume of sound. He replied: Thats it ... there was one used on the geese in the Earnscliffe area just at daybreak at approximately 7.30 a.m. He went on to explain that before this happened there were about three thousand geese in the area of Donald John's ... in the Cove ... and Earnscliffe. There wasn't a goose to be seen after this happened and the area is, or was at time of our talk, absolutely devoid of geese. He may have been slightly out when he quoted the three thousand number but I do know that they were well over the one thousand mark a few days before this infraction occurred.

Even with a machine gun used there is still a lot of space around a goose on the wing. Such tactics most certainly cuts down on the local kill on geese but ... it drives them south into the arms of waiting U.S. hunters ahead of schedule. It has also been reported that a fast speed boat, equipped with a powerful searchlight, drove full speed into a huge 'raft' of geese somewhere around midnight. The rattle of the automatics were heard above the sound of the high powered motor. This infraction is alleged to have taken place in the Seaview general area. The story goes that geese were being picked up along the shoreline days after this infraction. "Where do we go from here?" is the big question at the moment.

North River Juniors Nip Prince Of Wales

In an action packed hockey game at the Charlottetown Forum last night North River Juniors picked up their first win of the night as they downed Prince of Wales Welshmen 5-4.

The first period started out fast and furies as both teams played wide open hockey with no real scoring chances for either team. In fact there were only five or six shots on goal in the first period and the only one that eluded either goalkeeper was one that the North River goalie was screened on. This came about when Cyr picked up a lose puck in the North River zone and used two of his teammates along with the two Junior defencemen as a screen to rifle a shot at the North River net which the goalie managed to stop but Cyr picked up his own rebound and lifted it over a sprawling goalkeeper.

No one expected the game to continue on such a fast pace but the game not only was as fast but contained even better hockey than the first period Barry Newson put North River on the scoreboard when he received a clearing pass from a Welshmen defencemen at center ice and worked his way towards the Prince of Wales goal. Newson sidesteped two of the Welshmen forwards and slid between the defence and shot a hard shot under the outstretched leg of MacArthur.

With the score tied at the end of the second period the North River crew came out fighting in the third. Barry Newson, Vessey and Dickson scored before the Welshmen knew what hit them.

Then the Colligers started to apply the pressure. Ron MacArthur scored at the 8 minute mark and in exactly one minute MacArthur added his second. Vessey then scored what proved to be the winning goal on a pass from E. Taylor.
