Henry Mallard of Gowan Brae, was elected Vice-President and James C. MacAulay of Souris is the new Secretary. John R. McLean and Henry Mallard were appointed as representatives on the County Executive. The meeting was presided over by the retiring President, J. Frank Sterns.

Melvin McQuaid, the Provincial President, outlined to the meeting the organizational work being done at the present time on the provincial level. He urged all District Organizations to go to work immediately with plans for the next Provincial election and get candidates nominated and in the field early. December 1st, 1957 should be the deadline, Mr. McQuaid said.

He pointed out that the Conservative party secured 46 per cent of the popular vote at the last Provincial election and that it should now be our aim to build an organization which would represent this 46 per cent and any of the 54 per cent who previously supported the present Government but were now not satisfied with what it is doing.

"The history of our party should be explained to the young men and women who will be voting for the first time," Mr. McQuaid stated. "A whole generation has grown up since the Conservative Party last held power in this Province and they must be made acquainted with the major contributions our party has made to the building of Canada."

Dr. A.A. MacDonald was warmly welcomed as he arose to speak and he urged thorough organization as the most effective means of winning an election. He suggested regular meetings of the District Executive and as his suggestion, the meeting resolved to hold regular quarterly meetings. John R. N. Y. STOCKS

NEW YORK (AP)—Rails, which have lagged behind in the summer rise, came to life Monday and were the leaders in another fair-sized stock market advance.

They had some help from utilities in boosting the average higher for the third straight session but the rest of the list was spotty.

The rail component of the Associated Press average made its biggest leap since May 29 as news of renewed efforts to settle the steel strike bred hope that the carriers would snap out of the doldrums.

The AP average of 60 stocks advanced 70 cents to $189.20.

Geiners among pivotal stocks improved by fractions to around two points and the losing end was about the same.

A number of Canadian issues finished with small gains with Dome Mines, Granby Mining and International Nickel up ⅛. Canadian Pacific was down ⅛.

On the American Stock Exchange, Brazilian Traction was down ⅛ while the oils finished with a mixture of fractional gains and losses.

For the second straight session American Telephone topped the most-active list, gaining 1¼ at 184 on 36,600 shares.

Among steels, Youngstown Sheet and Tube rose 1⅛ and Bethlehem ⅝ while Republic slipped ⅛.

Motors were mixed. Union Pacific led the major rails with a leap of 2¾.
