

Eleven Sufficient Reasons Why Every Farmer Should Vote For the Opposition Candidate.

1. The Government has increased the public debt \$33,000,000 without any definite improvement to the public works.
2. They have increased the offices of the country, and increased their salaries, of the officials to the extent of \$160,000 per year.
3. They increased the number of Cabinet Ministers and increased their salaries, though when in Opposition, they claimed the number should be reduced to seven, with a proportionate saving in salaries.
4. They opposed coalitions when in such Opposition, and afterwards coalesced with such life-long Conservatives as Cartwright, Scott, Burpee, Smith and Cauchon.
5. They objected to any connection between the Federal and the Local Governments and afterwards went hand in glove with the Local Governments in the different Provinces for the interests of party and against the interests of the country.
6. They allow American corn to come into Canada free of duty and have reduced the price of our barley so that it is not worth growing.
7. They have increased the excise duty on malt from 36 to 72 cents per bushel. The result is that it does not pay our farmers to raise barley, the returns from the whole of Canada showing that not one bushel is raised now where ten was raised a few years ago.
8. This action of the Government reduces the quantity of beer made out of Canadian barley and increases the quantity of whiskey made out of American corn.
9. They allow American oats to come into Canada free of duty, while Canadian oats is excluded from American markets.
10. They have gone back on every profession made when in opposition and find themselves "a Reform party without anything to Reform."
11. They are responsible to a great extent for the hard times and their policy, or rather want of policy is tending to make times tighter.

A characteristic anecdote of Garibaldi is related in a "Life" of that General recently published. One evening in 1861 he was met by a Sardinian shepherd, who was lamenting the loss of one of his lambs. Garibaldi at once proposed to his staff that the mountains should be explored for the little vagrant, but after an unavailing search the soldiers retired to rest. Not so the General, however. For the next morning Garibaldi, who was accustomed always to be the first man awake in the camp, was found by his attendant in bed and fast asleep. On being aroused he opened his eyes in some alarm, and instantly inquired whether the rest of the house were awake or not. He was relieved on receiving an answer in the negative, and stretching his arm under the counterpane of the bed, he brought to light a tiny lamb, which he handed to his friend, urging him to take it with all speed and without being observed to the disconsolate shepherd. The friend had just time to remark that by the side of the bed was a saucer, in the bottom of which remained a few drops of milk.

Victoria Coal Company, SYDNEY, C. B.

THE Subscribers having been appointed Agents for the Lessee of the above Mines, are prepared to issue orders for **Round & Slack Coal.** This Coal is becoming very favorably known, has proved of superior quality, both for domestic and steam purposes, and given, in all cases, the highest satisfaction. Professor Dawson, in his report on the Victoria Coal Mines, says:—"The Coke is vesicular and of excellent quality, and leaves very little ashes, so that, on the whole, it may be regarded as one of the finest coals of Cape Breton for any uses to which Bituminous Coal is applied." Persons using it for grates and other domestic purposes agree, also, in saying that it burns quite as well, and can scarcely be distinguished from, the OLD MINES Sydney Coal. Price of Round Coal, f. o. b., \$1.70 per 2,240 lbs. The Company's Shipping Wharf, inside South Bar, Sydney Harbor, has capacious accommodation for vessels drawing 25 feet. FENTON T. NEWBERRY & CO. The Greatest Medical Discovery since the Creation of Man, or since the Commencement of the Christian Era.
There never has been a time when the healing of so many different diseases has been caused by outward application as the present. It is an undisputed fact that over half of the entire population of the globe resort to the use of ordinary plasters.
DR. MELVIN'S CAPSICUM POROUS PLASTERS are acknowledged by all who have used them, to act quicker than any other plaster they ever before tried, and that one of these plasters will do more real service than a hundred of the ordinary kind. All other plasters are slow of action, and require to be worn continually to effect a cure; but with these it is entirely different: the instant one is applied the patient will feel its effect.
Physicians in all ages have thoroughly tested and well know the effect of Capsicum; and it has always been more or less used as a medical agent for an outward application; but it is only of very recent date that its advantages in a porous plaster have been discovered. Being, however, convinced of the wonderful cures effected by DR. MELVIN'S CAPSICUM POROUS PLASTERS, and their superiority over all other plasters, they now actually prescribe them, in their practice, for such diseases as rheumatism, pain in the side and back, and all such cases as have required the use of plasters or liniment. After you have tried other plasters and liniments, and they have failed, and you want a certain cure, ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER. You can hardly believe your own convictions of its wonderful effects. Although powerful and quick in its action, you can rely on its safety for the most delicate person to wear, as it is free from lead and other poisonous material commonly used in the manufacture of ordinary plasters. One trial is a sufficient guarantee of its merits, and one plaster will sell hundreds to your friends.
Ask your druggist for DR. MELVIN'S CAPSICUM POROUS PLASTER, and take no other; or, on receipt of 25 cents for one, \$1 for five, or \$2 for a dozen, they will be mailed, post paid, to any address in the United States or Canada.
