

B

IOLOGY CLUB

BIORHYTHMS

HOWDY,

As we enter the last little stretch of school (about four weeks left) before the summer break, remember that you will have the entire summer to relax and enjoy all that sun and fun. Everyone is probably totally stressed out trying to get everything done before the due dates and trying to find some time to study for the wonderful exams that the professors have worked long and hard on. There is a light on at the end of the tunnel for all of you who are fortunate enough to be BIO CLUB MEMBERS. Those of you who aren't (believe it or not) can still become members since there are still many benefits from the small five dollar entrance fee. The light is a TOTALLY HUMUNGUS BIO CLUB BASH. We are pleased to offer a STRESS-FREE ENVIRONMENT. At this present time the plans are being worked out. Don't Delay because you could miss out.

By the way---- you engineers don't have a chance to catch up to the Bio Club in party people. You can't compete if you don't have professionals.

JACKETS ---- The jacket order is probably on its way to the supplier. There could be a chance we could get a couple more sent over if there are a few interested. Please contact either Kevin Bustard or Doug Gordon (can leave a message in the fourth floor office in the bio club mail box). They are spring jackets in many different colors to choose from.

T-SHIRTS ---- Same applies for these hot items. You have to hurry and get your name in if you would like to purchase one of these. They will have the mural (on the wall of the biology club) on the back while there will be a Biology Club logo on the front.

-----> ATTENTION <-----
VERY, VERY, VERY, VERY, VERY, IMPORTANT

* DO YOU HAVE A FRIEND THAT DID SOMETHING TOTALLY WACKY?

* HAVE YOU DONE SOMETHING REALLY CRAZY AND YOU WANT TO TELL US?

* DID YOUR PROFESSOR DO SOMETHING THIS YEAR THAT YOU WOULD LIKE TO BRING TO THE ATTENTION OF

OTHERS?

* DID YOU THINK YOUR LAB DEMONSTRATOR DID A GOOD JOB?

* DID YOUR PROF. DO AN EXCELLENT JOB IN TEACHING THEIR COURSE?

We, THE BIOLOGY CLUB, are very interested in any event in which we could present an award. The GEMINI AND JUNO AWARDS pale in comparison to the U.P.E.I. BIOLOGY CLUB GOLDEN BEER BOTTLE AWARDS. Nominations for these awards can be given to ANDREW, KEVIN, OR DOUG (or left in the mail box 4th floor in the biology dept. office). Good luck to all of those who will be writing the MCAT on April 17, and should have had their application already sent. Deadline for late registration is the 2nd of April (\$50 extra).

Have fun and bye for now!!!!!!

BIO CLUB EXEC.

DOUG GORDON -- PRESIDENT

KEVIN BUSTARD -- VICE-PRESIDENT

ANDREW MACINNIS -- SECRETARY/

TREASURER

DICE
