Takes First Step In Training Civil Defence Experts

OTTAWA, July 5—(CP)—Defence Minister Claxton today indicated a bolstering of the anti-aircraft defences of the Sault Locks, vital Great Lakes transportation channel, and announced a first step towards training of civil defence experts.

A press conference heard him say peacetime conscription has no place in Canadian defence planning because equipment, not manpower, is the primary need.

The Minister said three Canadian destroyers, offered to the United Nations for use in Korea, are due at Pearl Harbor around July 12 but as yet have no orders to go into Korean action.

Canada's offer of naval aid to U. N. could be enlarged without recalling Parliament, although there were no present plans for doing so. However, in accordance with Prime Minister St. Laurent's recent statement, he felt any plans to send army or air force aid would have to have Parliament's approval.

Mr. Claxton said plans for building up reserve force units were made before Korea and, as a result, "perhaps we will soon be issuing further anti-aircraft guns to the reserve army ack-ack unit stationed at Sault Ste. Marie, Ont. He said the step has no connection with Korea.

It was learned later that heavy wartime ack-ack guns of 3.7 inch calibre will be moved to the Sault shortly to be added to those already possessed by the reserve unit.

The Americans have already increased security measures on the Michigan side of the locks.

Mr. Claxton said other Canadian reserve units will get further equipment, too, "under a program arrived at independently of Korea."

The reserves were being built up to "take all the men they could get."

Forecast Surprise Move By Russia In Far East

By Stanley Rich
HONG KONG, July 5—(AP)—Diplomatic observers today predicted Russia is setting the stage for a surprise move against the United States in the Far East.

They said the Russians, probably would rush Chinese Communist troops from Manchuria to aid Soviet-supported North Korea in the Korean civil war.

Such a move "can be expected any time within the next month, and probably within two weeks," they added.

One observer gave these reasons for forecasting a Soviet offensive in the Far East:

1. His country (and he declined use of his nationality as well as his name for diplomatic reasons) has "definite word" that the Chinese Reds have been massing troops in Manchuria since they captured Hainan Island, off the South China coast, a month ago.

For three days, independent Chinese newspapers here have reported intensified Communist troop movements northward from South China.

The diplomat added that the Chinese Red troops in Manchuria can be expected to cross into North Korea as Russia's answer to American support for invaded South Korea.

2. The recent withdrawal from Tokyo of high level members of the Soviet mission could be considered an "indication that something big is brewing." He declined to elaborate.

Diplomatic observers agree generally that Chinese Communist participation in Korea is virtually certain. Nevertheless, they also are inclined to believe that Russia has not yet made up her mind as to how far she is ready to go in the Far East at this time.

Romania Expels Vatican Diplomat

LONDON, July 5—(AP)—Romania announced today that she has ordered American Bishop Gerald P. O'Hara, last Vatican diplomat in an iron curtain country, and his two chief aides to leave in three days.

The Soviet satellite charged that the nunciature, the Vatican's diplomatic mission, was a centre of "Anglo-American espionage" against Romania, Hungary and Czechoslovakia.

The action was no surprise to the Vatican. A Romanian source at Vatican City said a week ago that Romanian authorities had been trying to get rid of the Bishop for months.

FLOOD RELIEF FUND

WINNIPEG, July 4—(CP)—Manitoba Flood Relief Fund today totalled \$6,818,133, an increase of \$104,000 during the last 24 hours. Objective is \$10,000,000.

Sixth Annual Meeting Of Cooperative Union

The sixth annual meeting of the Co-operative Union of Prince Edward Island, held at Sault's Restaurant in Marshfield, was marked by the best attendance since inauguration of the Union.

Co-operatives throughout the Province were represented by delegates who critically examined problems both of producers and of consumers.

The President, Mr. Jerome O'Brien, in his report stated that the Co-operatives "had a record year of achievement; never before has there been so much co-operative activity. Four new co-operatives have been organized. Two of these should alone exceed sales of one million dollars in their first year. Six groups are considering and studying the possibilities of setting up Co-ops in their communities."

After the war he kept up a keen interest in international affairs and was named vice-chairman of the Canadian delegation to the Institute of Pacific Relations conference at Kyoto, Japan, in 1928. He served in a similar capacity at Shanghai, China, in 1931 and at the conference at Banff, Alta., in 1933. He was president of the Canadian Institute of International Affairs in 1938.

He had been in failing health since early in the year. In the fall of 1948 Mr. Birks made a 15,000 mile flying trip to Europe at the request of the Canadian Government to survey work accomplished in war-torn countries through Allied relief organizations. His efforts brought him decorations from the United Kingdom, Denmark, Greece, Norway, Poland, Yugoslavia and the Netherlands.

Heavy Rains Improve Crops

OTTAWA, July 5—(CP)—Heavy rains have "greatly improved" conditions in the Maritimes, the Bureau of Statistics reported today in a periodic summary of crop prospects.

Haying is under way in some parts of Nova Scotia but wet weather, while improving the crop, has delayed operations. Pastures in all three Provinces have responded rapidly.

The Nova Scotia apple crop is expected to be big, and insect and disease damage is at a minimum. Crop conditions in the Prairie Provinces generally have improved in the last two weeks.

Berwick Father, Son Are Drowned

KENTVILLE, N. S., July 5—(CP)— Cecil Patterson, 27, and his three-year-old son Brian, of Berwick, N.S., drowned late today in Lake George, 15 miles southwest of here.

R. C. M. P., who started dragging operations, said the father dived from a rowboat when his son fell overboard. Mr. Patterson could not swim and both drowned as the mother and another child watched, helpless, in the rowboat.

William Birks Leading Montreal Merchant Dies

(By The Canadian Press)
MONTREAL, July 5—William M. Birks, a native Montrealer who became one of Canada's outstanding merchants and philanthropists and an active participant in world affairs, died last night.

The 81-year-old chairman of the board of Henry Birks and Sons, Ltd., jewelers and silversmiths, died at his Mount Bruno summer home here.

He had been in failing health since early in the year. In the fall of 1948 Mr. Birks made a 15,000 mile flying trip to Europe at the request of the Canadian Government to survey work accomplished in war-torn countries through Allied relief organizations. His efforts brought him decorations from the United Kingdom, Denmark, Greece, Norway, Poland, Yugoslavia and the Netherlands.

He was the organizer, at the Government's request, of the Canadian United Allied of Relief Fund and also the national clothing campaigns. Under his direction and that of Senator Thomas Vien, vice-chairman of the relief organization, \$15,000,000 in Allied relief was distributed and 20,000,000 pounds of clothing sent to suffering European countries.

After the war he kept up a keen interest in international affairs and was named vice-chairman of the Canadian delegation to the Institute of Pacific Relations conference at Kyoto, Japan, in 1928. He served in a similar capacity at Shanghai, China, in 1931 and at the conference at Banff, Alta., in 1933. He was president of the Canadian Institute of International Affairs in 1938.
