CONVENT BAZAAR TO-NIGHT. FOR PRACTICE.—The Philanthropic Society will meet for practice this evening.

HIGHLY SUCCESSFUL.—The Convent Bazaar and Strawberry Festival in Market Hall. Call to-night.

"THE GLORIOUS FOURTH."—This is the fourth of July—a great day in the neighboring republic.

GOOD.—The weather to-day is just what is wanted for the Peas at Cardigan Bridge and Kensington. Both are well attended.

MEETING.—A meeting of the teachers of the Methodist (brick) Church Sunday School will be held at eight o'clock this evening in No. 10.

HOW JAY GOULD DID IT.—Jay Gould says that for the first year of his married life he lived on \$100, got up at daybreak, went to church every Sunday, and was as happy as a bee in sweet clover.

KNEW HER BUSINESS.—An Ontario exchange says of a woman who died recently: "She was a true wife, a fond mother, and so managed affairs as to marry off her nine girls before any other female in the neighborhood could even get a beau."

THE RIFLE.—The annual meeting of the King's County Rifle Association will be held at the Drill Shed, Georgetown, on Saturday next, at six o'clock, to appoint officers and make arrangements for the annual competition to be held on Wednesday, 10th inst.

SHE SCARED HIM.—An exchange says that when John Williams, a bachelor in Augusta, Me., was told that a certain widow had set her cap for him, he was so afraid he might be roped into marriage that he went out to the barn and hung himself.

AS AN EMERGENCY MEDICINE, for sudden colds, Ayer's Cherry Pectoral takes the lead of all remedies, a dose or two generally sufficing to stop ordinary coughs and ease the worst. For the cure of throat and lung disorders this preparation is unequalled.

STRUCK BY A TRAIN.—A New Brunswick paper reports that Ralph Colpitts, a farmer about 60 years of age, living at Pollett River, was struck by a train while driving over the crossing at Petticoat on Tuesday afternoon. He was badly injured about the back and head, and fatal results are feared.

THE REPORTS CONFIRMED.—Mail advices from West Africa confirm previous reports of the shocking privations to which Mr. Stanley has been subjected. It is stated that his hair has turned snow white, that his clothes are in rags, and that he is without shoes, being obliged to use skins to cover his feet.

BEATING THE RECORD.—The young stallion Axel beat the three year old world's record, 2:19, on the Minnehaha Driving Park, Minneapolis, on Tuesday. The first quarter was made in 33 seconds, the half in 1:06, three-quarters in 1:40 and the mile in 2:15, trotted in fair strong wind and heavy atmosphere.

THE CONVENT BAZAAR.—The Market Hall was thronged last evening, and everyone was happy. The ladies behind the tables did a rushing business, and expect to do even better to-night. The post office and fishing pond were great sources of amusement, and the splendid music discoursed by the St. Dunstan's College Band added greatly to the enjoyment of the occasion. The Bazaar will be continued this evening. We advise all to attend.

ST. PETER'S SUNDAY SCHOOL PICNIC.—The Sunday School picnic held yesterday at Westville was very successful. The trip up and down West River on the Sopotport was a delightful one, all the more so because of the refreshing and exhilarating sea breeze blowing. The children enjoyed themselves thoroughly, both on land and water, notwithstanding the disadvantage of having no music as St. Peter's Boys' Band was not in attendance.

FROM HALIFAX.—The steamer Princess Beatrice, Captain Kelly, which left Halifax on Tuesday morning, did not reach here until after nine this morning, having been bogged off Canso about twelve hours. She brought a full cargo of general merchandise. Mr. Black, Mrs. Black and child, Mr. Creighton, Mr. Downs, Mr. Tucker and the Misses Lloyd were amongst the passengers. She will sail on return this evening with a cargo of lobsters, oats, etc., and several passengers.

FAREWELL ADDRESS.—At the close of the semi-annual examination of Vernon Eiver school, Lemuel C. Hayden, Esq., presented the teacher, Mr. John McMillan, who intends retiring from the profession, with a very flattering address, signed by the trustees on behalf of the inhabitants, all of whom highly appreciated his services as teacher, and esteemed him as a member of their community. Mr. McMillan, in his reply, duly thanked the trustees for their conduct on that as on other occasions, and stated that, through reason and gentleness exercised by the teacher, he believed the scholars would attain an eminence rarely reached by the now almost obsolete method of compulsion.

NEAT PENMANSHIP.—The Moncton Times says: Some very neat specimens of penmanship were shown at the Times office yesterday. They were executed by Master Ewen Cameron, of P. E. Island, lately employed by Dr. Dunlap, tobacconist, and are highly creditable to the taste of that young gentleman. There are a half dozen specimens in all, including drawing of work horses, one of eagle and serpent, one of stag and hounds, a fancy sketch of a fan, and one specimen of heavy penmanship which would do credit to the graduate of any business college. Master Cameron returns to P. E. Island to-morrow. His work was on exhibition in the schools during the recent examinations.

A STRANGE BIRD.—A Charlottetown gentleman who is celebrated for his profound knowledge of the nature and habits of our Island birds, visited a friend at the latter's farm one day last week. While walking together the city gentleman was struck with the number of birds he saw, and he entertained his host with many interesting particulars relating to them. In the midst of their conversation their attention was attracted by a strange and unfamiliar sound, but evidently the cry of a bird. Both gentlemen were puzzled, neither recognizing the call. Our learned friend made wild conjectures and imagined that he had discovered some survivor of an almost extinct species of Island bird. The arrival, however, of a third party on the scene with the information that the noise was the cry of an Anatina (common duck) caused the host no small amusement and his guest no little chagrin.

Local and Other Items.

I. O. O. F.—The joint degree team meets for practice at 8 o'clock to-night, at Odd-fellows' Hall.

DON'T FORGET IT.—The Convent Bazaar and Strawberry Festival in Market Hall. There will be lots of fun to-night.

THE MAILS.—Mails received every five minutes at the Bazaar Post Office this evening. Letters may be obtained at any time.

LECTURE.—Charles Watts lectures at the Lyceum to-night. Subject: "Religion and Science, their relation to Civilization."

FOR ST. JOHN'S.—The steamer Bonavista, for St. John's, Nfld., will be due at this port on Monday next, and will carry cattle and sheep on deck.

APPEAL COURT.—The Appeal Court has been adjourned until Monday next. The list will be finally called over on that day, and all appeals not then prosecuted will be dismissed.

LOBSTERS.—Lobster packers find a ready market here for all the goods they can pack, at high prices. Yesterday \$5.65 per case was offered for labelled tails delivered f.o.b., Charlottetown.

COLD AND UNFEELING.—In a sixteen-page love-letter exhibited in court in Providence the other day, the word "darling" occurs 37 times, and yet the girl in the case said it was a "cold, unfeeling epistle."

DOING WELL.—The girl Doucette, of Rustico, who it will be remembered was so frightfully mangled several years ago by a mowing machine, was in the city to-day and appears to be enjoying excellent health. She suffers the loss of the left arm and right leg.

A GOOD PASSAGE.—A telegram from St. John's, Nfld., states that the schooner Lady Franklin, Capt. James Power, which sailed from this port on Friday evening last with a cargo of oats, hay, potatoes and sheep, shipped by Wheatley Bros., arrived there this forenoon—all well. Capt. Power reports the markets fair.

NEW PUBLICATION.—The first number of "The Nova Scotia Farmers' and Breeders' Monthly," published at New Glasgow, N. S., is at hand. As its name indicates, it is devoted to the interests of farmers and stock-breeders. Mr. James A. Fraser is the editor, and S. M. Mackenzie the publisher.

THE DUST NUISANCE.—In connection with the dust nuisance it is suggested that Queen Street and the other streets in the neighborhood of Queen Square be thoroughly drenched with water every morning between five and six o'clock, so that merchants will be able to open up their stores without running so much risk of having all the goods therein spoiled. There would then be a little better chance of keeping down the dust during the day.

A HIGHLY COLORED STORY.—The Patriot of last evening says:

"Mr. John McDonald, (colored) mate of the str. William, met with a painful accident yesterday, he having become entangled with the guy rope when discharging coal. He is under the skillful treatment of Dr. Conroy, and although no bones are probably broken, will be confined to his bed for several days."

THE PRINCESS BEATRICE.—This fine steamship, recently purchased in the Old Country to take the place of the M. A. Starr on the route between Halifax and this port, arrived here shortly after nine o'clock this forenoon, and is now lying at Queen's Wharf. Since her arrival, she has been visited and inspected by a number of persons who have expressed themselves well pleased with the steamer and her appointments. A description of the steamer has already appeared in THE EXAMINER, and we need not go over the ground again to-day. She is commanded by Captain A. H. Kelley, late of the S.S. Electra, and Mr. Cruise is his first officer, and Mr. Churchill second. Mr. Fullerton is the Chief Engineer, and Mr. Graydon, late of the M. A. Starr, the Purser. Mr. Arthur Hopkins, formerly of the S.S. Yarmouth, is the Steward. We welcome the Princess Beatrice and her staff, and trust that they will have a very successful season.

A Much Married Woman.

Amsterdam, N. Y., is somewhat noted for matrimonial eccentricities, the latest being the record of one lady, given in the Recorder as follows: She eloped with her first husband when she was 18 and he 16. His father followed the pair, and waltzed him home on his ear. Then he secured a divorce for his son on the ground of undue influence. The wife never saw him again. Her second husband was a widower, 60 years old, wealthy and consumptive. He died in a year. She loved a third husband, but he married her for her money. It did not take her long to discover this, and then she paid him for letting her get a divorce. Her fourth husband married her for love, but she merely wanted companionship. They lived happily together until he was killed on the railroad, near Albany, a few years ago. She married again, about a year ago, and only recently became a mother. It was her first child, too. Her present husband seems to like her, and she him, and maybe she has found her affinity at last.

Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alternative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend advised me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. T. W. Wiley, (of Ferrandina, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 143 Chambers st., New York City.

Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared, and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.
