# CHRYSLER

The magnificent new CHRYSLER COOL BEAUTY WITH A FIERY SPIRIT

Actually, if you didn't know you were driving a big, luxuriously appointed Chrysler, you'd think, sometimes, that you were in one of the nimblest sports cars ever built. Chrysler certainly has the power to create this feeling in its great whisper-quiet V-8's, and it has the split-second reflexes, too. You'll feel them when you try Chrysler's push-button automatic transmission. And something else you'll feel, out on the road, is Chrysler's smooth, flat cornering ability—another characteristic that reminds you strongly of the sure-footed poise of a sports model. These qualities give the new '58 Chrysler a kind of zest and spirit utterly unique in fine motorcars. Yet they don't detract one iota from the distinguished appearance and obvious prestige everyone admires so much in this car. It's a wonderful combination. Why not try the new Chrysler yourself? You'll like its beautiful styling, its smooth-as-velvet ride—and that dash of lightning in its splendid spirit. Prices start lower than you'd guess. And a telephone call will bring a Chrysler to your door. Call soon, won't you?
