Address and Presentation

The following address was read to Mr. Hugh F. Morrison, on the occasion of his retiring as an active member of the Summer-side Presbyterian Church Choir. Dear Mr. Morrison: For many years you have been a valued member of the Summer-side Church Choir. It is our understanding that now after long and faithful service as an active member, you desire to withdraw as such and take up a position where, remaining, can better view your pleasant countenance during services; and we might add where you, in turn, can better criticize our singing. Your retirement from our midst naturally prompts us to pause and to do you honor here tonight.

IN MEMORIAM

JOSHUA S. MILLAR

The death occurred at his home in Ellerslie on Wednesday, December 26th, 1951, of Joshua S. Millar, son of the late Peter Millar and Margaret Henderson, at the age of seventy-four years. About two months previous to his death he was stricken with a heart ailment, from which it was hoped he would recover, but in spite of all that tender care and medical attention could do, the end came suddenly on the above date.

A farmer by occupation he enjoyed his work and attained success, and was in addition a carpenter, many fine buildings testifying to his skill. The funeral was held from his late residence on Friday afternoon, December 28th, to the United Church at Bideford and was very largely attended. At the house "Peace, Perfect Peace" was sung, and at the church "Saviour Again to Thy Dear Name We Raise" and "We Cannot Think of Them As Dead." A quartet from the Kensington United Choir feelingly rendered "Nearer My God to Thee."

Services at the home, church and grave were conducted by Reverend Mr. Baxter with Reverend Mr. Dignan of Port Hill and Reverend Mr. Murray of Kensington assisting at the church. Mr. Baxter brought a message of comfort from the text "Precious in the Sight of the Lord is the Death of His Saints." As the sun was nearing the horizon, he was tenderly laid to rest by six of his grandsons: Irving, Edgar, Vernon, Cyril, Wyman and Eric Millar.

Besides his sorrowing widow he leaves to mourn his passing seven sons and four daughters: Sterling, Kelvin; Ivan, Bideford; Lloyd, Kensington; Layton, Ellerslie; Alton, Summerside; Glenford, Ellerslie; Roy, at home; Marguerite (Mrs. Harold Maynard), Port Hill; Verna (Mrs. Lester Linkletter), Kensington; Daisy (Mrs. Bertram Phillips), Ellerslie; Mae (Mrs. Alvin Hardy), Freeport. One son, Gordon, predeceased him in infancy. He leaves twenty-seven grandchildren and one great-grandchild.

The following brothers and sisters survive him: James, William and Gordon, Ellerslie; Shrieve, Bideford; Arthur, Lot 14; John, Freeport; Janetta (Mrs. A. A. Ramsay), Conway; Belle (Mrs. H. D. Smith), Summerside. Floral tributes were profuse and beautiful. He has not lived and died in vain. For proudly we can say, He has left a name without a stain. For our tears to wash away. He was worth the name of a father. He fought life's battle square. No matter when we needed him We always found him there. He never failed to do his best. His heart was true and tender. He worked so hard for those he loved, And left us to remember.

There wasn't a thing too big or too small, That he wouldn't try to do for us all. For all of us he did his best, So God gave him eternal rest.

Card Of Thanks

We take this opportunity of expressing our sincere thanks to all those who in any way assisted us during our recent sad bereavement, especially Rev. M. Baxter, the Doctor and Nurses, also those who sent floral tributes and messages of sympathy. Mrs. Joshua Millar and Family.

FAITH AND A HELPING HAND - A group of Manhattan College students makes possible this scene each Sunday at the chapel at Veterans' Hospital, Bronx, N. Y. The chapel is filled with wheelchair and bedridden paraplegic veterans, who probably wouldn't be able to attend divine services if the students didn't pitch in and help-move them to the hospital. A shortage of help at the hospital makes volunteer help necessary.

Fire Destroys Home In Belmont

Fire, which was apparently caused by sparks from the chimney, completely destroyed the home of Mr. Harold Yeo, Belmont, Lot 16, yesterday morning. The fire was discovered about 10:30 A.M. and due to the impassable roads, no fire fighting equipment could be brought either from Summerside or the R.C.A.F. station to battle the blaze. Neighbors gathered from the surrounding district and did all that could be done to assist but were unable to prevent the complete destruction of the home. There was a fairly high wind blowing at the time, fortunately not in the direction of the adjacent farm buildings which were not endangered. Some furniture and clothing were saved but most of the contents of the house were lost.

In attempting to fight the fire and also to save some of his belongings, Mr. Yeo was overcome and Dr. Austin Delaney of Summerside was called to attend to him. It was found necessary to open the road by plow before Dr. Delaney could get to the patient. The home was a two storey wooden structure, in good repair. It is understood that there was some insurance but nevertheless the loss sustained by Mr. Yeo will be heavy.

Allies Fear 'Another Korea' In Indo-China

Statements by President Truman, Winston Churchill and Anthony Eden indicate the Allies fear another "Korea" is shaping up in Indo-China where for more than five years the French and Indo-Chinese have waged a strange, hit-and-run war against Communist-led Viet Minh rebels. Uncle Sam has poured hundreds of millions of dollars worth of military material into this fight—which is, in fact, a battle to save all of rich Southeast Asia for the free world. This area is Asia's "rice bowl", and the nations threatened are also rich in tin, rubber and other valuable raw materials. The "Korea" threat comes from behind the Chinese border, where 300,000 Red troops are massed. Fear is that a Korean armistice will send them pushing southward and perhaps dealing the death blows in what has been an indecisive, stalemate war.

WAR HAS COST FRANCE DEARLY. War, now in its sixth year, has cost France 30,000 dead and about \$2.5 billion. In addition, it has tied down the hard core of her Army—12 divisions—badly needed for Western European defense. Above: French paratroopers land in a soggy rice paddy, and (right) machine gunners stand ready for Communist assault in an unnamed city. Weapon is probably a U. S. 30 caliber light machine gun.

Red flags waves symbolically before a village burned and pillaged by Viet Minh rebels. Red forces, numbering about 300,000, are holed up in mountains and jungles. They make sporadic raids, usually at night, on Viet Nam cities and villages.

U. S.-built jeep and weapons-carrier cross crude plank bridge in rain-drenched jungle. Exact amount of U. S. aid to French in Viet Nam secret, but it represents hundreds of millions of dollars. Many units are entirely American-equipped.
