

THE DAILY EXAMINER.

OCTOBER 14, 1889.

Notes and Clippings.

Everyone who is interested in our girls—and who is not!—should read Miss Barr's paper, which is published in to-day's issue of THE EXAMINER.

"A barn! dreads the fire!" Kensington is now taking steps to prevent the sale of intoxicating liquor within her borders! Neighboring children, seeing that a child has been burnt, usually avoid the fire; but we fail to note that the people of other towns throughout the Province, seeing how Kensington has suffered, are taking steps to suppress the liquor traffic which is being carried on in them!

The statement of the revenue and expenditure of the Dominion for the last fiscal year is gazetted. The revenue is \$38,700,000 and the expenditure \$36,800,000; surplus, \$1,900,000—exactly the amount anticipated by the Finance Minister in his budget speech. The showing for the first quarter of the present fiscal year is equally satisfactory. The revenue is \$9,900,000, an excess of \$400,000 over the corresponding quarter last year. The expenditure was \$5,500,000, a decrease of \$1,200,000 as compared with the corresponding period last year; surplus, \$4,400,000. The net debt has decreased during the last month \$2,400,000.

The proposed treaty between the United States and the Hawaiian government provides that all exports from the United States shall be admitted free of all duty in the Hawaiian Kingdom, and all articles from the Hawaiian Islands admitted free to the United States. The United States guarantees Hawaii the perfect independence and autonomy of the Hawaiian government, and in consideration of such guarantee the forces of the United States may have such freedom of action in the territories of Hawaii as is necessary. The Hawaiian government agrees that no treaty shall be made between Hawaii and any other power without the full knowledge of the United States.

Advices from Ottawa state that a despatch has been received there through the foreign office from Madrid sending the programme of an international literary competition to be held on the fourth centenary of the discovery of America, under the Vice Presidency of the Duke of Veragua, who is a lineal descendant of Columbus. The competition is instituted with a view of celebrating this festival with some lasting literary work which will perpetuate its memory. This work, for which a prize will be given, must consist of historical study regarding the event which it is intended to commemorate. Two years are given to prepare the essays, for which the first prize is £1200 and the second prize £600.

We received this morning, from J. D. McLeod, Esq., Valleyfield, a small box of wild strawberries, ripe and luscious. Another friend of THE EXAMINER contributes a bunch of mayflowers, picked yesterday. The Pioneer, to hand, this day, reports the receipt of a cherry attached to the twig on which it grew, fully ripe and just in the tempting state that would make one wish to have a plate full. Such things in October—the second fruits of the season—do not indicate very severe weather. It may be that cultivation in this hemisphere is resulting in a favorable change of climate. However this may be, no one can truly say that Prince Edward Island is not now a good place to live in.

The Patriot, in its weak endeavors to defend Messrs. Welsh and Davies for neglecting China Point Wharf, appears to have great faith in the power of tricks. One of these is to assume that the EXAMINER'S statement is a typographical error, and then base an argument on the assumption. We wrote distinctly of the estimates for the then current year, as distinguished from those for the year beginning on the 1st July, 1889. It is absolutely correct that the estimates for the then current year, as far as the Public Works Department was concerned, were disposed of before Mr. Ferguson reached Ottawa last winter. The estimates from the various departments have to pass the Council, and the Minister of Finance cannot present any to the House until all are ready. The facts remain unassailable.—1st, That Mr. Welsh took away a whole year on the people by claiming that he had obtained a vote for the work, when he had not. 2d, That Mr. Welsh said what was untrue when he reported that Mr. Ferguson diverted money from China Point to Pinette and Halliday's. 3d, That it was Mr. Ferguson, and not Messrs. Welsh and Davies, who finally obtained the much needed grant for China Point. We are glad to know that the contractor is to be bound to have the wharf temporarily fit for shipment in a month from the letting of the contract. It is hoped no delay will occur in executing the contract. We beg to remind intending contractors that tenders must be received at Ottawa on the 18th inst.

The Pioneer pours its censure upon the head of Hon. Mr. Ferguson because when Mr. Ferguson went as a delegate to England he took advantage of the opportunity afforded him to select and purchase a few sheep for the improvement of his flock. It is not even pretended by the Pioneer that Mr. Ferguson did not render faithful service to the Province. Such a pretence, in full view of the well known fact that their bitterest opponents in the Legislature and in the press were compelled to admit that Messrs. Sullivan and Ferguson had performed their duties as delegates ably and well and that as a first result of their efforts the Province receives an additional annual grant of \$20,000 a year—equal to a capital sum of \$900,000—would have been much too thin. But having, in addition to this, purchased a few sheep for the improvement of his flock, and the goods of the country, he is denounced by the public as having "advanced his own ends." If Mr. Ferguson had not brought home the sheep, the Pioneer would not have censured him; if he had, independently of his public duties, gone to England and bought sheep for the improvement of his flock, every one would be ready to admit that he had done a good action; for every excellent pure-bred animal imported from the old country is admittedly a benefit to the Province. But having gone at the public expense and dared to bring home a few sheep at his own, he is—according to

the Pioneer—a bad man, unworthy the confidence "of those whose votes he desires to secure at the next general election." The editor of the Pioneer is evidently hard up for a ground of attack upon Mr. Ferguson

Telegraphic Odds and Ends.

A BUDGET OF GENERAL NEWS FROM ALL PARTS OF THE WORLD.

QUEBEC, Oct. 10.—It is given out that the revenue from crown lands for this province for the current year will reach within \$70,000, which is about 25 per cent. in excess of the estimate.

KINGSTON, Oct. 10.—Dr. Hesly, Bishop of Clonfert, has been appointed Bishop of Waterford and Lismore, a See to which rumor had it some time ago Archbishop Cleary, of Kingston, was to be transferred.

BALTIMORE, Oct. 10.—The great fertilizer factory of G. Ober Sons & Co., Locust Point, Baltimore, was burned this noon. It consisted of three large buildings that cost \$250,000. The fire started in the acid storage room, perhaps by spontaneous combustion. The first building was burned to the ground, and the flames, driven by a high wind, spread to another large building, completely gutting it. Fully \$260,000 worth of damage was done.

HALIFAX, Oct. 10.—News from Cambridge, Hants County, has been received of the fatal shooting of Mrs. John Hill. The lady was prominent in church work and all good works there. She was going to look for two cows which had strayed away from home, and a bear having been reported in the woods in the vicinity, she was loading a revolver to take with her when it went off, the ball entering her stomach. She lived in a conscious state several hours and then expired.

SHERBROOKE, Oct. 10.—Morrison, the Megantic outlaw, yesterday found guilty of manslaughter, lies in Sherbrooke jail, awaiting sentence. Interviewed by a correspondent, he expresses himself satisfied with the verdict and expects to receive twenty years. The judge's action in withholding sentence is not explained, but it is thought he is consulting with other judges of the law, as the case is so celebrated. Morrison professes to have found consolation and comfort in a higher power, when the witnesses were being paid off, so numerous were they that the money ran short and several had to remain another night in town.

Boston Market Prices.

Oct. 10, 1889.

POTATOES.—The market has been well supplied most of the time. On Monday there was a light supply of Houlton and Aroostook Rose and Helons, and prices were advanced but dropped back again on Tuesday. Western receipts are increasing, and the indications are favorable for large supplies from that direction. The arrivals from P. E. Island N. S. are also quite liberal, and the stock is generally good. The quotations for Island stock are: Helons, 65¢ per bush; Rose, 60 to 63¢; Stars and Barbanks, 60¢.

EGGS.—Receipts of the week, 1 box, 2 bbls, 9,171 cases; last week, 1 box, 65 bbls, 10,374 cases. There has been a steady demand for choice fresh stock, and prices for strictly fresh goods are a little higher than 1st week. Eastern extras are scarce and firm at 24¢. Best marks of P. E. I. and N. B. bring 23¢, with some extra N. S. at 24¢.

FISH.—Mackerel are scarce at the following quotations: Mackerel, extra shore # bbl. 30 00¢.... " No. 1..... 25 00¢.... " No. 2..... 23 00¢.... " No. 3 large rimmed..... 20 00¢.... " No. 3 plain..... 18 00¢.... " English..... 16 50¢....

MORRISON SENTENCED.—Morrison was sentenced at Sherbrooke, on the 11th. He was given eighteen years in the penitentiary. When sentence was pronounced there was considerable excitement in the court, and the foreman of the jury exclaimed "My God, we never expected such a sentence as that." Much sympathy was expressed for the prisoner, who, on being led away, said in a loud firm voice, "Good bye, my friends, for eighteen years." Morrison was the most composed man in the court room.

AN EXPENSIVE CASE.—It is stated that the Megantic murder case has cost the province of Quebec \$15,000. The cost to the friends of Morrison will also be very large. If Morrison had given himself up after the shooting, he would no doubt have got out of the case with a lighter sentence.
