RURAL DENTAL CLINICS

Forty-two children in Suffolk and North Westville Schools can now proudly say that they have no more tooth ache for the summer as they have just completed treatment in Dental Clinics held during the holidays. They were conducted by Dr. J. P. Miller and Dr. R. H. Barrett, were financed in part by the Women's Institutes and were supervised by the Public Health Nurses. This was the third consecutive year that North Westville has had this type of clinic and most of the funds for it were raised by the senior Red Cross branch of the school. The balance of the cost of the Suffolk clinic was taken care of by the Department of Health, Great Britain and the Institute members and the youngsters themselves for working so hard to make these clinics possible for the preservation of their teeth.

Inspiring Addresses Heard At Yesterday's Session Of Churches Of Christ.

Meetings of the Maritime Convention of Churches of Christ (Disciples) were continued yesterday in the Central Christian Church. The morning session which opened with devotional by W. G. Quigley was devoted mainly to business of the convention and receiving reports from the different churches. Many of the churches had showed good progress during the year with increased membership and fine interest being shown in young people's societies and prayer meetings. A regrettable fact was the lack of interest being shown in attendance in a few of the churches with small membership and no regular services. Emphasis was placed on the need of evangelism and revivals and also the great need of regular Sunday School sessions and mid-week prayer meetings from the different churches. Minutes of last year's convention held at Tiverton, N.S., were read by E. M. McDougall, secretary. Names of several committees appointed were read by the President, Mr. R. M. Johnston of Milton, Nova Scotia.

J. W. Hayter, Cross Roads, gave an inspiring address on "Organizing and leading his remarks on Eph. 4-15.16. But speaking the truth in love, may grow up into him in all things, which is the head, even Christ; from whom the whole body fitly joined together and compacted by that which every joint supplieth, according to the effectual working in the measure of every part, making increase of the body into the edifying talks on bird and animal life.

On Sunday morning a church service was held in the camp grounds.

Mr. Gordon Hyde spoke from the text "Jesus Increased in Wisdom and Stature and in Favour With God and Man."

The Scoutmaster and Scouts wish to express their appreciation of the valuable assistance given by Mr. Gordon Hyde and Mr. Douglas Nicholson, also to Mr. J. D. Jenkins and Mr. Ralph Jenkins who did most of the work to make the camp a success.

The Provincial Secretary, Mr. Allan Hopper, accompanied by Scoutmaster Jack McCarville visited the camp and took part in the Scout activities, teaching the boys several new games and giving valuable assistance which was very much appreciated by all.

Soviet-U. S. Trade Pact Is Extended

(By The Associated Press)
WASHINGTON, Aug. 4.—The United States and Soviet Russia agreed today to continue in effect an agreement whereby Russia will buy a minimum of \$40,000,000 in American goods in the next 12 months and the United States will accord Russia the same tariff reductions as countries with which it has trade agreements.

Jury Finds Deaths "Purely Accidental"

EDMUNDSTON, N. B., Aug. 4.—(CP)—A coroner's jury reported today that deaths of Hon. Dr. P. H. Laporte, New Brunswick Minister of Health and Labor, and Mrs. Helen Hornby Mitchell, a hitchhiker from New Westminster, B.C. were "purely accidental". The two died after Dr. Laporte's car plunged into a wash-out early last Saturday.

Concludes Term As Bermuda Governor

HAMILTON, Bermuda, Aug. 4.—Bermuda said farewell to Sir Reginald Hildyard and Lady Hildyard today amid colorful military ceremony. Sir Reginald's last official act as Governor of this British colony was to present the Royal Humane Society silver medal to Mrs. Edna Watson of Montreal, heroine of the disaster which befell Imperial Airways' flying boat Cavalier last winter.

Concludes Term As Bermuda Governor

Experts in naval warfare present at the tests expressed the opinion that this type of boat, with its formidable but compact armament, might entirely change the tactics of torpedo attack.

Concludes Term As Bermuda Governor

The boat tested was 66 feet in length, 15 feet in beam and had a displacement of 30 tons. She had two propellers instead of the three customary in this type of craft.

Concludes Term As Bermuda Governor

British Admiralty experts are said to be considering a large-scale purchase of the craft.

C. N. R. Crop Report
WINNIPEG, Man., Aug. 4.—Further crop deterioration is apparent due to hot, dry weather with southern and central Manitoba and southern Saskatchewan reporting the most extensive damage. A good general rain would be very beneficial, particularly to later sown crops which are ripening too rapidly and not filling properly. Some sheathing has been done on the Portage-Brandon division of Manitoba while in northern districts cutting is just becoming general. Grasshoppers are still numerous but apparently are not causing any considerable damage. The chief concern at the present time is the loss which will be sustained due to lack of moisture, according to the weekly crop report of the Department of Agriculture, Canadian National Railways.

By the Many Conflicting REFRIGERATOR CLAIMS?
Biggest Bargain! MAGNIFICENT STUNNING SAVINGS MIRACLES
MINE IS COLDEST COLOSSAL CAPACITY
Listen to all the conflicting claims—then remember:
1. The G-E Refrigerator is built by the world's largest electrical manufacturing company.
2. G-E originated the all-steel refrigerator cabinet and the sealed cold-making mechanism.
3. The simple, silent, sealed-in-steel General Electric Thrift Unit revolutionized refrigeration costs and is the only sealed cold-making mechanism that has been constantly improved for 12 years.
4. General Electric has built and sold more refrigerators with this type of cold-making mechanism than any other manufacturer.
5. The G-E Refrigerator, with millions of satisfied users, has an unparalleled record for enduring economy. You'll always be glad you bought a General Electric.
6. G-E, the first choice of millions, is now popularly priced, and every day there are many new General Electric users.
