TROUBLE AMONG THE INDIANS.—The reports from the far West indicate that the United States is threatened with another Indian war, the trouble centering about the Bannock agency. The United States had a Bannock war in 1878. It was hot and short but it cost over half a million dollars and twenty-four soldiers, thirty citizens and seventy-four Indians were killed before it stopped.

STRIK BY LIGHTNING.—A heavy storm of thunder and lightning, accompanied by rain and hail, passed over Fredericton, N. B., on Friday afternoon. The soap factory at St. Mary's ferry was struck by lightning. The fluid struck the roof, tore off a number of shingles, entered the chimney and passed down into the boiler room, knocking open the boiler doors. Mr. March, the proprietor, was on the top floor immediately under the roof where the lightning struck. He received quite a shock, but was not in any way injured.

SOME INTERESTING STATISTICS.—The Canada Temperance Act became law in Charlottetown on the 28th July, 1894, and was therefore exactly one year in force yesterday. Mr. H. V. Palmer, Clerk of the Stipendiary Magistrate's Court, has kindly furnished THE EXAMINER with a brief statement of the Court statistics during the year just closed, as well as a statement showing what was done in the court during twelve months of what is termed the "free run" period, and twelve months during the time of the Liquor Regulation Act. The figures follow:

FREE RUN PERIOD. 1st July, 1891, to 1st July, 1892. Convictions for drunkenness, 319. Offences other than drunkenness, including convictions for breach of Sunday Observance Act, 159.

LIQUOR REGULATION PERIOD. 1st July, 1892, to 1st July, 1893. Convictions for drunkenness, 186. Offences other than drunkenness, and breach Liquor Regulation Act, 50. For breach of Liquor Regulation Act, 22.

Number of informations laid during the year, 137. Collected in fines and costs during year, 2,257 40. Expended in connection with enforcement of Act, \$624 38.

THE WORLD OF SPORT.

The Wheel. At the Scottish Gathering on Wednesday the one-mile bicycle race will start at 3.15. The five-mile race at 3.45.

At the National Circuit races at Newark, O., on Friday Lee Richardson, of Chicago, who held the world's record for riding a half-mile backwards in 1.53 4-5, made a half-mile in 1.43 3-5.

Fred Titus, of New York, who holds the world's record for one hour, and Harry Maddox, of Ashby Park, who holds the world's 10-mile record, have been matched to ride 10 miles for a valuable trophy. The race will take place at Manhattan Beach on August 14th.

It is said that money has been subscribed to build an elevated bicycle track between Chicago and Milwaukee. The plan contemplates an elevation of 16 feet and a total of 10 cents for the entire length of the road. Such an elevation to a prairie country would probably give a level track for the whole distance, and practically throw off the speed limit.

Mr. J. O. Hyndman, of this city, rode his "Garden City" to Seaside Hotel, Rustico, on Saturday afternoon in one hour and 30 minutes, including time occupied in running over a dog. A friend who went with him came home the same night in the dark with a head wind in 1.45. This makes the horsemen jealous. They consider 2.15 very good time for the journey. The road is in splendid condition.

The course on the beach at Houston's Hotel, over which Mr. B. C. Brown went in 1.35 a few days ago, has since been re-measured and found to be about 150 yards short of the mile. A day or two ago, at the same place, a mile was staged off, and Mr. Brown went the distance in 2 minutes, flat, setting his own pace all the way. There was a strong left wind blowing at the time. The feat was witnessed by a number of persons who were doubtful of the time made on the first occasion.

The Turf. At Old Orchard, Me., on the 11th inst., Salando trained in 2.20 and 2.21 on a mile track.

There will be races at Moosepath Park, St. John on Labor Day, under the auspices of the directors of the park.

The closing races at Nashua, N. H., on Friday, were as follows: 2.16 class, Charles P. first, Helen M., second; best time 2.20. 2.35 class, Coon Point, first; Casque, second; best time 2.33.

In the 2.20 race at Taylor's park, Recept, Ill., on Friday last, Alice took the first heat in 2.07, beating the world's record for a four year old mare. The pace was too much for her and she was distanced in the fifth heat.

It is hoped that the horsemen are remembering the race meeting on the Charlottetown Driving Park on Wednesday and Thursday, August 21st and 22nd. The programme for the first day will consist of a 2.38 class (trotters only) and races for 2 year olds and 4 year olds. On the second day there will be a 2.30 class (pacers and trotters) and classes for 1-year olds and 3-year olds. The purse in each event is \$150 and entrance money added. There will also be a match race, \$15 for first and \$10 for second.

The first event at the Bangor races on Friday was the unfinished 2.29 class, which was won by Chris Toole's black gelding Dick West, who had two heats to his credit on Thursday, and took the first heat on Friday in 2.35. Lucky Strike had rather an easy thing of the 2.35 class. The 2.39 was drawn out to six heats, John A. being set back to last place after winning the second and third heat on account of a loose shoe. The race was run under weight. Denver then went in and captured the race. The 2.25 class was a fine race between Orono Boy, Damocles and Camille, with the odds in favor of the last, who on account of darkness it was set over till Saturday afternoon.

The Hitts. Captain Weeks was the winner of the silver spoon in the senior competition at Kensington range on Saturday, his score being 88 points. Lieut. G. M. Moore was second with 87 points, and Con Baird third with 86. The competition for junior shots is in progress this afternoon.

Private Hayhurst won the Queen's prize from nearly two thousand competitors. The number entered was 1,837, which was less than last year. According to the law of averages, the Canadian twenty should contribute one man to the first hundred, and two to the first two hundred. Six in the first two hundred, three in the last stage and one at the finish is a good showing.

Lawn Tennis. The championship of the Longwood tennis court was at last decided, the final match having been played off on Friday afternoon at Brookline, Mass., between F. H. Hovey and N. D. Whitman. Hovey won in three straight sets, 6-1, 6-2, 6-1. Hovey is only 17 years old.

According to the British census, taken in April last, the total increase in the population of the British Isles in the four years since the census of 1891 is somewhat over nine hundred thousand. The population in 1891 was 35,008,164; now it is 35,936,270. But there has been a decrease in Ireland of nearly 200,000 within the same period.

A HUMAN MONSTER. Detectives who are thoroughly conversant with the Holmes case, now believe that the self-confessed insurance swindler has been guilty of at least ten murders, and name the following as his victims:

Cigrand, Miss, of Indianapolis, who was associated with Holmes for six months. Connor, daughter of I. L. Connor. Connor, Mrs. L. L., who left her husband for Holmes.

Durky, Kate, a girl whose life Holmes insured. Peitzel, Alice, found murdered at Toronto.

Peitzel, B. F., found dead in Philadelphia, slain for securing the insurance on Peitzel's life, on his confession that he had substituted a body for that of Peitzel, Holmes was convicted of fraud, and is now awaiting sentence.

Peitzel, Nellie, found murdered at Toronto.

Peitzel, Howard, last seen with Holmes at Indianapolis, October 21, 1894.

Quinan, Cora, aged 11, daughter of Justice Quinan; Holmes had her life insured for \$1,000.

Williams, Annie, Holmes' stenographer and companion.

Williams, Minnie, sister of Annie; Holmes says she was killed by Annie in a fit of jealousy, and she put her body in a trunk and sank it in Lake Michigan.

The question now is, shall the monster be tried in Philadelphia or Toronto. In the absence of Sir Oliver Mowat and Acting Premier Hardy, the Deputy Attorney-General of Ontario does not care to assume the responsibility of making application for the extradition of Holmes from the Philadelphia authorities.

The child at once recovered consciousness and will get well.
