The Olivette, from Boston, will be due about noon to-morrow. THE WHEEL—The Charlottetown Cycling Club will meet at their rooms this evening at half-past seven, for a run. A full attendance is requested. A SURE PROFIT—Two Halifax merchants are reported to have cleared \$5,000 between them on the recent rise in the price of flour. Many other merchants have also made large profits. THAT LUNAWAY—Mr. Joseph Warren asks THE EXAMINER to say that his horse did not run away yesterday, as stated by the Guar-fian. He states that at the time the Guar-fian says the runaway occurred his horse was in his stable. A GOOD COMPANY—Our Summerside correspondent speaks very highly of the performance given at that place last night by the Cosgrove Concert Company. This company gives a concert in the Opera House to-night and another to-morrow night. THE LOBSTER CATCH—The lobster catch around the western shores of the Province has up to the present been heavy—the best being for many years. We learn too, that greater care is being taken by those packers who were careless in years gone by. CALESTIONIAN CLUB—There was a large attendance at the regular meeting of the Caledonian Club held last night, and sixteen new members were received. If satisfactory arrangements can be made the annual gathering of the club will probably be held in Charlottetown this year. HOW DISCOURAGING to find that the cloth you have chosen for a suit of clothes does not turn out as you expected. Such is never the case with the "Tale" Sergees, but you must be sure to get it with the registered trade mark, "Tale," stamped on the back of every 2 1/2 yds. SCOT ACT—Summerside were served yesterday afternoon as follows: John Collins, first officer; Mary Jane McMillan, second officer; John Reid, first officer; John Helbert, second officer; John J. Trainor, second officer. All the summons are returnable on Wednesday the 31st June. THE MERRY-GO-ROUND—Mr. Charles Ferguson, proprietor of the merry-go-round which has been creating such a furore in Summerside for some time past, was in the city yesterday arranging for a place to fit up the apparatus, and took out the necessary license in the afternoon. He will likely begin operations in Charlottetown next week. THE ITALIAN WAY.—In Italy when the country bride and groom dance together, the first thing they do is to kiss each other's shoes, if they wear any. A man does not go to a girl and ask her if she will dance, but he fixes his eye upon her from a distance and nods. She nods in return, and then both kick off their shoes, and dance towards each other, and begin to dance. EVER IN THE FRONT.—As illustrating their well-known enterprise, and as an evidence of their sound belief that advertising is the great means of success, Messrs. James Paton & Company have just published a large display catalogue of 24 pages, setting forth the bargains, and may be procured in their establishment. "Keeping constantly at it" is their motto, and the firm undoubtedly makes a grand showing in the pages of their spring catalogue. PHONOGRAPH EXAMINATION.—Mr. William Moren, of this city, has received word that he has passed successfully the examination prescribed by the Phonograph Institute, Cincinnati, Ohio, and has been awarded a teacher's certificate. The examination referred to is a very severe one. Mr. Moren complied with the conditions in every respect, and was a highly complimentary letter from the Institute. His average in some of the papers was over 90 per cent. THE EXAMINER joins with Mr. Moren's many friends in congratulating him upon his success. IMPROVEMENTS.—The stores in the Stampers Block occupied by Messrs. Bros. B. K. Just and W. A. Hutchison, are being artistically painted by Mr. P. H. Trainor. Among the other stores that have been similarly attended to are those occupied by Messrs. Paton & Co., J. M. McLeod & Co., J. B. Macdonald & Co., and Dr. S. W. Dodd. Mr. Paton's store was painted by Francis Melkory, J. M. McLeod's by Patrick Burke, J. B. Macdonald's by D. Howlett, and Dr. Dodd's by Robert Steele. The appearance of the stores has been greatly improved in consequence. EMBROIDERY SALE.—The exhibition and sale in St. Paul's schoolroom last night was not so well attended as it deserved to be. Those who were present, however, thoroughly appreciated the affair. The refreshment table was very well patronized, and the concert programme was especially well rendered. The programme included the following: Cornet duet, Messrs. H. Worth and K. Stewart; Recitation, "Something and Nothing," Miss Love; Vocal duet, Mrs. Mitchell and Mrs. Holl; "Of the Waters Could Speak," Children's Chorus; "Tell me what the world doth say" Reading; "No connection with over the way," Miss Evelyn Rogers; Distribution of prizes; Duet, "We'll be the angel said," Laura and Helen Mitchell; Recitation, "Do you think he will come," Audrey De Blois; Recitation, "Temperance song," Helen Mitchell. The articles made by the children gave evidence of much skill and taste on the part of the teachers as well as diligence on the part of the pupils.

NOW AND AFTERWARD.

"Now the sowing and the reaping, Working hard and waiting long; Afterward, the golden reaping, Harvest home and grateful song. Now, the long and toilsome duty Stone by stone to carve and bring; Afterward, the perfect beauty, Of the palace of the King. Now, the spirit, conflict-riven, Wounded heart and painful strife; Afterward, the triumph given, And the victor's crown of life. Now the training, hard and lowly, Weary feet and aching brow; Afterward, the service holy, And the Master's "Enter thou."

GENERAL TELEGRAPHIC NEWS.

MADRID, May 27.—Bicycle champions Campes and Laocsa were terribly injured in a collision during a race yesterday. They were riding together in the tandem race, which they were just about winning, when the two opponents crossed their path. The two machines came together with a crash, and the riders were thrown to the ground in a heap. Laocsa's right leg was lacerated in the crash and is dying; Campes had both arms broken. MONTREAL, May 27.—In an interview with a friend Hon. Mr. Bond, of Newfoundland, is stated to have said that it was too late to think of re-opening the negotiations for confederation for he had almost closed a bargain for the loan wanted. Hanson Bros., Montreal, are prepared, it is said to make the loan. Mr. Bond has shut down on newspaper interviews for the present because the Montreal Gazette published a column interview with him. DENVER, Col., May 27.—A special to the Times from Reddick, Col., says: A report has reached here to the effect that a conflict took place yesterday between the cattlemen and sheepmen in Rout county, a few miles west of Steam Boat springs, in which two cattlemen were killed and six wounded. Fifty-four thousand sheep, accompanied by nineteen wagons, each carrying from four to six men, are being driven through the country to Wolcott. OREGON, May 27.—An order in council has passed by which the age of Cadets entering the Royal Military college will be 15 to 19 instead of 15 to 18. The committee of the Royal military tournament of Britain have offered to present silver medals for competitors at the annual tournaments in Canada held under duly constituted military authority. BOSTON, May 27.—The Herald says: War between Great Britain and Venezuela will be a matter of only a few months if some of the advice from Venezuela are to be believed unless Great Britain submits to arbitration in the matter of the disputed boundary. The Venezuelans feel they cannot submit to the permanent occupation of the country around the mouth of the Orinoco by British subjects under the British flag for an indefinite future. War talk is strong in Venezuela and the chances of success or failure are being fully debated. The Venezuelans, although possessing only about 2,000,000 people, have often had as many as 80,000 men in the field in their revolutionary contests and they believe they would have no difficulty in mobilizing 100,000 good soldiers if necessary. LONDON, May 27.—In the House of Lords, to-day, Lord Rosebery presented a bill to enable colonial legislatures to sit in the judicial committee of Privy Council. In his speech introducing the bill, his Lordship said there was only one judge of colonial experience who now sat in the judicial committee, while the number of colonial appeals was constantly increasing. The bill, he said, proposed that any one holding judicial office in the Supreme Courts of Canada or in Australia, if sworn as a member of the Privy Council, shall become a member of the judicial committee without salary. If the bill passed, several colonies would take advantage of the provisions, thus adding links to golden chain of the Empire. Lord Salisbury and Lord Herschell expressed approval of the bill, which passed its first reading. ROME, May 27.—Total returns from the election of yesterday that the following were elected: 726 unionists, 192 constitutionalists, 31 radical opposition and 14 socialists. In 35 districts re-ballots were found to be necessary, and in 19 of these the plurality was in favor of the government. LEXINGTON, Wis., May 27.—About two inches of snow fell throughout northern Wisconsin last night, and the ground is covered with slush. The snow was preceded by rain, which put out the forest fires that had been burning seriously of late.

HAD HORSE SENSE.—According to an exchange a big gray horse named Ben, not long ago. Some wet robes were hung near a stove in the stables, and during the night one of them began to burn. Ben smelled the smoke, and in his falter (as intelligent as animals ought not to be) and drummed with his heels on the stableman's door at the other end of the building, until the man woke, when Ben led the way to the stove. As soon as the robbers were made right, Ben walked quietly back to his stall. Over thirty horses were in the stables at the time, but none of the others had so much "horse sense" as the big gray.

A DANGEROUS DREAMER.—A young married couple lived very happily together. One morning, however, the young woman was very moose at the breakfast table, and behaved in a most extraordinary way. The husband noticed the change in her manner, but on being questioned by him as to the cause of it, she would not give him satisfaction until he finally insisted on being told what was the matter. "Well," she said at last, "if I dream again that you have kissed another woman, I will not speak to you again as long as I live."

SPECIAL Correspondence of The Examiner. ILLNESS OF MRS. PERRY.—Mr. S. F. Perry, M. P., crossed over in the St. Lawrence yesterday morning, on his way to Ottawa. At Point du Chevre he received a telegram stating that his wife, who was ailing at his departure, but able to be up and doing, had taken extremely ill, so that her life was despaired of. Mr. Perry returned at once to Summerside, where he was compelled to stay over night owing to rain. By telephone last evening it was learned that Mrs. Perry was no better, and very little hope is entertained of her recovery. A GOOD SHOW.—The Cosgrove Concert Co. gave their concert here last evening to a full audience, under the auspices of the Band. The concert far exceeded all expectations. They play again on Friday evening here. The Band boys got Friday evening here. The Band boys got Friday evening here. The Band boys got Friday evening here.

THE ST. LAWRENCE.—The St. Lawrence carried over 27 passengers and returned on 37. The "old St. Lawrence" look a real horse that, in spite of the New Year's of his life in the conflict, it makes us Summersiders feel blue to think that our newer friend the dark Northumberland has taken the place in our affection the while St. Lawrence once held. The St. Lawrence arrived here at 6 p. m. She sails Ch'Wn at eight; the Northumberland suits us. PERSONAL.—Ex-Policeman Harris, of Charlottetown, crossed over in the St. Lawrence yesterday. LETTERS TO THE EDITOR. THAT UP-TO-DATE BOILER. Sir,—"Patron," in re Hillsborough Factory boiler, is very sensitive on the point raised by "Observer" in yours of the 27th concerning the boiler-handled from St. John's, although he considers it an up-to-date boiler. I would like to ask "Patron" up to what date does he refer to? ANOTHER OBSERVER.

HEAD TAKES OFF.—A horrible accident occurred in a saw mill at Hawkshaw, about thirty miles up river from Fredericton, N.B., on Friday last. A young lad named Fredericks, of Don Settlement, who was employed in the mill, fell on a saw that had been covered over by hydraulics or machine flanging or riveting. One thing is certain, the head spoken of by "Observer" was not machine-handled, but plain cast iron. This "Patron" has mentioned, although he considers it an up-to-date boiler. I would like to ask "Patron" up to what date does he refer to? ANOTHER OBSERVER.
