Odds and Ends.

Shipwrecked But Safe.—Jack Tar—We ain't so very fur from land, Jim! There's been a yacht along here lately. Jim—How do you know? Jack Tar—See all them champagne corks.

Little Ethel, less than three years old, saw a man walking along the street with his arm in a sling. Oh, mamma!" she cried, "There goes a man with his arm in a hammock."

Negative Bravery—Jones—"So you saved a man's life, did you? I always thought you brave and daring. Whose life was it?" Brown—"My own. De Bluffer was going to exterminate me, so I ran."

A Bird in the hand.—Solomon Rubenstein (in deep distress)—"I expect, fader, ve vas better sent for some ohf dose Elixir ohf Live, ain't it?" Jacob Rubenstein (very low)—"Vat vos you dinkin' ohf, Solomon? Did you vants me to loss mine insurances?"—*Life.*

Canada (in great wrath, to John Bull)—Why don't you bring your ironclads over here and teach these impudent Yankees a lesson? John Bull—Sit down, child, sit down. I can't afford to quarrel with them. Got too much money invested in their blawsted country.

Nervous and Tender-hearted.—"Conductor, what was that?" asked a nervous old lady as the wheels of the coach made a little more jar than usual. "We went over a few frogs just then," he replied. "Most likely squashed the poor things, too," she said, with a tremor in her voice.

Elsie—Jack, why don't you reform? Jack (pointedly)—Well, now, if I had some one to take an interest in me——. Elsie—The very thing! There's Aunt Keziah without a chick or child in the world. Why didn't I think of it before? She takes such an interest in young men, too. She'll be glad to help you.

A Real Funny Girl.—"Oh, George," she murmured, "I know you are strong and will protect me; yet even now, as we recline in this swinging hammock I am surrounded by fear." "Fear, my darling?" said George de Romely. "What fear can surround you?" "Atmosphere," she chuckled, and the hammock broke down to punish her.

Results of Elixir.—Moses—Isaac, mine son, go down to the glinic und ask de doctor for a dose of dot lamb elixir. It will gost noddings, und you will grow a fine all-wool suit of clodings. Isaac—No, fadder, it would ruin my gabacidy for pisness. Peoples could pull the wool over the eyes of your son. Moses (reflectively and aside)—Dot poy vas smarter as his fadder.

Tom—"A professor of phrenology examined my cranium to-day. He said I knew nothing whatever regarding the value of money." Dick—"Did you pay him?" Tom—"Yes, I gave him one dollar in advance." Dick—"Then there was no need at all of his examining your head. Anybody else could have told you the same thing."

Knew Nothing About It.—It was a suit involving a claim of fraud in the sale of a cargo of coffee, and a melancholy looking man was in the box. "You have been summoned, Mr. Ollapod, to testify as an expert in this case, I think?" "Yes, sir." "You are a judge of coffee?" "I think I ought to be." "What is your occupation?" demanded the judge. "I am the proprietor of a railway eating house!" "You can stand aside."

Do You Drink Ice Water?

That cool refreshing drinks in warm weather are delicious is undeniable. That drinking ice water in copious draughts when a person is overheated is injurious, not to say dangerous, is also undeniable. But that the free drinking of water in some form in hot weather must be avoided, is deniable, and is one of the greatest popular errors extant. When a person is perspiring freely from every pore, a vast amount of water is drawn from the body, which must be re-supplied, or great injury is being done the physical health, and the foundation of some of the worst forms of kidney disease is being slowly, but surely laid. Why! someone will exclaim, that is just what causes kidney troubles, drinking water freely which contains so much lime. Wrong again! So long as the water drank is freely carried through the system, and converted in its passage to the naturally acid reaction of the urine and perspiration, no danger can occur by deposits of urea or lime in the kidneys and bladder, because they remain perfectly in solution, and are carried out of the body instead of remaining it. Literally, they are washed out of the body by the copious draughts of water (that most perfect of all known solulents), same as a series of pipes are "flushed" with water to clean them. A clean body is never diseased.

Do not drink ice cold water, but pure cool water; a little lemon juice will improve the effectiveness. Plain soda water with a little acid is also excellent. If from drinking too much ice water you have stomach cramps, or are "water-logged," as it is called, or are attacked with Cholera Morbus, Summer Complaint, Diarrhœa, or Dysentry, do not resort to alcholic stimulating drinks, which irritate rather than soothe and allay the inflammation which has caused the trouble; but adopt the practice of taking daily just before retiring, during July and August, one teaspoonful of Johnson's Anodyne Liniment in a little sweetened water, which will prevent all such attacks and ill effects from ice water. In fact, a little pamphlet, sent free to anyone, by I. S. Johnson & Co., Boston, Mass., contains a vast amount of information about treating those summer troubles.—dy6i wyli.

Decreasing the Death Rate.

The mortality among consumptives has been materially decreased of late years by the use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda. Phthisis, Bronchitis, Abcess of the Lungs, Pneumonia and Throat Affections are completely subjugated by a timely use of this excellent pulmonic. Palatable as milk. Sold by all druggists at 50c. and $1.00.

We are agreeably surprised to see such fine celery, cabbage, cauliflower, green and butter beans, beets, carrots, onions, lettuce, etc. at Gay's stalls, Market House. He has certainly taken time by the forelock this season. We would advise those who have not already done so to change their diet and make one meal each day at least of vegetables, not forgetting Gay's Extra Early Celery, which is unquestionably the best nerve quietor known. This is not a quack medicine advertisement, but simply a reminder that summer is at hand, and that the human system requires something more than meat, bread and such heat-producing food, but just the opposite. We would say to hotel proprietors and others to order a market day ahead and thereby secure the best, and at a discount on retail prices. The advantage of this is, orders are filled at home and the best are not culled, as is sometimes the case purchasing from the market. Order by mail or call at the Market at Gay's Stalls, No. 23, 24, 25 and 26—a daily mail to Pownal.—J. J. GAY & SON, Pownal. jy29 dw1m my th

"I have used Paine's Celery Compound and it has had a salutary effect. It invigorated the system and I feel like a new man. It improves the appetite and facilitates digestion." J. T. COPELAND, Primus, S. C.

WHAT AILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As an appetizing, restorative tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula. Salt-rheum, "Fever-sores," Scaly or Rough Skin, in short, all diseases caused by bad blood are conquered by this powerful, purifying, and invigorating medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its potency in curing Tetter, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-joint Disease, "White Swellings," Goitre, or Thick Neck, and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using **Dr. Pierce's Golden Medical Discovery,** and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is **Scrofula of the Lungs,** is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvelous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, anti-bilious, pectoral, and nutritive properties, is unequaled, not only as a remedy for Consumption, but for **all Chronic Diseases** of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Severe Coughs, and kindred affections, it is an efficient remedy.

Sold by Druggists, at $1.00, or Six Bottles for $5.00.
