Charlottetown, March 22, 1890.

"BARRISTER"

"Lucky Lad."

THESE renowned Clydesdale Horses will be sold at PUBLIC AUCTION, on the MARKET SQUARE,

ON FRIDAY, 18th APRIL,
AT 2 O'CLOCK, P. M.

Half the purchase money to be paid at time of sale. A credit of 12 months will be given for the balance on approved security.
"BARRISTER" and "LUCKY LAD" are so well known to the public interested in horses that it is deemed necessary to say but little concerning them.
"BARRISTER," which was foaled in 1878, was exhibited at many of the leading Shows in the Old Country, and never left the ring without a ribbon. He on this side has competed in New Brunswick, Nova Scotia and State of Maine, and was always placed first. At our Provincial Exhibitions he has never been beaten, excepting by "Lucky Lad." His stock is more favorably known in the Maritime Provinces and State of Maine, both as good workers and prize winners than any other horse of the draught breed.
"LUCKY LAD" was foaled in 1884, and was a short leg horse at the great Glasgow Spring Stallion Show, in March, 1887. He entered the ring with no less than 72 of the best 3-year-old horses of Scotland, and was one of twelve left in the circle from which the winner was selected. He is a very stylish, active horse, and as near faultless in conformation as any big horse to be found. He has been shown twice at our Provincial Exhibition and was placed first each time. His progeny took first prize at Charlottetown as foal at foot, at Exhibition, October, 1888, and first prize as yearling and second prize as weanling at Exhibition held in October last. These horses have never had to leave their stables in Charlottetown to make a full season.

R. BEARSTO,
Auctioneer.

NOTE.—The reason for disposing of these horses as above is that Mr. C. C. Gardiner, being part owner, and being also President and active Director of the Exhibition Committee, has determined to sell in order to prevent its being said that his interest in them conflicts with the independence of his position as a Director in the selection of competent Judges for the Exhibition.

Missionary Meeting.

A public meeting of the York Auxiliary of the Women's Missionary Society of the Methodist Church, was held at Union Road Church, on Thursday, the 27th ult., at 7:30 p.m. Despite the terrible state of the roads a full house mustered to hear the excellent programme.

The Chair was taken by the Pastor. The meeting was called to order. After singing the opening hymn: "Jesus shall reign, &c.," the opening of prayer and the reading of the 46th Psalm. The Chairman called for the President's address. The President, Mrs. Wm. Large, responded by reading the following:—"This Auxiliary was organized as you are aware, by Miss Palmer, in the month of November, 1888, and we have held our monthly meetings regular ever since. At the commencement our numbers were small, but the Master's presence was with us to bless and cheer us, although there are those who think we are out of place. From Apostolic times to the present there are not wanting those who say that women should keep silence, especially in public. However deeply we may feel on the subject, we must forbear and not let our voices be heard. But we are thankful in this age of progress. Public opinion has changed, so that no one can freely advocate any cause that concerns her and that lies near her heart without fear of being misunderstood, or moving out of her sphere by so doing. And now, dear sisters, the King's business requires haste; we must be up and doing, for the years are hastening on, and we shall soon be beyond the platform of labor; and surely we all desire to hear the Master's "Well done, she hath done what she could." Therefore we solicit your prayers and sympathy and support for our Auxiliary, and for our "heavenly sisters" for whom we are working. When we consider that 250,000,000 of women depend for the Gospel blessings and privileges upon the women of the Protestant churches of America, there is no time for idling in the Master's service. Thousands are dying every day without the light of the gospel, and those remaining will never know the light unless we hasten to send it. But the time is hastening on when women will be no longer ignorant, enslaved in the darkness and iniquity of heathen life and worship, but man's companion and equal, filling the position God intended when he created them. If women are fully devoted to mission work, their children will catch the zeal, and we may naturally look to the homes of such women for our future missionaries and missionary contributors.

We are told of a Moravian mother, who understood Christ's call for workers in the world's harvest. A friend, in much sadness, said to her, "Your son is gone." "Is Thomas gone to heaven through the missionary life? Would to God He would call my son John. John went and died." The committee were sad; but the old lady anticipated them and exclaimed, "Would that He would call my last son William. William went and fell." Then she exclaimed, "Oh, that I had a thousand souls to give to God. We have no gift too precious for Christ's service." If this poor mother, who knew the love of Jesus, would willingly offer her three sons on the altar of self-sacrifice for the service of Christ, and the salvation of her fellow creatures, surely we ought not to think it too much to sacrifice two hours once a month and a little of the money the Lord has given us, to send the gospel to those who, in the night of heathen cruelty, are longing for the light and love of Jesus. If thus by our efforts and liberality we can gladden those sad, sad hearts, and win those precious souls for heaven, our hearts will be more than glad—when we hear the Master say, "As much as ye have done it unto Me."

"The harvest is white and the laborers few. But woman has risen, this work to pursue, For a pitiful wail comes o'er the sea, If you have a Saviour, oh, send him to me."
"It was thus unto women the mission was given, Go tell my disciples, the Lord, he hath risen, There's encouragement here in the work we pursue, There is work here for women that men cannot do."
"The e's no time to linger, let us rise in our might, With oil in our vessels displaying our light, There's a mission at home as well as abroad, Let us labor dear sisters, to bring others to God."
The Secretary's report was called for and Mrs. George Deacon, Secretary, read the following:—
Our Auxiliary was organized in November, 1888, with five members. We held our first meeting at the Parsonage, York. At the second meeting there was one member added to the number. At the next meeting there were three more, and there has been a gradual increase in the membership ever since. At the end of the year, September, 1889, we reported ten monthly meetings, with a membership of twenty, three of whom have since removed. The amount of money raised during the year was \$32.51. At our first meeting this present year we started with a membership of seventeen, and now we are glad to report a membership of twenty-eight. At this meeting a donation of \$25 was forthcoming, through M. S. Spargo, from a friend of the Women's Missionary Society. The first quarter we raised \$9, the second quarter we raised \$10, making a total for the half year of \$19.

In reviewing the work of the past year, gratitude should fill our hearts for all the way the Lord has led us. "Truly He hath crowned the year with his goodness." All through the year our Auxiliary has been gaining in strength and extending its influence, and the blessings that have come to us in the past, bring with them increased responsibility for more diligent and earnest work in the future; remember it is our privilege to be co-workers with Him who alone can give the increase.
The address and report were received with gladness, and the admirable singing, the choice selections in recitations, dialogues and readings, were listened to with rapt attention; and frequent applause declared the pleasure and delight of the audience. The collection amounted to the handsome sum of \$10.

Thus once again, from the platform of the W. M. Society, has gone forth the hallowing influence of womanly tenderness, courage, love and sympathy for the sorrowing and afflicted sisterhood of heathendom, which cannot fail to make itself felt in the hearts and lives of those who were present, and will prove to be like "Bread cast upon the waters to be seen again after many days."
The thanks of the Society are cordially tendered to all the friends who so nobly did their part to make the meeting a success. So ended one of the most interesting M. S. S. services I have had the pleasure to attend.

W. H. SPARGO.

LETTERS TO THE EDITOR.

"Ploughboy" on the Corn Question

SIR,—In the *Weekly Patriot* of the 27th ult., I notice an ignorant over the signature of "Farmer" undertakes to criticize the *Examiner*, and its correspondents on the subject of "Free Corn." The only thing he proves is that he gets all his information from the *Patriot*, or has been silly enough to listen to the specious arguments of somebody like Dr. Robertson, who has been trying to make people believe that the distillers of Canada have been importing corn free for making whiskey.

When "Farmer" attempts to write on this or any other subject, he should first see that his information is correct. Had he done so in this instance, he would have found that every bushel of corn that is imported by a distiller pays 7½ cents duty. "Farmer's" case, we must attribute his error to ignorance and to his gullibility in allowing too readily the assertions of Grit editors and Grit representatives, who make no effort to correct the groundless assertions of such silly writers as "Farmer." They prefer to let the lie go uncorrected, thinking it may catch some poor temperance man, who in turn will denounce the Government for allowing corn to be imported free to make whiskey. If "Farmer" has any sense of truth left, he will at once write the *Patriot* to say, he was mistaken when he asserted that "the distiller can have all the corn he wants free." However I need not ask him to do that, as the *Patriot* would not publish his letter were he to tell the truth on this question. If "Farmer" were really alive to his own interests, he would back up the Government in protecting the tariff interest by asking them to put a duty on the three million pounds of Yankee beef that comes annually into Canada, instead of accusing the distillers on a false basis. Were he still further alive to his interests he would use his influence against our present representatives at Ottawa who are advocating free corn to kill our only oat market, instead of wasting his time writing against the Government for things they have never done. He says General Laurier moved a resolution for free corn. Yes, General Laurier voiced the interests of the people he represented even against his party. They wanted free corn to take the place of our oats, but the miserable party following representatives we have at Ottawa forsook the best interests of the people who sent them there and followed the lead of the disciples of free corn, instead of like General Laurier leaving party for the sake of their constituents.

The whole basis of "Farmer's" reasoning is rotten, as distillers have to pay duty on every bushel of corn they import. It is, therefore, unnecessary to follow him in his baseless assertions. It is one's duty to enlighten the ignorant, however, and I will, therefore, inform "Farmer" that the only concession distillers get is a rebate on the whiskey exported, which has been manufactured from imported corn on which they have paid 7½ cents duty. The whole rebate paid last year was only \$412, so that "Farmer" has not much to cackle over. As a temperance man I would prefer seeing the distillers receive a much larger amount as rebate, as we would then know the whiskey was shipped out of our country. Cannot "Farmer" see the impracticability of applying the principle of rebate to farmers, as it would necessitate the placing of revenue officers in every man's stable to see how much imported corn he fed, and that it was the cattle so fed that were exported.

Like all Grits, "Farmer" would have all our legislation in favor of the Yankees. He would let them put a prohibitory duty on our eggs, potatoes, and everything we grow; but it is high treason, according to Grit doctrine, for our Government to place a duty on Yankee manufacturers. Yankee meat, etc., in the interest of our own people. Grits are quite satisfied that the thirteen million pounds of Yankee pork and over three million pounds of Yankee beef shall come yearly into Canada to deprive our farmers of the home market. It is an outrage on us farmers, and I hope our Government will take steps to prevent it.

PLOUGHBOY.

Cardigan, March 29, 1890.

Scott's Emulsion of Cod Liver Oil and Hypophosphites

Is sold all over the world. It is far superior to plain Cod Liver Oil, palatable and easily digested. Dr. Martin Miles Stanton, Bury Bucks, London England, says: "I have prescribed Scott's Emulsion, and taken it myself. It is palatable, efficient, and can be tolerated by almost anyone, especially where cod liver oil itself cannot be borne. Sold by all Druggists, 50c. and \$1.00.

Proof positive—That good quality in boots and shoes is appreciated by the public to old shop-worn boots at any price—by the fact that the Dominion Boot and Shoe Store has almost doubled its sale during the month of March. April 2 d & w 4
