Jonathan Daniels Is Quite Surprised

HILTON HEAD ISLAND, S.C. (AP) — Jonathan Daniels said here he was "quite surprised" at the commotion caused by a reference in his new book to a romance between the late president Franklin D. Roosevelt and the late Lucy Mercer Rutherford.

"I'm surprised," said Daniels at his summer home here, "because I wrote of this in greater detail in The End of Innocence, published in 1954."

The new book, to be published Aug. 19, is called The Time Between the Wars.

The passage in the new book that seems to have aroused all the attention is only about two pages long, said Daniels, an aide to Roosevelt and now editor of the Raleigh, N.C., News and Observer.

"I just hope people remember the rest of the book as well as those two pages," he added.

Daniels said Grace Tully, Roosevelt's personal secretary, revealed in her 1949 book, FDR, My Boss, that Lucy Mercer was

with FDR when he died at Warm Springs, Ga., in 1945.

Roosevelt's son, James, commented in New York that he understood "everyone in the family" had known Miss Mercer was with the president when he died.

He said Miss Mercer later Mrs. Winthrop Rutherford—was an old family friend.

Daniels wrote in his new book that the president's wife, Eleanor, was bitter and jealous of Lucy during all the years until the last when at Franklin's death in 1945 she found that Lucy, on one of her several trips to Warm Springs (Ga.), had been with her husband when he died.

James Roosevelt said he did not know of any romance, and explained, "I was a pretty small boy in 1918. I was about 11 then and not aware of anything."

Roosevelt, now 58, is a U.S. delegate to the United Nations Economic and Social Council.

Daniels' new book says the crippling polio attack that the future president suffered in 1921 helped cement his marriage to Rutherford, a wealthy Virginia stocker, widowed in 1914, she died in New York City in 1942 at the age of 57.

Interim Report Discloses Loss

TORONTO (CP) — Clairborne Sound Corp. Ltd. had a loss of \$91,369 in the six months ended June 30 compared with a profit of \$12,583 in the same period of last year.

Sales fell to \$3,390,201 from \$3,842,514.

In an interim report to shareholders, president Peter Munk said the company has been going through a major re-orientation and is moving from a single product company—phonographs—into a multi-product manufacturer, including color television sets.

Cost of start-up for the new products would be well in excess of \$1,000,000.

"The significant demand for color television, which almost continuously outpaced available supply in both Canada and the United States during the last 12 months, has created disadvantageous market conditions for home entertainment manufacturers who could not offer color television."

Mr. Munk said the decline in sales, which management had anticipated, was one of the main reasons the company decided to make color television sets. Had the company not been able to offer the new products, sales would have continued to fall.

He said the company has orders for \$3,000,000 worth of new products for samples shipments this month, compared with \$1,200,000 at the same time last year.

The company expects to meet its sales forecast this year which should result in a significant improvement in sales and earning for the whole of 1966.
