

Routine Business Discussed By Alberton Board of Trade

Routine business was conducted by the Alberton and West Prince Board of Trade at their regular meeting held in Alberton Public Library last night. In the absence of their president, Vice-president Gerald Handrahan occupied the chair.

On motion it was decided to forward a resolution urging the government to have the standard paved highways in Western Prince County also to have the shoulder of the road graded level with the pavement. It was considered that numerous accidents have been caused by vehicles running off the pavement onto the shoulder of the road where a drop of from six to ten inches can be found in certain sections.

The secretary was instructed to direct letters of appreciation to the proper government departments for opening up a motor vehicle registration office in Alberton, a project supported by the Board and the West Prince Zone of the Canadian Legion for some time. It was noted that the registration office, which is open on Saturdays only, handled over two thousand dollars worth of licenses last Saturday.

A further letter of thanks is to be written to the Minister of Highways commending his department for their work of filling holes and broken places in the pavement which has already been done this year making something of a record for the area.

The date for the annual Board of Trade aquatic sports day was confirmed at July 31st this year. It was decided to affiliate with the Canadian Chamber of Commerce.

This Week At CIVIC STADIUM

THURSDAY
4:00-5:30—Skating
8:00-10:00—Ice Carnival—Big cash prizes

FRIDAY
1:30-3:00—Pre School Skate
9:15—Hockey

SATURDAY
2:00-4:00—Skating
8:00-10:00—Skating

Discussion On

Continued from page 1

ernment. He urged all farmers to take advantage of this service made available to them.

Lincoln Dewar, Secretary of the Federation of Agriculture said the Government was using discrimination when they taxed gas used in tractors. He also criticized the method of withholding the rebate until the end of the year claiming that it resulted in a reduction in the farmers' working capital.

In regard to calfhood vaccination Mr. Dewar said there were something over 900 cattle vaccinated since the program went into effect. The majority of these were cattle that have since been exported from the country and there were possibly no vaccinated cattle in the Province at the present time. On the other hand he noted that 35,000 Nova Scotian cattle have been vaccinated.

FAR REACHING EFFECT
He emphasized the importance stating that it is going to affect the sales of dairy and breeding stock outside the province.

Dr. Dewar, M.L.A., offered words of commendation to the Federation on the brief. He said it contained many good suggestions and anything that would benefit the farmer, he was all for it. He felt that some mention in the brief should have been made of rural electrification and snow removal.

Harold Smith, M.L.A., Chairman of the Select Standing Committee on Agriculture said the Committee had discussed the matter of tax on farm gas. He said it was the feeling of the committee that farmers would be willing to pay the tax since the money was being used for building better roads which in turn would benefit the farmers.

Harold Smith, M.L.A., chair- gested that the report in future be brought in during the first or second week of the Session to enable the members to follow it in their addresses.

Mr. George Shaw, a vice-president of the Federation said, "Our American friends must be very happy to know that they have two Canadian markets...one for their potatoes and one for their turkeys."

Mr. Shaw said he could not understand why American birds, brought to maturity earlier by the use of drugs could be sold on the Canadian market when the use of such drugs by Canadian poultrymen was prohibited.

He noted that it was proposed to start an eviscerating plant on the Island. "I also note that the man who is going to run it is the

very person who backed this 33 cent deal last fall.

Mr. Shaw said he sold half of his turkeys to a Charlottetown dealer who later indicated he would take the remainder of his birds. Mr. Shaw said that in the meantime he had, like a great many others, panicked and sold them for 33 cents.

He suggested to the Department to consider carefully the designation of the eviscerating plant to ensure that farmers would not be caught in any middle man squeeze.

C.C. Baker noted that the Federation had always presented a good brief. He felt if the farmers and fishermen would play the game in the matter of rebates the Government might well see fit to make some more favorable arrangement. He said it was unfortunate that the honest man quite often was included with the dishonest man.

Mr. Baker felt the Milk Board should be enlarged to include more members so that the final say would not be in the hands of a Government civil servant.

The former Minister of Agriculture heartily endorsed the matter of calfhood vaccination and said it was up to the breed associations to promote this matter in every way possible. He noted that only females or males intended for breeding sires should be vaccinated.

Hon. Eugene Cullen said there were always two sides to any picture. He said he would not agree with anyone who said that times were rosy for the farmers, neither would he agree with those who paint a picture of gloom depicting every thing going to the dogs.

BIGGEST FACTOR
He said this latter picture was

REGULAR THURSDAY night dance at the Canadian Legion home, Kensington. Music by the Mellowaires. Dancing from 9:30 to 12:30. Admission 50 cents.

DIES IN FLORIDA — The many friends in Prince County were saddened when news arrived last week that Mr. Roy Durling had passed away in Florida. Some years ago the late Mr. Durling was a merchant in Jacksonville, N.B., previous to selling his business and making his home in Florida the greater part of the year. During a few weeks each summer Mr. Durling and his wife were guests of the Bowness cabins, Bedeque.

ROTARY— Variety merchandising was the subject of a very interesting address by Rotarian Jack Laycock at the regular noon luncheon meeting of the Summerside Lodge on Tuesday. The history of the largest of the variety merchandising chain of stores was traced from its beginning many years ago to the present day. Two new members, Charles Peters and Cyril C. Hickey were inducted by Rotarian Frank Arnett. President Vaughan H. Groom was in the chair.

PERSONALS
Mr. and Mrs. Alex MacKenzie of Baltic were visitors to Moncton over the weekend.

Miss Margaret Hardy, R.N., returns today to her duties at the Prince Edward Island Hospital after spending a few days in Alberton with her parents, Mr. and Mrs. G.H. Hardy.

Mrs. A.S. McAssey, Summerside is visiting friends and relatives in Charlottetown and is the guest of Mrs. Duncan MacPhail, Elm Ave.
