

Christmas At The Red Cross

For at least ten days before Christmas, Red Cross Headquarters at Charlottetown resembled Santa's Toy Shop as gifts of all kinds arrived from Junior Red Cross Branches in the schools all over the island to be distributed to over 100 crippled and handicapped children throughout the province who are being treated through the Red Cross.

Many of these gifts, such as stuffed animals of every kind and a variety of fret-saw toys were made by the Juniors themselves and would bring joy to any child. Other gifts included all kinds of games, balls, books, crayons, paints and colouring books and made up interesting packages for the different aged children. This is an annual event for the P. E. I. Junior Red Cross members and one that makes all who contribute towards it happy in the knowledge that they are bringing pleasure to other children less fortunate than themselves and in this way carrying out their motto: "I am a Christian because I help others." The children who are patients at the Sanatorium were also among those remembered at Christmas.

But it was not only the children who received special gifts at Christmas. The veterans in hospital, who are always the concern of the Red Cross and who are visited regularly all through the year, also had special Christmas packages made up for them. Members of the Red Cross Corps in Charlottetown, under the Chairmanship of Miss Dorothy Stewart, made up gaily wrapped packages containing cigarettes, shaving cream, toothpaste and brush as well as a ball point pen and distributed them, along with current magazines, a day or so before Christmas.

MANILA, Dec. 26 — (AP) — One thousand New Zealand soldiers bound for Korea spent Christmas aboard a troopship in Manila Bay. The New Zealanders, first ground troops from their country sent to join Allied forces in Korea, arrived on the troopship Ormonde.

Miss Polly Arbing, City, who has been undergoing treatment at the P. E. I. Hospital, has returned home.

EXPECT BOOST

(Continued from Page 1)
There still is an outside chance that the special force will have to go there but it is considered a small one at this time. If the 2nd Battalion of the Princess Patricia's Canadian Light Infantry there—now goes into action, a reinforcement pool of possibly 1,000 men will have to be set up.
The present intentions here appear to be to send one brigade group to Europe, to train another at the Wainwright base in Alberta and to build up a new reinforcement pool of between 3,000 and 4,000 men.

WEEKS REMANDED

(Continued from page 1)
Douglas Street home of the deceased under the supervision of City Police, and of the body of St. at Hennessey Funeral home at the request of the coroner, Dr. Harold Shaw.
Dr. Shaw was the next witness to be heard and gave in detail his findings when he conducted the examination of the body on the morning of December 5. He stated that death had been due to compression caused by external force at the back of the head. There were many small lacerations and areas of bruising in the head area, and scratches and abrasions were present on the face and on the inside of the mouth. One of the pictures was referred to, showing three distinct areas of bruising on the back of the deceased.
Questioned by Mr. J. Nicholson, Crown prosecutor, Dr. Shaw stated that the marks in the mouth were undoubtedly caused by force inside the mouth.
Magistrate Martin questioned Dr. Shaw in connection with the examination of the accused which had been conducted. The witness said that he had found scratch-like lacerations on the hands of the accused, and on the right side of his nose.
Miss Steele began her testimony by saying that she had visited the Weeks' home shortly after midnight on the night of December 4 with three friends. Talking with Weeks in the parlor when no one else was present, she had urged him to tell his wife the truth. Witness stated that accused told her it was the truth and that he had done it, witness added that Weeks had told her he had put his three fingers down Mullins' throat and kept them there for fifteen minutes.
Under cross examination by Mr. R. R. Bell, K.C., attorney for the defence, the witness said that Weeks had not seemed his usual self when she had been speaking to him, and had acted strangely. She also said that she believed he was not sober at the time.
Introduced as evidence was a statement signed by the accused, and made at the time of his arrest. Contents of this statement were not released to the press.
The next sitting of the Supreme Court in Charlottetown will be on January 9, 1951.

\$9,700 Paid In Skunk, Crow And Fox Bounties

Approximately \$9,700 has been paid out by the Provincial Government in skunk, crow and fox bounties during the past eight and one half months from April 1 to Dec. 15, it was learned yesterday from Hon. Eugene Cullen, Minister of Industry and Natural Resources.

Bounties were paid on 6,923 skunks during the period with 4,473 of the pests being turned in during May and 2,450 being killed off in the month from Nov. 15 to Dec. 15.

1588 pairs of crows' feet were handed in during the season. Bounty was paid on 473 foxes in the month from Nov. 15 to Dec. 15. Fishing and hunting licenses granted during 1950 showed an increase of about 30 per cent over those granted in 1949. These licenses included those granted for resident hunting and angling and non-resident angling, purposes.

Two dams were built during the year. One of these was at Jay's in Pisiquid and formed a pond covering 12 acres of land. The other was at Getson's in Coleman and made a pond covering 15 acres.

These two dams combined with three that were built last year bring to five the number of dams and ponds improved by the Provincial Government during the past two years. An agreement between the Government and the owner allows public angling at these dams.

Blind Enjoy Annual Party

Charlottetown will have bowling teams comprised entirely of blind people in the near future, as a result of plans formulated yesterday afternoon at the annual Christmas party held in the Canadian Legion hall by the Canadian National Institute for the Blind.

Nineteen blind from Charlottetown and vicinity attended the second annual party, given by the Ladies Auxiliary to the C.N.I.B., and thirteen of these expressed their desire to learn bowling. Mr. G. E. Wood, the enterprising Field Secretary of the organization spoke for a few moments on the subject, stating that there were good teams in other blind organizations in the Maritimes.

Mr. Wood stated that he had contacted Mr. MacDonald of the new Roll-away Alleys, and that bowling equipment would be available to the blind on any afternoon. There will be no charge to the bowlers.
Mrs. W. J. P. MacMillan, President of the Ladies Auxiliary and her committee had arranged an excellent afternoon for those attending, and the program consisted of games, entertainment and singing. An excellent supper was served by the ladies to the blind and their escorts, and instrumental solos were provided by Billy MacEachern and G. E. Wood with Mrs. A. MacEachern as accompanist.

More Girls Wanted For Training In Leadership Course

A "Woman Wanted" sign was hung out here yesterday by the Department of Agriculture which is confronted with a predominantly male list of applicants for the Leadership Training course for rural youth being held here next month in co-operation with the Department of Agriculture and the Junior Farmers' Federation.

With only two working days left before the course opens January 2, Agriculture Minister C. C. Baker reported that 45 men and only 11 girls had applied for enrollment in the course which will conclude January 6. It is hoped that the total enrollment will be 60 or more and that all applicants who have not already sent in their names will be girls, said Mr. Baker. Applications should be sent to the Provincial Department of Agriculture.

Hon. F. R. Large, Minister of Education, will deliver the address of welcome at the opening session of the five-day leadership course. Two new items have been added to the original program. These are: A talk on "Hints on Public Speaking" to be conducted by Leo F. MacDonald, Principal of Queen Square School, Charlottetown and a talk by Arthur Vessey, York, on "Drama and the Preparation of a Concert."

and papers stand first in employment; first in total wages paid; first in export values; first in value of production; first in capital invested.
Pulp and paper output is currently some \$900,000,000 a year. In value it approximates Canada's output of wheat and all other grains combined; it is twice as great as the gross value of production of the automobile industry and it equals total annual mineral production.

Pulp and paper is being exported at the rate of \$870,000,000 annually and is the largest item in Canada's trade abroad, accounting for 36 per cent of exports to the United States and 21 per cent of all exports.

Pulp and paper is the largest industrial buyer of goods and services in the Dominion. In 1949 it paid out \$246,000,000 in wages; \$130,000,000 for transportation; \$158,000,000 for supplies and electricity; and \$72,000,000 for purchases of pulpwood.

There are 85 pulp and paper companies in Canada, operating 130 mills in seven provinces. In addition to pulps and newsprint, they have a highly-developed production of fine paper, wrapping paper, tissues, paper board, and other cellulose products.

In 1949 the industry took pulpwood valued at \$240,000,000 and converted it into products having a gross value of \$336,000,000, thus increasing by 3 1/2 times the value of the wood which it uses.
