NOTES FROM THE CAPITIA,

The Deficits of Last Year.

A Big Expenditure by our Great Economists.

OTTAWA, Sept. 10.—The first year of the new rule shows a deficit of \$525,739. To this, in the old days, the government would have added expenditure on capital account which amounted to \$3,705,611. The revenue account of the consolidated fund totalled \$37,809,347, and the expenditure \$38,335,086.

Mr. W. J. Barrett, accountant of the Post Office Department is dead.

The Queen's Pleasure And Thanks.

LONDON, Sept. 10.—The Queen has written the following letter to the Lord Lieutenant of Ireland with reference to the recent visit of the Duke and Duchess of York.

I am greatly pleased to hear of the very loyal and kind reception which my dear grand children met with everywhere in Ireland and I would ask you to let this expression of mine be generally known.

PREFERENTIAL TRADE.

Disappointing Result for the British.

Great Falling off of Exports to Canada

MONTREAL, Sept. 10.—A cable from London states that in the four months since the new Canadian tariff went into force, the British exports to Canada under the new preferential rate have declined £171,550 or 14 per cent while the imports from Canada have increased 17 per cent. These figures are in comparison with the same period of last year. This result is disappointing. The greatest decrease is in iron and manufactures of the same. The decrease in the iron trade with England, enquiry in Montreal reveals, is due to Canadian purchases in the States.

TROUBLE IN AFGHANASTAN.

The Ameer Reassured.

LONDON, Sept. 10.—The correspondent of the Times at Simla says that the government of India has written the Ameer of Afghanistan that the present operations in Afghan territory are intended solely to punish Huddah Mullah and his followers in arms; that there is no intent to interfere with tribal independence or permanently to occupy country. But all who offer opposition will be punished by the troops.

This will tend to reassure the Ameer who has been informed by mischief mongers that the invasion of Afghanistan itself was contemplated.

Failure of the Codfishery.

ST. JOHN'S, Nfld. Sept. 10.—News from Labrador confirms the complete failure of the cod fishery.

LATEST NEWS BY WIRE AND MAIL

OTTAWA, September 8.—The department of trade and commerce is advised that the Australian steamer Aorangi arrived at Victoria today with two hundred men on board from Australia and Hawaii, bound for the Klondike.

OTTAWA, Ont. Sept. 8.—A circular from the customs department to collectors states that in the future all teams and carriages engaged in the transportation business may come into Canada free of duty, upon reporting on their return within 30 days.

VIENNA, Sept. 8.—The Politische correspondent announces that Greece has abandoned her opposition to the demands of Germany regarding the control of Creek finances, and, therefore, there is a possibility that Lord Salisbury's latest proposals will lead to a settlement of the Greco-Turkish troubles.

LITTLE ROCK, Ark., September 8.—The jury in the murder trial of Jesse F. Heard returned a verdict of not guilty. The case occupied four days. Deputy Sheriff Heard killed Sam T. Blair. Heard proved that improper relations existed between Blair and Mrs. Heard. The jury decided that that justified the killing.

NEW YORK, Sept. 8.—A despatch to the World from London says: "A panic is spreading throughout Ireland over the terrible prospect of the apparently complete failure of the harvest. Reports from 110 parish priests, from counties Clare, Cork, Kerry, Limerick, Tipperary, Down, Fermanagh, Monaghan and Tyrone, all tell the same piteous story of ruined crops and impending destitution from famine."

LONDON, September 8.—The Times' Simla correspondent says that the disension among the Afridis is increasing owing to the stoppage of all government allowance for keeping the Khyber pass open. It is not unlikely that when the Afridis learn of the size of the punitive expedition sent against them they will elect to yield. The Ameer's Governor Khast, who recently withdrew his outlying garrisons, has now restored them, so as to be able to intercept any tribal force that may intend to raid the Kurdam valley.

LONDON, Sept. 8.—The correspondent of the Times in Constantinople says that owing to the note of Count Muravieff, the Russian foreign minister, implying that England was responsible for the incalculable evils from which Greece and Turkey are suffering through the delay in the conclusion of peace between the two countries, Lord Salisbury has submitted fresh proposals, namely, the constitution of an international commission, representing the six powers, under whose control Greece shall place the revenues guaranteeing the interest to the holders of old bonds, and the indemnity loan to be followed by the prompt evacuation of Thessaly by the Turks.

LONDON, Sept. 8.—The Daily Chronicle's Paris correspondent says that a startling attempt to revise the French constitution is contemplated. The national assembly is to be convened at Versailles to consider a plan for the modification of the office of president of the republic. The Chronicle in an editorial article says: "If the foregoing is verified it is evident that an attempt will be made to take advantage of the visit of Faure to St. Petersburg to bring the president's position nearer to that of a hereditary monarch. Possibly the Bonapartists factions might be induced to

support such a movement and there is no Gambetta to resist it. But we doubt if any serious attempt will be made. M. Hanotaux is the strongest man in the ministry, but neither he nor M. Faure is likely to be the pivot for such a change."

MONTREAL, Sept. 8.—Two more liberal "kicks" are registered, both this time directly against Laurier. The United Catholic, an Irish organ, reviles the Globe says it opposes Irish Catholics entering the cabinet for reasons of creed, and tells Laurier he must increase the Irish representation in the ministry, alleging that the greatest discontent prevails in Irish liberal circles. Right at his own door the premier has a case. Joseph Lavergne, his law partner, now judge, retired from the representation of Arthabaska and Drummond for the bench, and his brother is now out as a candidate with Laurier's personal approval. People professing liberalism in Drummond says it is the turn of their end of the United Counties to name a candidate for the first time—twenty years. Several mass meetings of liberals have been held in Drummond and if Lavergne, who lives near Laurier in Arthabaska, persists in his candidature, the conservatives will have a good chance to win the seat.
