The Legislative Assembly of Victoria, the largest of the Australian provinces, has voted for the Federation scheme by a large majority. Honduras is said to be a perfect paradise for lazy people. Farmers, mechanics, and others can earn enough in a few weeks to keep them for a year, and, as a majority of the inhabitants only care for a mere support, few of them work more than a week or two at a time. The soil is said to be remarkably fertile, and the climate delightful. Centenarians are the rule, and all the inhabitants live to an advanced age.

In the German Empire seventeen years ago, there were 300 towns, with populations of between 5,000,000 and 20,000, which were without railway accommodations. In the year 1880 the number of such towns was only 132. Of towns having populations of between 2,000 and 5,000 there are in the empire of 1,975; of which only 468 had any railway accommodation 17 years ago. By 1880 the number of towns so provided had risen to 932.

Lizzie Barrett, aged about 35, living at Amherst, attempted to poison herself by taking oil of cedar, on Wednesday, but a doctor having been summoned in time, emetics were administered, and the woman recovered. In reply to questions, she said she wished to die because she was tired of living. So persistent was she in the effort to take her life that it was necessary to use force to administer the emetic. She said she would take more poison but no medicine. The girl is represented to be of a naturally sullen and sometimes morose disposition.

According to the official records over 2,000 immigrants have arrived in Winnipeg this month up to date. Most of these came by the lakes and have gone west to settle on farms. A large party of Icelanders, some 200 in number, are now on their way and will arrive towards the last of this month. There are now about sixty immigrants staying in the Dominion immigration buildings. They are of all nationalities, and employment is being obtained for them. The farmers are applying in large numbers for help, but the trouble with most of the immigrants is that they are not practical farm hands, and many of them are physically incapable of severe labor.—Winnipeg Sun, July 22.

DIRECTIONS TO VOTERS.

The following is the form of ballot to be used in the election for Queen's County:—

Election for the Electoral District of Queen's County District, August 19th, 1884.

JENKINS,
I. John Theophilus, Charlottetown,
County of Queen's,
Physician and Surgeon. X

WELSH,
II. William, Charlottetown,
County of Queen's,
Merchant.

HOW TO MARK THE BALLOTS.

Be sure to mark your ballot for the Liberal Conservative Candidate

"The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot paper, making a cross with a pencil on any part of the ballot-paper within the division containing the name of the candidate for whom he intends to vote, and shall then fold up such ballot-paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot-paper in the ballot-box.—Ballot Act, Sec 74.

No voters should make any mark on the ballot-paper save one cross on any part of the ballot paper within the division containing the candidate's name for whom he intends to vote. If the voter writes his name or initials, or any remarks, he makes his ballot useless.

A simple cross upon the ballot for your candidate will assist in electing him. Any other mark or writing will contribute to their defeat.

1. Poll opens at nine o'clock a. m., and closes at five o'clock p. m.
2. Vote early.
3. See that your Liberal Conservative neighbor votes early also.
4. If you have a vehicle, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.
5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.
6. Poll every possible vote; the loss or gain of a single vote in each sub-division may make all the difference between victory and defeat.
7. If your returning officers and deputy returning officers are Grits watch them.
8. Each Liberal Conservative should vote as though the result of the election depended upon his individual exertions.
9. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters' expenses, or any undue influence, will not only void the election, but is punishable by law.
10. Electors can only vote at one polling sub-division in the same electoral division, no matter in how many sub-divisions they may have votes.
11. Any elector's vote may be challenged who has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.
12. An elector having more votes than one in the same electoral district should vote in that electoral sub-division in which he resides. Attention to this rule will facilitate the polling, and possibly contribute to the individual elector's comfort.
