### Colored and White Troops

CREATE A RIOT IN CAMP, AT TAMPA.

Extreme Race Feeling Prevailing Amongst Volunteers.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, June 10.—In a riot at Tampa between United States regulars and volunteers, four men were killed.

A squad of colored regulars got intoxicated on being paid off on Monday and met a lot of white southern volunteers and a fight ensued.

The city was at once put under martial law, and General Shafner issued orders compelling all the men to remain in camp at night.

General Miles is greatly exercised over the race feeling existing, and more trouble is expected when new troops arrive.

### Spain Offends John Bull

THE WAY PREPARED FOR LANDING OF U. S. TROOPS.

Foreign Warships Gathering in Force at Manila.

[SPECIAL TO THE EXAMINER.]

NEW YORK, June 10.—The following war news is gleaned from the latest despatches.

Sutago, is said to be on the verge of starvation.

Admiral Sampson has officially declared that the purpose of the bombardment of Santiago was to clear the way for the troops, and that object has been attained.

Communication between the Cuban fleet and the insurgents is constant. The gathering of foreign warships at Manila is taking place and creates much uneasiness.

It is thought that England will be justified in punishing San Juan Spaniards for imprisoning Betts of the British consulate.

Betts awaits cable instructions, and it is thought British warships will be sent to St. Thomas to take him to Halifax.

A communication on the subject is expected to come from the British war office through Admiral Fisher, at Halifax.

## AMERICANS TIRED OF THE WAR.

### Overtures for Peace

MADE BY THE PARIS EDITION OF N. Y. HERALD.

Believed to be Inspired by President McKinley.

[SPECIAL TO THE EXAMINER.]

LONDON, June 10.—The Madrid correspondent of the Standard says: "The utterance of the Paris edition of the New York Herald in favor of peace is believed to have been inspired by President McKinley.

The impression exists that the people of the United States are sick of the war and that McKinley is discredited by the delay in the proceedings.

### CHAPLEAU DYING.

[SPECIAL TO THE EXAMINER.]

MONTREAL, June 10.—The last rites of the church were administered to Chapleau yesterday afternoon.

### A SPANISH ACCOUNT.

The Latest Battle Cost the Americans Dear.

MADRID, June 9.—A semi-official note was published here yesterday purporting to give an account of the bombardment of Santiago de Cuba by the American fleet on Monday last: "The American navy, under Admiral Sampson, had fiercely attacked Santiago de Cuba, and a bloody encounter ensued. The Americans made three attacks on the Spanish marine and land batteries, which replied. As a consequence the Americans were repulsed with heavy losses, estimated at 1,500 men. The American projectiles, however, sank the Spanish cruiser, Reina Mercedes."

Despatches received here from Havana, Spanish sources, say "the Americans were again repulsed at the last bombardment of Santiago de Cuba." Continuing, these reports assert that the damage done to the batteries and town is "unimportant and is already repaired," adding: "The Spanish guns did not cease to fire an instant during the fight, and all the batteries are in condition to reply to the enemy's fire. During the second attack Colonel Ordonez was on board the Reina Mercedes, and personally assisted in working her guns. Everyone regards Colonel Ordonez and General Linares as the heroes of the day."

According to official Spanish despatches received here, the exact loss of the Spaniards at Santiago de Cuba on Monday is as follows: Land forces, one soldier and five officers wounded, including Colonel Ordonez, slightly; sea forces, the second officer in command of the Reina Mercedes, five sailors and 29 marines killed, and an officer and eleven sailors wounded. The official despatches also say that many of the wounded, including Colonel Ordonez, are able to attend to their duties. It is announced here that the Spanish steamer Benito has "run the blockade of Manzanillo, and arrived at Jam 104.

## U. S. TROOPSHIPS ARE THREATENED

### By the Spanish Warships

SAID TO BE ON THE LOOK OUT FOR THEM.

The Spanish Ships Not All Locked up Yet.

[SPECIAL TO THE EXAMINER.]

WASHINGTON, June 10.—Military and naval authorities are greatly alarmed, fearing that they have been outwitted by the Spanish navy.

With transports carrying 27,000 American troops at sea, rumors apparently well based, are that four Spanish warships have been seen lying in the path of the troopships in waiting for them.

If this should prove to be accurate the transports will be held up at Key West, and some battleships including the Oregon may be sent to smash the enemy.

## THE PARLIAMENT OF CANADA.

### Plebiscite Bill Stands Over

THE FRANCHISE BILL TO BE FIRST DISPOSED OF.

Prorogation Will Likely Take Place on Saturday.

[SPECIAL TO THE EXAMINER.]

OTTAWA, June 10.—In the Senate, when the Plebiscite Bill came up, Bowell asked that it stand over for third reading until the Franchise Bill was disposed of.

The Commons refused to allow the Franchise Bill to become law, it would be the duty of the Senate to provide for the taking of a plebiscite vote on Provincial lists.

In the House of Commons, the motion for non-concurrence in the Senate amendment to the Franchise Bill, providing appeal to judges was adopted. The amendment to the tariff extends preferential terms to raw sugar products in any part of the British Empire. Prorogation will likely be on Saturday.

### OPINION IN MADRID.

Patience Ceases to be a Virtue.

LONDON, June 8.—The Madrid correspondent of the Standard says: "El Liberal calls upon the government to take steps promptly to cheer up public opinion, which is clamoring for the immediate de-patch of a relief expedition to assist Captain General Augustin, forcing the Americans to leave Manila. This alone, the papers argue, would put a stop to the agitation and disaffection among the natives of the island of Luzon."

"The nation," says El Liberal, "has remained patient only because it has believed that the government would really arrange such an expedition."

El Imparcial advocates a similar course, insisting that the fate of Spanish rule in the Philippines could in this way be easily decided at Manila.

El Herald is even more energetic in its calls upon the cabinet to "act before it is too late."

The press campaign is evidently intended to exercise pressure upon the government before the reserve fleet at Cadiz receives final instructions, which are hourly expected by Admiral Camara. Reports from the Philippines state that the Spaniards, thanks to the promises of reforms and the energy of the local authorities, have succeeded in checking the propaganda of Aguinaldo, who admits that he has not met with the support which he expected from the natives.
