Stray Aphorisms.

The bore is the man who says more than he thinks.

The bigger fool a man is the better satisfied he seems to be with himself.

The more time a man spends in kicking the less work he accomplishes.

The severest test possible for a man's character is to do good and have someone else get the credit for it.

If every man got every cent he earned and every man earned every cent he got there would be a different distribution of incomes.

That wise provision of nature which deprives a man who travels on his beauty of a round trip ticket prevents a great many homocides.

Don't be discouraged by mistakes. The most successful man in the world would do lots of things differently if they could do them over.

MOTHERS should use Philoderma on their infants, as its soothing and healing properties render it invaluable for chafing. Druggists sell it—25 cents. m1 dw 1m

MONTREAL, March 9.—At one o'clock this morning, while the operators were busily engaged in receiving election returns in the Great Northwestern Telegraph office, the switchboard took fire from some unknown cause. Its destruction demoralized the entire business. The operating room was almost completely wrecked, and the damage will be heavy. A temporary system is being put in working order.

THE only variation in quality which will ever be found in Myrtle Navy tobacco is in the degrees of moisture which it contains. Tobacco is a very ready absorbent of moisture, and in unusual states of the weather it may become a little too moist or a little too dry to suit the taste of some. This is a minor matter, however, as the essential quality of the tobacco is not changed. Its combustion is a little slower or a little faster, according to the degree of moisture, that is all. The darker the plug the greater the moisture, and many prefer the dark In each caddy, however, the preference for fer either can be met.

LONDON, March 9.—A telegram has been received here from the German consulate at Port Said stating that the cook of the German steamer Messina has been landed there. The cook reports that the Messina foundered off Scilly Islands during a gale on February 19th. It is believed the rest of the crew of twenty-five were lost. The Messina sailed from Barry dock on Feb. 18th for Marseilles. The Messina was owned by R. M. Sloman & Co., and hailed from Port Hamburg. A Norwegian steamer arrived from Marseilles yesterday and reported that she passed off the Portuguese coast a quantity of wreckage, on some of which the name of the Messin a appeared.
