

LAW!

By. BILL MAC INTYRE

In view of the present activity of the R.C.M.P. ON the campus of U.P.E.I. by the Charlottetown detachment (raids, sending narcotics agents to house parties, etc.) it is important to review the content of the Narcotic Control Act of Canada. At the present time, the prison term for possession of narcotics can lead or rather range from six months to seven years. Trafficking in narcotics can lead to imprisonment for life. Even the cultivation of opium poppy or marijuana leads to a seven year term in prison.

Under the law, the police can enter your house on literally a "search and destroy" mission without a search warrant (sounds like Vietnam and Quebec). The Narcotic Control Act states: A PEACE OFFICER MAY AT ANY TIME WITHOUT A WARRANT ENTER AND SEARCH ANY PLACE OTHER THAN A DWELLING HOUSE AND UNDER THE AUTHORITY OF A WRIT OF ASSISTANCE OR A WARRANT ISSUED UNDER THIS SECTION, ENTER AND SEARCH ANY DWELLING HOUSE IN WHICH HE REASONABLY BELIEVES THERE IS A NARCOTIC, BY MEANS OF, OR IN RESPECT OF, WHICH, AN OFFENCE UNDER THIS ACT HAS BEEN COMMITTED

A peace officer may at any time search any person found in such place.

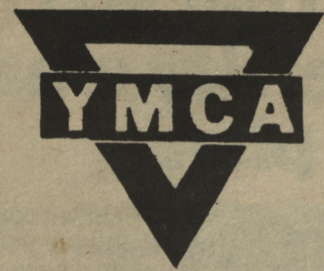

For the purpose of exercising his authority under this section, A PEACE OFFICER MAY, WITH SUCH ASSISTANCE AS HE DEEMS NECESSARY BREAK DOWN ANY DOOR, WINDOW, LOCK, FASTNER, FLOOR, WALL, WINDOW, CEILING, COMPARTMENT, PLUMBING FICTURE, BOX OR ANY OTHER THING.

In short, your residence can be completely destroyed because the narcs suspect you of being in possession of grass (Tsk. Tsk.)

Furthermore, a narcotic addict can be sentenced for an indeterminate period. There is no set prison term. They can keep you as they so desire! (Oink, Oink) The legal definition of an addict is someone who desires to smoke grass! Thus if you smoke grass and like it, and you wouldn't mind doing it again, then you are legally an addict, i.e. if you admit you like it, you are an addict.

It is important for people with past police records or left wing political views (Shit Forbid) to be very careful in the months ahead. People should not feel secure because they are "clean". Attempts should be made to prevent the authorities from planting narcotics in your residence! (they are not above such piggish tactics) — (lock your doors, etc.)

All raids and activities of Narcotics Agents should be reported to the CADRE so that students and others can be made aware of the current situation.
