

Mount Allison Defeats Summerside Aces 4-3

Mount Allison University hockey team won their first victory in the Maritime Senior League at Civic Stadium last night, edging the hapless Aces by the score of 4-3. The Mounties counted twice in the first period while holding the Aces scoreless. They doubled the Aces lone tally in the middle session, and then the Aces coming to life at last in the final period roared back for two tallies to draw within one goal of the college boys, making the last half of the period a thriller with the Aces forcing the play, but the Mount A. boys threw up a barrage of sweep checks at their blue line and managed to hold the driving Aces at bay.

Vansnick opened the scoring at 1:45 picking up a loose puck about fifteen feet in front of the Aces cage, swerving to the left, and finding a chink in Mann's armour between his pads and the goal post. MacIntyre made it 2-0, getting a close-in rebound after a spirited

buzz session around the Aces cage.

Bonny Howatt cut the lead in half at 8:22 of the middle session, drawing Sterling out of the net to nudge the disk over the line. Five minutes later Dickie's shot from right wing deflected off a skate or stick to go behind Mann and make the score 3-1 for the visitors. Maxwell made a neat reflection of Tsonos' shot less than a minute before the period ended, and the Mounties skated off the ice with a safe-looking 4-1 lead.

About half way in the third period Cutcliffe deflected MacArthur's shot past Sterling, and two minutes later Howatt picked his spot for his second goal of the evening to make the score 4-3. The Aces tried hard for the remainder of the game, pulling their goaler with 15 seconds to go, but to no avail.

Green Is Last Hope For U.S.

SYDNEY (AP)—Young Mike Green of Miami, Fla., shouldered Australia's hopes for a successful national tennis tournament Friday along with America's last hope for victory in the Australian championships.

Green, a 20-year-old college student, is the only American left in the tournament. He clashes with Australia's Ashley Cooper in the quarterfinals today and he said he is looking forward to causing a surprise.

Green came here with the U.S. Davis Cup team but didn't get

to play in the international matches. His record in earlier Australian tournaments has been poor.

"I am feeling great," Green said. "I am playing well and I am hoping and thinking that I can cause a surprise Saturday."

Australian officials, disappointed at low attendance for the nationals, hope the Green-Cooper match will finally attract a good crowd at White City Stadium.

Rain Looms For Santa Anita Maturity Today

ARCADIA, Calif. (AP) — A storm moved in Friday and prospects of more than an inch of rain threatened heavy going for the \$100,000-added Santa Anita Maturity today.

As the weather bureau revised its rain prediction upward, it seemed certain all seven entries—including two long shots entered in hope of just such conditions—would go to the post.

The bureau said an inch of rain could be expected in the Los Angeles basin and three to five inches in the Mountains. Santa Anita park lies near the foothills.

Santa Anita officials said the track would be sealed after Friday's racing to protect it.

Probable odds make Kerr Stable's money-winning champion Round Table a 3-5 favorite in the mile and a quarter event for 4-year-olds.

Marlene Stewart Wins 2nd Round

FORT LAUDERDALE, Fla. (CP) — Mrs. Marlene Stewart Strait of Toronto returned to golf-ding's winning ways Friday with a tense, hard-fought extra-hole victory over favored Mrs. Barbara Romack Porter in the second round of the Helen Lee Doherty challenge golf tournament. Both are former U.S. amateur champions.

Methodically laying down putts and iron shots with deadly accuracy, Mrs. Strait defeated Mrs. Porter 1 up on the 19th hole.

She sank a 60-foot putt on the 18th hole and on the extra play chipped to within four feet of the pin for an easy putt and the victory. She led 1 up at the turn.

Mrs. Porter, who won the U.S. Amateur in 1954, dropped a nine-foot putt on the 18th to force extra play, but missed a four-foot putt on the 19th that would have extended the play.

Mrs. Porter has won the medalist honors earlier with women's par 76.

Special Junior Hockey Setup

This year, in order to get Junior Hockey back on the plane it should be on in the Maritimes the CAHA has extended certain concessions to local officials so that they can get together a strong Junior team to represent this Province in Maritime and possibly Canadian playdowns.

Any player of Junior age can be registered under the local team if he has signed a card to play with Royals of Maritime Hockey League, Barry's Flyers of Island League or any other team playing anywhere in the province. In other words, for this year a player if a Junior can play for two registered teams if he wishes and do it legally.

By way of information to players, a Junior under CAHA and MAHA rules is a player who was born after July 31st, 1937. All players in the Charlottetown area are asked particularly to note this idea of getting the Juniors organized. If any others from other centres wish to try with and get in on the plan they will be more than welcome. The Abegweit Club have agreed to sponsor the

DOWN THE BACK STRETCH

One of the most enthusiastic horsemen in Ontario is E. R. Macklin of Burlington. In a very interesting letter he tells of a visit from Dr. A. C. MacLean of New Richmond, Quebec, from whom he bought Laurel Hanover, 1.59 1-4, back in 1940. After four years' service, Laurel left about 35 performers, which is certainly a very fine record.

The Doctor told about visiting our province, and he liked our trotter, Pet Hanover, very much. At present, Mr. Macklin has three

brood mares—Widow Henley, 3, 2.12, dam of Judge Miller, 2.07, that had such a splendid racing career in the Maritimes, and three others with records better than 2.10. She is 22 years old and in foal to Alpha Hal, and she looks like a ten-year-old.

His other brood mares are: Sultane, 2.12, by Oro Grattan, and Majestic Brooke, 2.10 2-5, by His Majesty, 1.59.3-4. Each of these mares are carrying foals from Alpha Hal. Sultane's first colt, (Continued on page 10)

Big Smelts Are Caught They Don't Match Sea Trout

Angling for smelts with rod and line is becoming a favorite late fall and winter sport. It generally gets underway the first week in October and continues until the ice makes or the gravel roads become impassable. I understand some nice catches are being made around our City wharves this month. Smelts weighing half a pound and over and measuring 14 inches and better have been caught at Clifton Bridge, Rustico, Morell, Savage Harbour and other smelting places. Anglers have told me they caught smelts in October and November that aver-

aged 4 to a pound. I have spent many years patrolling the streams in the spring checking on spawning smelts and have never seen a smelt over 8 (Continued on page 7)
