METHUEN'S PLANS ARE MATURING

He is Preparing to Outflank the Boers.

Pilcher's Action Was Part of the Plan

THE BRITISH AT COLESBURG.

Troops and Guns Command the Boer Retreat.

Relief of Kimberly Indicated.—Pilcher only Forty Miles Away.—Ladysmith reported "All Well," but Sickness is Probably Increasing.—The Order for the Despatch of our Second Contingent.

SPECIAL DESPATCH TO THE EXAMINER.

"STEADY" AT LADYSMITH.

LONDON, Jan. 4.—From Ladysmith it is reported that all is well, though this statement must be taken in conjunction with the news of sickness increasing, while the Times correspondent mentions that medical appliances are not abundant.

LORD METHUEN'S PLANS.

LONDON, Jan. 4.—From a source which has many facilities for gaining the inside news from South Africa, a representative of the Associated Press learns that Colonel Pilcher's occupation of Douglass is regarded as merely the first step of General Methuen's carefully matured plans to outflank the Boers.

According to this authority it is probable that Colonel Pilcher, in conjunction with General Buxington's force from Modder River, will proceed to the rear of the intrenchments which now prevent General Methuen from proceeding to Kimberly.

Colonel Pilcher has only about 40 miles to travel before he achieves this end, and if the understanding be correct, an attack by General Methuen and a determined effort to relieve Kimberly may be expected any day.

BRITISH AT COLESBURG.

LONDON, Jan. 4.—A special despatch from Naauwport says: "The British command Norva's Point Bridge with two guns and also command Colesburg.

The Boers have no way of retreat except by way of Stormberg.

CANADIAN TRANSPORTS.

OTTAWA, Jan. 4.—The departmental orders as they affect the transports and the

allotment of troops, issued this afternoon are to the effect that the steamship Montezuma is to carry the first battalion of Mounted Rifles and one field battery of one officer and 20 of the second battalion of Mounted Rifles.

The Laurentian will carry the brigade division staff of artillery and the other two batteries.

The Pomeranian will carry the regimental staff and the second battalion of Mounted Rifles. The total that will be carried on the Montezuma is 566 with 575 horses. The number to transport by the Laurentian is 365 officers and men and 290 horses. The number to be carried by the Pomeranian is 350 officers and men and 290 horses.

The date of the sailing of the Montezuma and Laurentian has been fixed approximately for Thursday the 18th and the Pomeranian for Saturday the 20th.

Broker Arrested.

MONTREAL, January 3.—James Baxter, the well known money broker, was arrested last night on a charge of aiding, comforting and assisting James Herbert, the defaulting teller of the defunct Banque Ville Marie, to escape. Herbert was recently arrested, and the disclosures he made resulted in Baxter's arrest. It is alleged Baxter supplied Herbert with \$12 a week ever since the failure of the bank last July, when Herbert disappeared. It is alleged that the reason for this payment was Herbert's knowledge that some of Baxter's dealings with the bank were not quite straight. Judge Choquette refused to accept bail. The case promises to be a sensational one.

Volunteers Enrolled.

LONDON, Jan. 2.—There was a scene of great popular enthusiasm yesterday morning during the enrollment of the City of London imperial volunteers. The approaches to the Guildhall were thronged with people and barriers had to be erected to keep the crowd back. Lord Mayor Newton made a stirring address to the first 500 volunteers who will leave here on Jan. 13.

A Change.

KINGSTON, Ja., Jan. 3.—A detachment of the West Indian regiment (colored) embarked yesterday to reinforce the Bermuda garrison. It is expected that if the imperial troops in Jamaica go to South Africa Canadian militia will be sent here for garrison duty.

Boer Agent Abroad.

AMSTERDAM, Jan. 2.—Commandant De Ward of the Hollander corps at Pretoria has arrived here. He is intrusted with a mission to Europe on behalf of the Transvaal. He refuses to give any information as to the object of his mission, but it is believed he is here to make purchases.

Two French-Canadian Views

"The Canadian people have been thrown together here. They are all subjects of the same Empire. Let them work together for the prosperity of that Empire, and of Canada."—Mr. Bergeron, (Con.)

"I am not in favor of spending a cent to knit closer the bonds which unite us to Great Britain. We have hardly anything in common with the old continent. I am a Canadian, and my ideal is to see Canada take rank among the independent nations as soon as she is sufficiently developed."—Mr. Monet (Lib.)

"The empire is engaged in one of the most disastrous wars that England has waged for the last two hundred years. It has been said that she is right in fighting the Boers. I will go further, and say that I will not enquire whether she is right or wrong. All I know is that when the Mother Country is engaged in a fight, it is the duty of a son, if he has any heart in his breast, to give his assistance."—Mr. Bergeron (Con.)

"Canada has taken sides in a war that is cruel, unjust and oppressive. Canadians are asked for their contribution in one of the most murderous wars of the century. Canada has nothing to do with that war. For my part, I am opposed to any contribution to the wars of the Empire outside of Canada, and I will oppose any such contribution in the House at the next session, if I am still a member."—Mr. Monet (Lib.)

Sports at the Front.

MODDER RIVER, Jan. 2.—There are twenty cases of enteric fever in the hospital here. Among the patients are some of the troops who were inoculated against the disease on the voyage out from England. A programme of sports began yesterday afternoon. Gen. Methuen donated two silver cups to be contested for by inter-regimental cricket and football teams.

The Plague Again.

BOMBAY, Jan. 2.—Bombay again is in the midst of a violent plague epidemic, the extent of which it is yet difficult to ascertain. The number of deaths from all causes returned during the past week is 1,700. Of these 300 are declared to be due to the bubonic plague, but the pest mortality obviously is underestimated.

A Friendly Offer.

HALIFAX, Jan. 3.—J. W. G. Morrison, a Dalhousie college student, who has been on a visit to Boston and just back, conveys an offer to Col. Irving to raise a company of one hundred men in that city to be attached to the Canadian contingent.
