

As Things Were in '77.

(From the Toronto Globe, Aug. 31, 1877.)

"The state and prospects of the poor in some of our larger cities are such as to awaken deep anxiety. Montreal seems about the worst in this respect. In that city there are at present five thousand persons out of employment. This means that nearly twenty thousand of the population, or one-sixth, are not providing for present necessities, and can therefore do nothing against the demands of the coming winter. To provide for these in the ordinary way of charity does not help them in the smallest degree to help themselves."

A Canadian Speaks.

"When anything worth saying is spoken in that terse and pointed way, that bears the impress of honest conviction, we like to have people know the nature of the communication. Of such a nature is the following from Mr. W. F. Haist, Cameron P. O. L. Co., Ontario. Mr. Haist says: With great joy over my restored health, I would write a few lines concerning that wonderful remedy, St. Jacobs Oil. For the last six years I have been using various medicines internally and externally, but nothing would help me. Finally I procured a bottle of St. Jacobs Oil, which cured me after a few applications. My mother-in-law, who has also been a great sufferer from rheumatism, was also instantly relieved by the use of the Great German Remedy. St. Jacobs Oil is a great blessing to suffering humanity, and I shall do all in my power to spread its merits."

"It will be remembered that some weeks ago in antiq. L. of Her Majesty's Birthday, an address signed by thousands of women of the Dominion, expressing their loyalty to her as a Queen, their admiration for her as a sister woman, and their thankfulness that a Divine Providence still left her ruler of the British Empire, was transmitted to Her Majesty. Mrs. Blacklock, President of the Women of Canada's Address Committee, at Montreal, has received through His Excellency the Governor General the following reply: 'I have received with feelings of the sincerest gratification, the loyal and affectionate address which you have presented to me from the women of Canada. I wish that you would convey to the signers of that address my heartfelt thanks for the cordial and friendly expressions they have used towards me and to assure the women of the Dominion, of my earnest desire to promote their happiness and welfare.' (Signed,) VICTORIA REGINA, Buckingham Palace."

HOW TO MARK THE BALLOTS.

Be sure and mark your ballot for the Liberal Conservative Candidates.
 "The elector, on receiving the ballot-paper, shall forthwith proceed into one of the compartments of the polling station, and there mark his ballot-paper, making a cross with a pencil on any part of the ballot-paper within the division (or if there are more than one to be elected, within the divisions) containing the name (or names) of the candidate (or candidates) for whom he intends to vote, and shall then fold up such ballot-paper, so that the initials on the back can be seen without opening it, and hand it to the Deputy Returning Officer, who shall, without unfolding it, ascertain, by examining the initials, and the number upon the counterfoil, that it is the same he furnished to the elector, and shall first detach and destroy the counterfoil, and shall then immediately, and in the presence of the elector, place the ballot-paper in the ballot-box."—Ballot Act, Sec. 45.
 No voters should make any mark on the ballot paper save one cross on any part of the ballot paper within the division containing the candidates name for whom he intends to vote. If the voter writes his name or initials or any remarks, he makes his ballot useless.
 A simple cross upon the ballot for your candidates will assist in electing them. Any other mark or writing will contribute to their defeat.
 1. Poll opens at nine o'clock, a. m., and closes at five o'clock, p. m.
 2. Vote early.
 3. See that your Liberal-Conservative neighbor votes early also.
 4. If you have a vehicle, place it at the service of your Committee to bring tardy voters to the polls. Give the information to the Secretary of Committee.
 5. Do not "pair" on polling day with your Grit neighbor. Poll your own vote and let him look out for his.
 6. Poll every possible vote; the loss or gain of a single vote in each sub-division may make all the difference between victory and defeat.
 7. If your returning-officers and deputy returning-officers are Grits watch them.
 8. Each Liberal-Conservative should vote as though the result of the election depended upon his individual exertions.
 9. Remember that any bribery, corrupt treating, hiring of vehicles, paying of voters expenses, or any undue influence will not only void the election, but is punishable by law.
 10. Electors can only vote at one polling sub-division in the same electoral division, no matter in how many sub-divisions they may have votes; but a voter who has a vote in other counties can legally vote there.
 11. Any elector's vote may be challenged if he has received anything on account of his vote, or has been promised anything directly or indirectly, either to induce him to vote at the election or for loss of time, travelling expenses, hire of teams, or any other service connected therewith; or even if the said elector has directly or indirectly paid or promised anything to any person, either to induce him to vote or to refrain from voting at the election.
 12. Every elector who has a vote in either

Counties should arrange (even if he has to leave for one of the points on the previous day) to vote in as many as it is possible for him to do.

13. An elector having more votes than one in the same electoral district should vote in that electoral sub-division in which he resides. Attention to this rule will facilitate the polling and possibly contribute to the individual elector's comfort.
