NEW YORK STOCKS

NEW YORK (AP) - The stock market's journey into new highs for 1957 ground to at least a temporary halt Tuesday. But it was a reluctant halt and the grinding of gears seemed to signify there was plenty of excess power in the engine.
Oils, some aircraft and other selected issues charged ahead late in the day and almost succeeded in pushing the average another step forward. But the rally came too late and the final statistics were on the downside.
The Associated Press average of 90 stocks edged off by 18 cents to \$18.60 with the industrials down 20 cents, the rails down 20 cents and the utilities up 10 cents, enough to post a new 1957 high for this group.
Canadian stocks on the New York exchange followed the generally mixed trend. Walker-Good-
