NEWS BY TELEGRAPH.

THE SITUATION.

From the Daily Patriot.

VIENNA, April 25.

A fresh difficulty has now occurred. Russia wishes to make a stipulation that in the case of war being declared after the troops have withdrawn to Adrianople, they shall be allowed six days in which to return. England, however, does not feel at all disposed to accede to this, and proposes that three days be granted. Neither of the two Powers seems disposed to give way in this matter.

A fresh outbreak in Romania has decided Austria to consider a means of defence.

The occupation of Bosnia is considered advisable on military grounds, although it is not by any means certain that this measure will be adopted.

SAN STEFANO, April 25.

The Mussulman insurrection is spreading rapidly and promises to become a very serious affair. It is now extending all along the eastern valley of the River Arda and its tributaries.

ST. PETERSBURG, April 25.

Gortschakoff has been confined to his bed by illness since Monday last, and serious apprehensions concerning him are beginning to be felt.

Despite the sensational announcements that war is inevitable, advices from all authentic sources merely show that the negotiations regarding a Congress, and the withdrawal of the British fleet and Russian troops from Constantinople, still continue, although they have as yet led to no result.

It is considered very unfortunate that Bismarck and Gortschakoff should both fall ill at this juncture.

In the uncertainty of the poor parlors the Russians are doing their best to strengthen their position, and advices from various cities corroborate each other in stating that there are considerable movements of troops towards Constantinople and Gallipoli.

Grit Honesty.

THE Grit press seems to be about the same all over the Dominion. We find the following instance of Grit honesty in the last Mail:—

"It will be in the recollection of the reader that a very material portion of the explanations made in the Quebec Legislature, was suppressed in all the leading Government papers. They are at the work of falsification again. The Ottawa Free Press, the London Advertiser, and Montreal Herald deliberately change the text of Lieut. Governor Letellier's memorial to the Governor General by causing him to state that the De Boucherville Government 'resigned.' The London Advertiser, in giving Mr. Letellier's 'ten reasons,' changes the word 'dismissal' in paragraphs 7, 8 and 9 into 'resignation.' The Montreal Herald does the same thing, and the Free Press of this city sins in the same direction. No lower style of political warfare could be conceived."

The Business Failures.

The quarterly circular of Messrs. Dun, Wiman & Co., shows a rather unfavorable opening of the year in Canada and the United States. The number of failures in the Dominion in the first three months of 1878 was 555, with liabilities of \$9,100,929, against 572 failures with liabilities of \$7,576,511 in 1877, and 447 failures with liabilities of \$7,417,238 in 1876. Of the 555 failures in the Dominion during the quarter, 198 occurred in the Province of Quebec and 117 in the city of Montreal. The liabilities of the traders who failed in Montreal were \$3,112,424, or about one-third of the total liabilities. The number of failures in the United States in the first quarter of the present year was 3,355, with liabilities of \$82,078,826, against 2,859, with liabilities of \$54,538,070 in 1877, and 2,806, with liabilities of \$64,644,156 in 1876. Commenting on this showing, Messrs. Dun, Wiman & Co. say:—

"We regret that it is not more encouraging in its aspect; but it should be remembered that we have passed through an exceptional winter, probably the worst that has been experienced in its effect upon the general retail trade of the country during the past twenty years. The results anticipated from the abundant crop have not been realized, and stocks purchased to supply wants have been absolutely unsaleable, and, moreover, have had of necessity to be sacrificed. The shrinkage of resources during the past six months has undoubtedly, in the aggregate, been enormous, and has contributed to swell the figures of the failures for the past quarter."

AND so Mr. Coffin is going out of the Ottawa Cabinet and Mr. Killam going in. What changes have taken place in Mr. McKenzie's Council since 1874. There have been four Ministers of Justice—Messrs. Dorian, Fournier, Blake and Laflamme; five Ministers of Inland Revenue—Messrs. Fournier, Geoffrion, Cauchon, Laflamme and Laurier; three Presidents of the Council—Messrs. Cauchon, Huntington, and Blake; three Postmaster-Generals—Messrs. Macdonald, Fournier and Huntington; three Ministers of Militia—Messrs. Ross, Vail and Jones; two Secretaries of State—Messrs. Christie and Scott, and two Ministers of the Interior—Messrs. Laird and Mills. It is a Government of numerous changes and big deficits.—Mail.

In consequence of the remonstrances of the Great Powers, the Egyptian Government has paid \$550,000, the amount of judgments obtained against it in tribunals by creditors.

The Emperor Wilhelm, it is said, has postponed his proposed visit to Wiesbaden, in view of a possible meeting of the Congress at Berlin.

A rumor is current at Halifax, N. S., that Hon. P. C. Hill, Provincial Secretary, is to succeed Lieutenant Governor Archibald at the expiration of his term.

A heavy gale is reported along the northern coast of Spain. Numerous fishing vessels have been lost, and over a hundred and fifty fishermen drowned.

Intelligence from the Mexican border states that an insurrection against the Diaz Government is gradually ripening, and that efforts are being made to revive the troubles on the Rio Grande.

The United States Government has paid \$28,000,000 of Southern claims since the close of the war.

The State authorities of Georgia have just sold their prison labor for \$25,000 annually. The contract extends over twenty years.

New York hotels are paying \$3 per ton for ice. This twenty per cent. above last year's rates, and a further increase is expected.

The Society of Refugees of the Commune in New York had a banquet on Good Friday night for the purpose of showing their contempt for the religious observances of the Christian Church.

The quantity of grain in the elevators at Toronto at present, counting the flour as grain, is 637,000 bushels, against 284,650 bushels at the same date last year, an increase of 352,350 bushels.

Sam Steenburgh, a negro who confessed to fourteen murders, was hanged at Florida, N. Y., on Friday last, in the presence of 1,600 people. On the same day Robt. McEvoy, a white man with one leg, suffered death on the gallows at Augusta, Ga.

The Grand Trunk Railway report is published. The result of the half year's operations shows a net revenue of £256,000, against £177,000 for corresponding half of last year, with extra charges for repairs and renewals of the road and rolling stock of £66,000.

James V. Whitebeck a few days ago paid \$400 for attempting to kiss Mrs. J. Mead, of Albany. He had previously paid \$5 and \$10 for similar offences, and the Judge concluded it was time this extraordinary amatory propensity was repressed.

Theodore Tilton says that Mrs. Tilton's card was a surprise to him; that he had no agency in its origin; that there have been no overtures for a family reunion; that he is going alone to Europe, and that this is the first and last statement he will make on the subject.

A very ingenious instrument has been invented and placed in the Royal Observatory at Greenwich, which will record the number of hours' sunshine during any required period of time. The trouble is that there is so little sunshine that the machine has hardly anything to do.

At Mill Run, New Jersey, the other day, a young man named Fletcher was found dead under peculiar circumstances. He was sitting at the edge of the stream whittling out boats for two little children, when he was taken with a fit, fell forward upon his face, and was suffocated in water two inches deep.

The prorogation of Parliament can scarcely be delayed, we should suppose, much longer. The busy spring has fully opened, and members of Parliament generally, yet remaining at Ottawa, must be getting anxious to return to their respective homes and private business affairs. There is considerable work yet, however, on hand in the House—several Government and a number of private measures. Most of these will evidently have to be dropped. Less talk would have given a fair show of work as the result of the session.

AN AGED NOVA SCOTIAN.—The Toronto "Globe" states that the 87th birth-day of Mr. Adam Bowlby, of Waterford, was celebrated at the residence of his son, Mr. W. H. Bowlby, Berlin, Ontario, on the 29th ult. Mr. Bowlby was born in Annapolis County, Nova Scotia, on the 29th of March, 1792, and served in the war of 1812 as an officer in the militia company commanded by his father, stationed as a coast guard to prevent the landing of privateers on the coast of Nova Scotia bordering on the Bay of Fundy, and consequently he is one of the participants in the recent grant of the Dominion Parliament to the veterans of 1812. Mr. Bowlby settled in 1815 in the County of Norfolk, in Upper Canada, and acquired a large landed property in that County, where he continued to reside until a couple of years ago, when he went to Berlin, and since then has resided with his son, the County Crown Attorney. The old gentleman is hale and hearty, and very active on foot for one of his great age. Mr. Bowlby has numerous relatives living in Annapolis County and other parts of Nova Scotia.
